GOVERNOR WOULD NOT ALLOW JUDGE CARTER TO PRESIDE

Craig Willing To Change Buncombe County Civil Court Into Criminal Term But— There's A Reason

Raleigh, Nov. 28.—Governor Craig being importuned tonight by newspaper men for a statement concerning the complications that have arisen in the matter of a special criminal term of court wanted in Asheville to try certain defendants charged with violation of the prohibition law in the sensational crusade in progress against alleged liquor sellers, said:

"Some time ago a special term of civil court was ordered for Buncombe county at the request of the chairman of the board of county commissioners. Judge Carter was assigned to hold this special term. On yesterday I received a petition signed by the board of county commissioners, the solicitor and some other citizens, requesting me to substitute a special criminal term of the special civil term December 15 and to designate Judge Carter to hold this special criminal term. I replied to the chairman that I would gladly comply with his request and order a substitution of a criminal for the civil term, but under the conditions I would not designate Judge Carter to hold this special criminal term. "The facts that move me to decline to designate Judge Carter to hold this criminal term are as follows:

"At a recent term of criminal court in Asheville, held by Judge Carter, he ordered the grand jury to investigate alleged violations of the prohibition law. The grand jury did not make this investigation, or at least did not report any investigation to the court. Judge Carter then announced, according to newspaper reports, that he would make investigation himself and decided to sit as a committing magistrate with the view of binding over to the court having jurisdiction any alleged offenders against the prohibition law against whom he might find sufficient evidence.

"He has made a thorough and searching investigation into all alleged violations of the law and has bound over certain persons charged with such violations. The purpose of the special criminal term asked for was to try the defendants whom Judge Carter has held sitting as a committing magistrate. "Under these facts it would be manifestly not in accordance with our conception of the impartial administration of justice to designate Judge Carter to hold this court. I told the chairman of the Buncombe commissioners, that I could furnish him almost any other judge in the State to hold this special criminal term.

"Today I received telegrams from Judge Carter, Chairman Reynolds and Solicitor Reynolds, requesting that I allow the special civil term to stand as originally ordered. This will be done in accordance with their request.

NEW BERN LADIES WILL SELL RED CROSS SEALS

WILL AID IN THE FIGHT AGAINST THE DEADLY "WHITE PLAGUE."

Perhaps the most notable betterment work organized in the United States is that of the Red Cross Seal Commission, extending throughout the length and breadth of the land. Their efforts for the stamping out of the "Great White Plague"—tuberculosis—is bringing undreamed of success. Hardly a city, town or hamlet but has heard the call and is taking up the great fight under the direction of the States division. The widespread of Christmas seals is a part that no individual is too engrossed but that can help along either in the selling or buying of these seals. We have all heard of and seen these seals, but this year each and every one is asked to use the seals and so in a small way do a part.

The work in New Bern has not, as yet, been organized, but a beginning has been made under the direction of Mrs. H. B. Marks, assisted by Miss Jane Stewart. The following ladies met at the home of Mrs. H. B. Marks on Friday morning and mapped out a great campaign. Miss Jane Stewart, Madams M. M. Marks, Win. Dunn, Jr., R. N. Duff, A. J. Mitchell, N. H. Street, Chas. Thomas, Thos. Ives Pett,

MANY OFFENDERS FACED THE MAYOR YESTERDAY

CITY'S CHIEF EXECUTIVE DISPENSES JUDGMENT TO THE EVIL DOERS.

Owing to the fact that there was no session of police court Thanksgiving Day, Mayor Bangert had quite a large docket yesterday afternoon.

Jim Namer was charged with riding a bicycle at night without a light, and was taxed with the costs of the case.

RAILROAD PRESIDENT ILL.

Nashville, Tenn., Nov. 28.—That John W. Thoma, Jr., president of the Nashville, Chattanooga and St. Louis railway, who several days ago suffered an attack of plural pneumonia, has been critically become known here today. Physicians tonight, however, said that he has shown much improvement in the last few hours and is now practically out of danger.

Chas. Emmert, W. P. M. Bryan, D. F. Jarvis, Monroe Howell, Jesse Claypole and B. E. Moore. Other ladies who were prevented being with us at this time have signified their willingness to co-operate. The business part of the city has been divided and a committee appointed to visit every commercial house and sell the seals. Besides this, the seals will be on sale at every drug store, post office and church bazaar, so that no one can say they have not had opportunity to buy.

