SATURDAY, MAY 30, 1914

Huerta is doing some watchful waiting for anything except Villa.

There is nothing that Col. Roosevelt enjoys as much as an audience.

Not even the man pushing it enjoys the sound of a lawn-mower at 6 a. m.

They all plan them but few enjoy a vacation as much as Harry Thaw is doing.

A man makes money then goes out to get some experience, and then goes back for more money.

Already aviation has caused the death of 462 people, and the new spiral dive has just started.

The river of doubt is at least no less dubious than the Bull Moose campaign in Pennsylvania.

ANCIENT "KICKERS"

History surely repeats itself in the matter of having in this country a large number of people who are active and inveterate "kickers" on every possible phase of public affairs. They seem to be "agin the guvment," and in fact view almost everything from an opposing angle.

A contemporary quotes a paragraph from a speech delivered by Daniel Webster in 1833 that sounds much like some of the declarations of the present day. It was just eighty-one years ago that Webster said:

"There are persons who constantly clamor. They complain of oppression, speculation and pernicious influence of accumulated wealth. They cry out loudly against all banks and corporations and all means by which small capitalists become united in order to produce important and beneficial results. They carry on mad hostility against all established institutions. They would choke the fountain of industry and dry all streams. In a country of unbounded liberty they clamor against oppression. In a country of perfect equality they would move heaven and earth against privilege and monopoly. In a country where property is more evenly divided than anywhere else they read the air shouting agrarian doctrines. In a country where wages of labor are high beyond parallel they would teach the laborer that he is but an oppressed slave."

That has truly a very familiar sound, and shows that while progress has been made in many directions there has been no eradication of the "kickers" who have been with us from the beginning. However, the country has prospered and the people are happy, and there is yet hope that the country will survive croakers.

HOBSON

The announcement appearing in the Journal this morning that Secretary Bryan will be unable to speak here today, will without doubt cause some astonishment. However, it was impossible for Mr. Bryan to come on account of the fact that the Mexican situation is now at a crisis and his absence at Washington is almost impossible.

In his stead the management of the Home-Coming Celebration have secured Richmond Pearson Hobson, a man who bears a national reputation as an orator of ability and a man who thousands have heard and applauded.

Mr. Hobson will deliver an address in front of the grandstand and the people of New Bern and the visitors owe it to the management of the celebration to give him a rousing welcome and there is not the slightest doubt but that they will greatly enjoy his address and will come away well pleased.

The management of the celebration have done everything within their power to make it a success. They have given the people something real of

worth and those who have attended have been loud in their praise. In addition to the address by Mr. Hobson, there will be a program of exceptional merit rendered.

No one should feel disappointed on account of the fact that Mr. Bryan could not come after taking into consideration that the affairs of the nation, the great and glorious U. S. A., are now at a critical point and where a master hand is needed at the helm. Cast aside disappointment for this once and today go out and hear a man whom has time and again had the eyes of the world turned on him and who is sure to please you.

It will take but little study of the rules that govern the Congressional preference primary recently held in this district to convince the average voter that if no candidate received a majority of the first choice votes cast, the counting must continue on through the second choice, third choice, etc., dumping the lowest candidate on each count—until it is found that some eliminated candidate has received a majority of votes over all that have not been eliminated.

CRIMINAL IMBECILITY GROUND OF ACQUITTAL

JEAN GIANINI, WHO KILLED HIS SCHOOL TEACHER, GOES TO MATTEAWAN ASYLUM

(Special to the Journal.)

HERKIMER, N. Y., May 29.—Jean Gianini, 16-years old, charged with the murder of his school teacher, Lida Beecher, was acquitted here today on the ground of criminal imbecility. He was sentenced to the Matteawan asylum for the criminal insane.

The jury reached a verdict this afternoon after having been out since last evening. Lida Beecher was murdered March 27th. A farmer discovered the body in the bushes near the roadside the next day. Her skull had been crushed, and she had been stabbed repeatedly.

Young Gianini had been seen with the girl the night before when she had gone with him as it later transpired to confer with the boy's father over his son's future. He had not done well at school and generally was backward.

Arrested, the boy confessed the crime. He expressed no remorse.

THIRTY-FIVE OFFICERS WERE PUT TO DEATH

General Execution Of The Federals. WERE CAPTURED AT TEPEC

Appeal of General Howard in the Name of Humanity of No Avail—Lives of Garrison Saved

(Special to the Journal) NOGALES, ARIZ., May 29.—Thirty-five Federal officers captured by the Constitutionalists at Tepic were executed May 24, according to a message received here today from Gen. Alvaro Obregon, the Constitutionalist commander.

