Miss Isaac Wetherington, of Clarks, spent yesterday in this city.

Miss Lila Taylor returned last night from Riverdale.

Misses Carol Hughes and Lou Mitchell Nixon spent yesterday at Tuscarora.

MUSIC CLUB MEETS.

Delightful Evening With Mrs. Hanks.

The Music Club met at the home of Mrs. Don Hanks, on Pollock street, which was beautifully decorated with violets, hyacinths and ferns. The hostesses of the afternoon were Mesdames Don Hanks, Clyde Eby and Nelson Angel.

The program for the afternoon consisted of Scottish selections, the opening number being "Blue Bells of Scotland," which was sung in a most pleasing manner by the Club, Miss Mina Basnight, following with the instrumentalsolo, "Bonnie Dundee" which called forth repeated applause. Mrs. Herbert Lupton, third on the program, sang "The Lass with the delicate air," which charmed all, which was followed by a quartette "Goldblodjchen," R. Eilenberg, rendered by Professor and Mrs. Bourdelais, and the Misses Wyatt and Folsom, all of whom displayed their musical talent beyond comment.

Professor Bourdelais, closed the musical program of the afternoon, by rendering an instrumental solo that was an inspiration for the lovers of music, and this can be appreciated by all who have been fortunate in hearing the Professor perform.

A most interesting reading of "To a Mountain Daisy," by Robert Burns, was given by Miss McWhorter, which was thoroughly enjoyed by all.

A most delicious and refreshing ice course was served, and after discussing the future plans of the club, all the members voted the afternoon to be one of the most enjoyable of the season.

Those present were: Mesdames J. M. Aberly, Blandford, John Carraway, Garrison Farrow, Sam Dill, Jr., J. P. C. Davis, C. M. Dockham, Henry Henderson, Charlie Hall, J. L. Hartsfield, D. E. Henderson, Herbert Lupton, W. M. Pinnix, Misses Nina Basnight, Eula Cole, Bessie Hawk, Maud Hurley, Mammie Weeks, Nancy Watson, Jessie Wyatt, Miss McWhorter, Professor and

Mrs. Bourdelais. The guests of the club were Mesdames Charles Ellison, L. C. Tolson, L. H. Cutler, Jr., Allie Cook, Misses Lucy Jarmon of Jacksonville and Miss Lavina Folsom.

SKATING CARNIVAL WAS HELD LAST NIGHT

GHEENT PARK CASINO THRONGED WITH MERRYMAKERS.

Those who did not attend the masque skating ball at Ghent Park last night missed a rare treat. It has been a long while since an event of this kind was held in New Bern and when it became known that the ball was to be held, all those skaters who have, in the past, enjoyed many pleasant hours, limbered up and went out to participate in the fun.

Some of the costumes were excellent and drew forth many commendable remarks from the audience. There was some fancy skating also and of course several who are yet in the first stage of learning the art of skating took some mighty hard bumps.

Owen G. Dunn, of the afternoon paper, and H. K. Land, of the Journal, had been selected for the judges of the best costumes and the following were the prize winners, Mrs. John Palmer, Elizabeth Sparrow, Charles Sutton and John Kilpatrick.

We are now in our New Store 128 Middle street. A. T. Willis, Co., "The Shop That's Different."

MISS STEWART LEAVES HOSPITAL.

Miss Stewart of the faculty of the Craven county Farm Life School, who has been undergoing treatment at Fairview sanatorium for injuries received a few weeks ago, has recovered sufficiently to be discharged from that institution.

PINE LUMBER COMPANY MAKING IMPROVEMENTS

NEW BAND SAW MILL TO BE ADDED TO THEIR PLANT.

The Pine Lumber Company, one of New Bern's progressive manufacturing plants, is planning to make extensive changes and improvements at their plant which will enable them to practically double their output.

A new band saw mill is to be added and in order that the work on this will not be interrupted the plant has been closed down for a week or two. Operations will be resumed as soon as the new plant is in readiness for operation.

The Pine Lumber Company is one of the most progressive manufacturing enterprises in the city and is enjoying a patronage which is indeed gratifying.

MISS BOWMAN IS IMPROVING.

The condition of Miss Alice Bowman who has been undergoing treatment at Fairview Sanatorium, was much improved yesterday and her early recovery is anticipated.

Have you heard what we are selling? Solid Gold Elgin Watches. Baxter, the Jeweler, will tell you.

SOUTH SEA SISTERS LACKING IN BEAUTY

WIFE HUNTERS WARNED TO PASS UP EASTER ISLAND.

San Francisco, Jan. 30.—"Let nobody looking for a native wife and an easy life in the South seas go to Easter Island." This is the advice of seven seafarers, the last of the castaway crew of the abandoned schooner El Dorado, who arrived here today.

With one voice the seven proclaimed they were not married; that nothing could have induced them to marry an Easter Islander and that the only reason they did not leave sooner was that they believed they would be picked up by a passing vessel if they stayed, whereas, they might have been lost in an open boat.

The women of Easter Island, they said, are anything but beautiful.

The seven castaways were picked up by the British steamer Knight-of-the-Garter, after spending nearly six months on the island. There is now, they said, but one white man on the island, the British governor, who treated them with great consideration.

We are now in our new store, 128 Middle street. A. T. Willis Co., "The Shop That's Different."

Changeable Climate

IS A CONSTANT THREAT TO THE HEALTH OF THE PEOPLE.

Dr. Hartman, of Columbus, Ohio, discusses an important health topic. He says:

Yes, it is the climate, not the germs, that we have to fear in this country. The germs are present, to be sure, and are of some significance in diagnosis. Climate, a changeable climate, is the true cause of disease. The atmospheric pressure varies, the humidity of the atmosphere changes. Every day the temperature rises and falls. All this presents to the body very great trials to adjust to.

The area of high pressure forms in the northwest. Moves rapidly southeast, subjecting millions of our population to its influence. The result is, thousands upon thousands of people catch cold. A small per cent. of these thousands do not get well of their cold. It goes into pneumonia, or chronic catarrh, or bronchitis, or laryngitis, or pleurisy.

Now, what I am getting at is this. These climatic changes are inevitable. No one can prevent them. The very best we can do is to prepare for them, defend ourselves against them.

Good health is the best preventive. The very best, vigorous health, with excess vitality, this is Nature's own preventive and protection.

We do not all have this, however. Some of us must have assistance. The assistance that I use for myself, would recommend for my friends to use, my neighbors and my countrymen, is Pe-ru-na. Keep Pe-ru-na in the house.

If the children indicate they are catching cold, give them Pe-ru-na.

If the parents, the grandfather or grandmother, present those symptoms that are so well known which precede a cold, a few doses of Pe-ru-na and the deed is done.

Some people are very subject to colds. Others who have weak lungs and are timid about our winter weather, take Pe-ru-na off and on during the whole winter season. The plan is a good one. The medicine is inexpensive. It does no possible harm to the system. It keeps the appetite regular and keen. It assists digestion and helps the user through the inclement weather of winter.

the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

JOHN H. FISHER, Cashier, Subscribed and sworn to before me, this 28th day of January, 1914.

J. M. HARRISON, Notary Public. Commission expires March 17, 1915.
