

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui,
Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day.

The planting of Seed Potatoes in June and July is increasing to a wonderful extent. A great many farmers claim that they give better crops planted at this time than they do when planted in the spring. Potatoes planted in June and July mature in the cool weather of the fall, at a time when they can be harvested to best advantage.
The Seed Potatoes we offer are put in cold storage early in the season, so as to keep in first-class, vigorous condition.
"Wood's Crop Special" gives prices and full information about Late Seed Potatoes and all other desirable seeds, mailed free on request.

G. A. HIGGINS CUT WITH KNIFE—OTHER NEWS ITEMS.

(By Uncle Nathan)
OCEAN, June 23.—At seven o'clock on the morning of June the sixteenth, the Death Angel visited the home of Mr. and Mrs. B. J. Taylor, who reside near this place, and carried to Heaven their little two year old son, Ira Washington.

The death of Ira has caused a wound in the heart of his parents that no human tongue can heal. The dear son has gone to that land of light where the writer's eyes will get their sight when at the Master's feet he kneels and on his brow his hands I feel. This infant now bathes in the river in which flows the water of life.

A few days ago G. A. Higgins, while handling a knife, was unfortunate enough to cut himself very painfully. The wound inflicted was in his leg just above the knee. Medical aid was summoned and the wound was treated.

The continuous dry weather has been slightly changed by a few local showers, but the crops are still in need of a good downpour.

Mrs. Mat Tolson, of Swansboro, who has been visiting relatives and friends here, has returned home.

Bogueland is to be congratulated on her freight lines to New Bern and Morehead City. Captain George Taylor's boat, Bernice Cree, goes to New Bern every week and supplies the trade at many points between New Bern and Stella.

Captain Taylor for many years operated his own boat and worked up a trade, and he has shown excellent judgment in the selection of Captain W. L. Taylor who now runs the Bernice Cree.

REPUTATION FOR TRUTHFULNESS MAKES ADVERTISING PAY.

Advertising pays. Every one knows that. But not all know exactly why and how it pays and why it continues to pay continuous advertisers.

It pays because of the reputation the advertisers have made for telling the truth, for fair dealing and for business honesty. IT IS WICKED TO LIE; AND IT IS ALSO FOOLISH. Just think how extremely foolish it would be to pay for advertising space in which to spread falsehoods.

Merchants know that their reputations for truthfulness in the advertisements is their best business asset. They know that to make their advertising valuable it must be believed; it must be truthful day after day, week after week, month after month.

Read the advertisements in The JOURNAL closely and remember that back of every statement is the reputation of a leading merchant, a reputation he has spent years in acquiring and which he will guard closely.

MAY NEVER FIND BODIES IN MINE

RESCUERS CONTINUE SEARCH IN SHAFT WRECKED BY EXPLOSION.

Hillcrest, Alberta, June 23.—Government mine experts who continue today the search for the dead in mine No. 20, Hillcrest collieries, which was wrecked by an explosion, said it was probable the many victims still in the mine were buried beneath tons of rock more than a thousand feet from the mouth of the pit, and that some of the bodies never would be recovered.

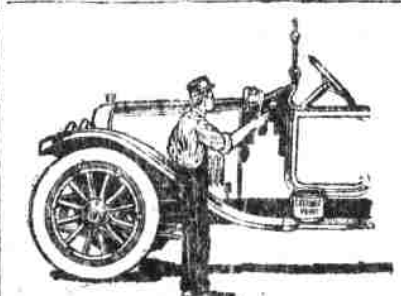

The majority of the bodies thus far recovered were burned beyond recognition and but little effort was made to identify them. As quickly as coffins were available the victims were buried.

The generally accepted theory is that the disaster was due to an explosion of gas which had accumulated in the lower levels. The coroner's inquest has been adjourned until early next month.

Recovery by rescuers of tiny bodies lying in one of the tunnels of mine No. 20 of the Hillcrest Colliery Company today brought up to 181 the total of recovered dead at the mine which was wrecked by an explosion Friday. Eighty grave-diggers worked all day in the little mountain-side cemetery just outside of the village and by night it is expected the greater part of the former male population of the mining colony will be resting there.

Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.