Remember that the proceeds from the sale of these seals goes directly for the fight against tuberculosis, and when the work is thoroughly organized, 15 per cent. of the proceeds may be kept at home for work in our own midst, which work can be either educational, preventive or for actual relief of some suffering patient, the remaining 25 per cent. is divided between the state and National work.

ROBERT JONES WAIVES PRELIMINARY HEARING

ALLEGED TURKEY THIEF SENT OVER TO THE HIGH-COURT.

Robert Jones, the young white man who is alleged to have stolen a turkey from the coop of B. B. Davenport at an early hour Thursday morning and who was discovered by special officer Albert Ipoek and placed under arrest, was arraigned before Mayor Bangert yesterday afternoon for a preliminary hearing. The defendant waived examination and was bound over to the next term of Superior Court under a bond of fifty dollars.

But for the fact that special officer Albert Ipoek was "on the job" in the wee small hours Thursday morning, Mr. Davenport would have doubtless been minus a nice, large turkey and Jones might not have been nabbed.

THE CADILLAC BREAKS PRODUCTION RECORDS

TWO THOUSAND AND SIXTEEN CARS MADE DURING OCTOBER.

Two thousand and sixteen 1914 Cadillacs were manufactured and shipped during the month of October, 1913. Out of this number—an output considered extraordinary for high grade automobiles—1,828 were of the open body styles and 188 were closed cars, all types of Cadillacs being represented. The retail selling value of these cars is \$4,246,425.

"Two thousand and sixteen Cadillacacs," says E. C. Howard, sales manager of the Cadillac Motor Car Company, "represents the largest month's output of a single make of high grade cars in the history of the industry. It is, moreover, greater than the shipments of all the other Detroit-made cars combined, selling at or above the Cadillac price. I think anyone will pardon me in saying that this is an unparalleled endorsement of the 1914 Cadillac. It is also significant in that it indicates the extent to which the motor-buying public recognizes the advanced principles of Cadillac construction."

The Hyman Supply Company of this city are the agents for the famous Cadillac automobiles in Eastern North Carolina and during the last week have delivered new machines to J. L. Lilly, of Ayden; Charles Coplon, of this city; R. W. Taylor of Morehead City, and M. O. Blount, of Bethel.

Mr. T. G. Hyman told a Journal reporter yesterday that it was no trouble for his firm to sell this well known car, but the main disadvantage was in getting the machines for delivery after they had been sold, the factory being unable to supply the demand.

Miss Cassie Bennett has returned from Pamlico county where she spent Thanksgiving Day with relatives.

ON TO CHIHUAHUA IS NEW SLOGAN

Flushed With Victory Villa Expects To Move From Juarez.

WILL LEAVE THERE TODAY

Plan Of Attack Has Been Outlined To Strike From The North.

El Paso, Texas, Nov. 8.—"On to Chihuahua!" is the newest slogan of constitutionalist army in Juarez, General Pancho Villa's rebel army of 6,000 men flushed with their recent victory near Juarez over the federal army of Chihuahua, will move out of Juarez against Chihuahua City today or Saturday at the latest, according to announcement made this morning by the rebel leader himself. One thousand men under the command of General Aguirre Benavides will be left to Garrison Juarez.

"If I do not hear by tonight that the enemy is again coming northward, I will send my army against the state capital immediately," said General Villa. "I believe that the federals who were defeated Tuesday before Juarez, have by this time reached Chihuahua, but it is not impossible that, hemmed in as they are, they will make another silly northward."

"In case this happens, my army will be leaving here by tonight to meet the enemy. If the Huertistas have not come north by tomorrow night I will move against the capital and this time we will not relinquish the siege until the city is in our hands."

"This time the fight will be brief, I believe. With the artillery we have captured from the federals, it will be a comparatively easy matter to hammer their fortifications in the capital to pieces. If they choose to come outside the city to fight us, the task will be all the more simple, for it has been demonstrated what my men can do to them in the open field. What we will do when Chihuahua is ours is too far in the future today. The way to the City of Mexico will be more open than ever before, will it not?"

Overland and by train General Villa's troops will depart from Juarez. The problem of sufficient rolling stock to carry his forces has been greatly lessened by the capture of four federal trains in the recent three day battle, below the border.

Chihuahua will be assaulted from three directions, according to the rebel commander-in-chief, providing the federals remain the city. Colonel Julio Acosta's column of 800 men, now operating in the Guerrero district of Western Chihuahua, will move on the capital by way of the Mexican Northwestern railroad, striking the city from the west.