General Obregon's message says Rear Admiral Howard, American naval commander on the Pacific Coast, telegraphed to the German consul at Tepic to intercede for the lives of the Federals "for the sake of humanity," but Obregon answered that the execution was necessary to prevent the officers making trouble in the future.

The Federals were taken to the cemetery and shot in squads.

General Obregon's reply to the offer of intercession said:

"When the assassin, Huerta, murdered Madero the nations hastened to recognize his government and humanity was forgotten. Now that punishment is about to overtake Huerta and his minors, it is not time to cry humanity."

Soldiers of the Tepic garrison, for whose lives the American admiral also interceded, were paroled.

Women Killed in Fight AMARGOS, COAHUILA, May 29.—(By courier via El Paso)—Thirty-five women camp followers lost their lives with 300 Federal soldiers in the battle of Paradon it was learned today. Fifty-seven Federal officers were executed after the battle.

Reports of the execution of General Munoz, nephew of ex-President Porfiro Diaz, General Orzono and nine colonels seem well established. The men shot, it was said, reiterated their loyalty, to the Huerta government and gave their lives rather than violate their oath of allegiance.

Twelve members of a federal military band were shot by Constitutionalists soldiers without sanction of their officers.

General Alvarez, one of the Federal commanders, met his death in an unusual manner. After defeat had become certain, he crawled into a water tank of a train. He was killed when two hand grenades were thrown into the tank.

Another Federal officer, Col. Ernest Inazo Hernandez, shot himself through the head. General Illigulahlidifolo, though wounded escaped. The wounded Federals were taken in charge by Villa's hospital corps and still are alive. Among them is a lieutenant colonel, several majors and captains. In the past such officers have not been spared.

UNDISIRABLE TOLD TO MOVE ON TO PASTURES NEW

There was only one case on docket at Police Court yesterday afternoon, this being against Lola May charged with not having visible means of a livelihood.

From the evidence it was proved that she was an undesirable resident and Mayor Bangert gave her until this afternoon to leave the city.

NERVOUS HEADACHES

Heavy Feeling, as If My Brain Was Pressing Down

Mrs. Hill says: "I cannot tell you how much I have suffered during the past twelve years. Twelve years is a long time for any one to suffer. A great multitude of women in this country know exactly what Mrs. Hill means when she says, 'Heavy feeling, as if my brain was pressing down.' So nervous I could not get my rest at night. Would have sinking spells and then so weak that I could not do my work." A great many women in the United States will recognize in this description their own experience.

Mrs. Hill found a remedy. After taking four bottles of Peruna she gained in strength and flesh and wrote us that she was a well woman again. She says, "I cannot thank you enough for my recovery."

This is no ordinary incident. Twelve years suffering. Four bottles of Peruna. Restored to perfect health. If Peruna can do this for one woman why can it not for another? Is it not worth your attention? Is it not worth trying?

Those who object to liquid medicine can now obtain Peruna Tablets.

JAILED FOR DANCING "JACK JOHNSON FLING"

CORDELE, May 29.—Because they introduced the "Jack Johnson fling" among the Cordele negroes and were practicing the new dance on a street in the negro section, a negro couple were arrested by police officers and taken to the city barracks.

While they danced for tips in the corridor of the jail a large crowd of men gathered about the windows to watch the performers.

GOOD PICTURES

Mrs. Bayard Wooten Has Interesting Collection.

During the past two days Mrs. Bayard Wooten, one of New Bern's well known photographers has been engaged in getting pictures of the big Home-Coming Celebration and has secured a collection of views which are indeed most creditable.

This list includes the aeroplane in flight, several views of the machine as it rested on terra firma, snapshots of the city from a height of several hundred feet in the air (taken by Mrs. Wooten during her flight in the aeroplane) and a number of other interesting views.

The camera affords a way of perpetuating events of this kind and as Mrs. Wooten will have these views for sale today at her studio and also at the Fair grounds, she will doubtless have a large sale on them.

Housekeeping Is Not the Task It Used to Be

MODERN invention has done away with much of the hard work. For instance, the cleaning and polishing of hardwood floors, the dusting of moldings, the tops of high furniture, the stairs, under the radiator, etc. These back-breaking tasks are now made easy with the

O-Cedar Mop Polish

With it you can dust, clean and polish a hardwood floor in the time it formerly took you to get ready to do it.

Besides, you do not have to get down on your hands and knees to dust under the bed or other hard-to-get-at places, or to stand on a chair to dust the top of the high furniture. All of the hard work is now made easy with the O-Cedar Mop. It gathers all the dust or dirt from moldings and baseboards, the top of the bed or other hard-to-get-at places, and that removed by passing on a few drops of O-Cedar Polish. Try it one whole day with the O-Cedar Mop. You will find it so easy to use that you will never want to go back to the old way. The price is only 25c and it will save you many times over in a clean home.
