He was a brother of Dr. John E. Mathews of Wilmington, and an uncle of Assistant United States Attorney Ernest M. Green of this city, who are the only relatives of Mr. Mathews now living in North Carolina.

His death followed the shock of the death of a young son by his last wife, accidentally falling from a Derrick in the Sand Lake oil fields.

CHICAGO, April 24.—Warren S. Stone, grand chief engineer of the Brotherhood of Locomotive Engineers, has sent a telegram to President Wilson offering to furnish engineers, familiar with Mexican railroads, to handle all wood trains at the front.

Four hundred engineers have volunteered to operate troop trains for the United States throughout Mexico should war be declared, according to an announcement by Mr. Stone. The men were formerly employed by the Mexican National Railway, but were discharged when natives set up the cry "Mexico for Mexicans."

### HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Eney, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16. Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

### FATE OF HER SUBJECTS IS CONCERNING SPAIN

IT IS THOUGHT THAT THEY WILL BE TAKEN CARE OF.

MADRID, April 24.—The government's interest in the Mexican situation is naturally predominantly concerned with the fate of Spaniards in that country. Premier Dato received your correspondent cordially today and expressed his gratification at the willingness of the United States to protect the subjects of Spain. More than six hundred of these Spaniards have been repatriated on the initiative of Spain, but the safety of many of them depends upon Generals Carranza and Villa, and for this reason the intervention of the United States is of paramount importance. Senor Dato said the prospect of armed action by the United States and Mexico causes the greatest concern here, as the consequences are incalculable. The government, he said, earnestly desired a peaceful solution of the trouble.

Senor Lama, the minister of foreign affairs, was equally affable. He emphasized the fact that it was impossible to make any official declaration on the impending conflict as Spain was a friend of both the United States and Mexico.

Letters and cablegrams to the newspapers from Mexico have created the impression that the establishment in Mexico City of a committee formed by the American, British, French, German, and Spanish diplomats would be able to protect foreigners.

### FIRE AND STRIKE IN SING SING PRISON.

OSSINING, N. Y., April 23.—Fire supposedly of incendiary origin started early today in the enamelling shop of Sing Sing prison, a one and a half story frame structure some distance from the main prison building. The flames were confined to the one building. The loss will not be heavy.

Yesterday 180 men in the knitting shop went on strike, probably because of the refusal of Governor Glynn to sign the one-year parole bill, allowing a prisoner to apply for parole after he had been confined one year.

### ANNOUNCEMENT.

To the Democratic Voters of Craven County.

I am informed it is being reported in certain sections of the county, that I am in favor of annexing a part of this county to some other county. This report is absolutely untrue. I am unalterable and eternally opposed to any such proposition. I stand for the protection and preservation of every interest of my county and people, and to this end I will labor if I am sent to Raleigh as your representative.

As to the stock law question I think is a matter for the people to settle themselves and if I am elected to the legislature I will not take it upon myself as your representative to settle the issue.

I am strictly opposed to Craven county selling her interest in A. & N. C. R. R. This is a very valuable asset and will continue to increase in value.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