Villa's army will strike from the North, while 2,000 rebels under General Manuel Caho, who are located around Santa Rosalie, will move up from the South. It is estimated that nearly 10,000 men can be concentrated by the Chihuahua rebel chieftain for the siege of the capital.

The first money being issued by the rebels resulted in Juarez being closed tight as a drum today. The merchants refuse absolutely to accept, and shut up their places of business. Villa threatens to break in their doors and confiscate their stocks. Juarez merchants, who refuse to accept the currency, will be fined 500 pesos according to printed circulars issued this morning by Colonel Juan N. Medina, rebel garrison commander in Juarez.

The refusal last night of a Juarez gambling house employe to accept a 50 peso bill issued by the constitutionalist bank and tendered by a rebel officer, Lieutenant F. Casares, cost the life of Casares and another rebel soldier. A city patrolman shot Casares, the bullet tearing away his lower jaw and causing a wound from which he died several hours later. A rebel soldier from Casares' command, who attempted to avenge the shooting of his chief, was killed by a bullet from the patrolman's revolver a few minutes after the shooting of the lieutenant.

PICTURES.

"The Water Rat."

A two reel feature drama, in which evil finds itself out and comes to a bad end. Prof. Locksley, known to the underworld of England, as "the hypnotic detective" figures potently in "The Water Rat" one of the most remarkable melodramas of photography that the current day has developed. The mystery is well sustained, the sentiment ably handled and the suspense tremendous. It also has unique value in a pictorial way. Be sure to see this great two reel feature.

"Poker Paid."

A roaring Lubin comedy.

RAISE STANDARD OF TEACHING

President Reynolds Addresses Instructors On Timely Subjects.

MUST BE HIGH REQUIREMENTS

Argued For An Advancement In The Compensation Of Teachers.

Raleigh, Nov. 28. Members of the Teachers' Assembly and a vast audience of citizens generally, heard with great pleasure and approval the annual address of President A. C. Reynolds of the assembly tonight on "A Professional Body of Teachers and How to Secure and Retain Such a Body."

He insisted that there must be such high and uniform requirements for entering upon this work and protection of those engaged in it, in order to induce men and women of proper capacity and training to take up the work as a life profession instead of as a stepping stone to some thing else. The home, the school and special training best calculated to develop teachers really worth while, were treated forcibly, the speaker declaring that none should teach except those who really inspire in children a desire for knowledge and who have a personality that will command respect, along with nobility of character.

He said the present system of examining and licensing high school teachers has provided a nucleus on which to build an efficient professional organization of teachers. The State Department of Education has already prepared to be pressed upon the next Legislature for enactment of a bill for bringing teaching up to a professional standing. The bill will give opportunity for those now in the service who are deficient to bring themselves up to the required standard, those failing to qualify in proper time to be eliminated from teaching service.

Along with raising the standards of equipment there must, he argued, be advancement in compensation to attract and hold the best men and women.

There was also tonight an address by Prof. William Heard Kilpatrick, of the chair of the education of the Teachers' College, Columbia University, on the "Montessori System Examined." This was of keen professional interest to the teachers.

NEW BERN FAST GAINING A REPUTATION.

The fact that New Bern is fast gaining a reputation as an up-to-date amusement center is evidenced by the fact that the "Billboard," the largest and oldest magazine in the universe devoted exclusively to the profession of everything that pertains to the theatres, parks, fairs, moving pictures, etc., has instructed its correspondent here, Joseph R. Nelson, to make weekly reports to that paper of the attractions and happenings in the city.

SPECIAL SERVICE SUNDAY AT THE TABERHACLE

REV. J. B. PHILLIPS EXTENDS CORDIAL INVITATION TO ALL TO ATTEND.

Rev. J. B. Phillips will preach the second sermon in the series at the Tabernacle tomorrow morning.

The subject being discussed each Sunday morning during the remainder of this year is "The Mark of Christ on Calvary." Last Sunday morning was the first of the series and Mr. Phillips spoke on "Salvation by the Blood." The subject for tomorrow is "The Cross—Today" (or power to live above sin today by the mark of Christ on Calvary.) These sermons will prove helpful to all but Mr. Phillips is specially anxious for his own people to hear each sermon. The congregation will meet at 7 p. m. instead of 7:30 as usual, and after a short service, will go in a body to hear Dr. Hurley's farewell sermon at the Methodist church.

The public is cordially invited to these services and strangers will be given a warm welcome.

The easiest way to catch a flirt is not to try.
