HOUSEHOLD GOODS AND PER-X SONAL EFFECTS SECRETLY SENT AWAY.

ATLANTA, Ga., Aug. 13.-Increased activities today in the nation-wide hunt for Eloise Nelms Dennis and Beat- & rice Nelms, following recent startlings disclosures in the probe of Texas clews, brought more interesting developments in both the Portland and San Antonio ends of the great mystery.

Investigation in Portland revealed the fact that Victor Innes, the Portland lawyer involved in the mystery through the wild infatuation of Mrs. Dennis, has shipped all of his household goods and personal belongings away from that city to parts unknown. Innes and his wife have been missing from Portland for more than a week, and it is now believed there that they will not return. A dispatch states that no trace of either can be found.

Efforts to trace the shipment of fanes' household goods proved equally

House For Rent.

Innes' Porcland house, it was found, has been listed for rent. The telephone was the only thing left in the house. Innes' water rent, due the city, was left unpaid, and the premiums on his insurance policies also were found unpaid. Evidences of his. departure indicated that he has bidden Portland good-bye.

"Inne ' relatives knew nothing whatever of his whereabouts or his affairs, and appeared to care nothing.

The Portland police, it was announced, have no warrant or order of any kind for the arrest of the missing.

Mrs. Nelms was greatly pertrubed. over the news that Innes and his wife had vanished, as she had been firm in her conviction that he can solve the mystery of her daughters, and has insistently pleaded for his arrest.

The conviction in San Antonio that the missing Nelms girls were murdered in that city has stirred the officials, and the San Antonio Sheriff's office took up the investigation and is assisting special agent Barnes of the United States Department of Justice, and Marshall Nelms, brother of the
