Was Formed In This City Last Night -Constitution Adopted-Prime Object Is To Co-operate With Authorities In Enforcing City Ordinances

New Bern has now a Law and Order of the city and to aid in whatever way present at any regularly called meeting possible to make New Bern a city where of the League, there is little or no law breaking.

Seventy-five or one hundred citinight for the purpose of organizing The following committee was appointthis league. S. M. Brinson called the ed: J. G. Dunn, E. L. Mallard, and meeting to order and stated its object and a committee composed of T. G. Hyman, Chairman; Capt. Phillips, J. G. Brinson, W. F. Aberly, and Rev. W. A. Cade, were appointed to retire and draw up a constitution for the government of the league.

While this committee was out several gentlemen were called on to express their opinion as to the proposed league. Among these were S. H. Scott and A. T. Dill. Both gentlemen expressed themselves as being heartily in favor of the movement and offered any possible assistance.

The opinion of Mayor A. H. Bangert was also asked for. The Mayor stated that he was in favor of any movement which would assist in the enforecement of the law and also stated that he would like to know just how many there were present who would promise to report all violations they saw and who would agree to appear before him as a witness against the violators. About forty persons stood up. The Mayor also stated that in his opinion the officers are at present doing everything within their power to enforce the law.

City Attorney R. A. Nunn stated that there are a number of prominent citizens who are not complying with the sanitary laws and he requested that as long as every law is to be rigidly encomply with the ordinances mentioned.

At this juncture the committee on framing a constitution returned and presented the following, which was adopted:

> Before the close of the meeting several other short talks were made by the gentlemen interested in the movement. It was previously thought that some drastic action relative to the observance of the recent ordinance relative to Sunday closing would be taken up by the league, but those who attended the meeting expecting to hear such, were disappointed, as the subject did not come up for any lengthy

American Forces In Action Behind Defenses Near Vera Cruz

Plaotos copyright, 1914, by American Press Association.

HE American forces have constructed earthworks surrounding the westerly borders of the large stretch of territory they now control in Mexico-an area that extends several miles into the interior. During the advance of the federals on the Vera Cruz waterworks a photographer ventured into the danger zone and secured the accompanying action snapshots of the American defenders in the trenches.
