EPOCH MAKING REMEDY MADE BY DR. JOHN D. BEAR.

His Emulsion Was Tested Four Year Before It Was Put on the Market. Testimonials.

A wonderful remedy has been discovered by Dr. John D. Bear of Virginia. There are testimonials after testimonials given by people who have used this remedy and all say it has proven to be a grand success. It was experimented with for four years before being put on the market, during that time it effected some great cures. We believe it has come to stay and be used as a remedy. Everyone can rely on it to help stamp out the ravages of the consumption germ. If this remedy continues to meet with such success it will be a great thing for our country, as the State of Virginia alone lost 5,000 people last year from consumption, and 2,000 are reported to have it now. It was found out yesterday that have ordered a shipment of this great remedy. We congratulate our druggist on being so prompt.

THICK, GLOSSY HAIR FREE FROM DANDRUFF.

Girls! Beautify your hair! Makes soft, fluffy and luxuriant—Try the moist cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy just moisten a cloth with danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance—the beauty and shimmer of true-hair health.

Get a 25c. bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.
