Thomas J. Shaw, Guilford county.
- Judge of the Superior Court of the Fourteenth Judicial District
William F. Harding, Mecklenburg county.
- Judge of the Superior Court of the Sixteenth Judicial District
James L. Webb, Cleveland county.

At the head of this column will be found the State Democratic ticket sent out yesterday by Chairman T. D. Warren. Look this over. It is worthy of consideration. On the list will be found the names of some of the brainiest men in the Old North State, men who are true to the principles of the party and men whom you can trust to take care of the Democratic interests.

The News and Observer is a firm advocate of the "buy-a-bale" movement and is doing everything within its power to help out the farmers by getting the business men and manufacturers to buy cotton at ten cents per pound. This is indeed creditable on the part of the News and Observer and they deserve much credit for their efforts.

According to statements by New Bernians who have recently returned from the western part of the State, making the trip in an automobile, the worst road they found was between New Bern and Kinston and the slowest time made was along this same road. Such a condition as this is not by any means inductive to autoists and others who travel in automobiles, wagons or other similar vehicles to visit this city.

Judge Peelles has demonstrated the fact that he does not want the newspapers to say uncomplimentary things about him. Monday at Jackson he placed a fine of five hundred dollars on two Goldsboro editors for making remarks about him. What we would like to know is: Where will the Wayne county scribes rake up that thousand dollars? We have never heard of a newspaper man having that much money in a lifetime.

The New Bern Chamber of Commerce has demonstrated its progressiveness by joining the movement to agitate the "buy-a-bale-of-cotton" plan. The local organization is one of the liveliest in the state and time and again has shown that it is of real worth to the city.

Over in Virginia the State Board of Education has placed in use in the public schools a new physical geography which teaches that man is the offspring of brutes and savage animals. The Presbyterians of that state are up in arms against any such doctrine and well might they be, for it absolutely contradicts the Bible teachings. Darwin had the theory that the human being was a

Never Questioned

Royal Baking Powder is absolutely pure and wholesome. It is made from highly refined, pure, cream of tartar, an ingredient of grapes. Not an atom of unwholesomeness goes into it; not an unwholesome influence comes from it. It perfectly leavens the food, makes it finer in appearance, more delicious to the taste, more healthful.

Its superiority in all the qualities that make the perfect baking powder is never questioned.

ROYAL BAKING POWDER

Absolutely Pure No Alum

refined animal whose forefathers hopped about from limb to limb but other great scientists have cast aside this theory of evolution and in fact there is not or has not been, with the exception of Darwin, one of these scientific investigators who held to any such belief. The idea that away back in the dark ages men resembled monkeys is, we believe, all hosh and no school child should be taught any such doctrine.

The farmers down in Pamlico county have decided to reduce the cotton acreage next season. This is a mighty good plan. The Journal has all along contended that less cotton and more food-stuff be grown on the farms in this section and the farmers will sooner or later find that this is absolutely true and if put into effect will prove of great benefit to them.

Says the Wilmington Star: There is no better evidence that Roosevelt or any other anti-Democrat has no ground on which to stand than the charge that the Wilson administration is inefficient and lacking in ability. Of all statements absurd, that caps the climax. Wilson and his official family inefficient and a Congress lacking in ability. Doesn't that jar you?

C. C. Perry, of Charlotte, who has been spending several days in New Bern in the interest of the Mecklenburg Granite Works, of Charlotte, N. C. has returned home.

THE RUSSIANS ARE MAKING ADVANCES

Washington, Sept. 29.—Col. Gole Jewski, military attache of the Russian embassy here, today issued the following statement:

"In the woods near Argustoy our troops are successfully advancing, keeping up a running fight with the enemy. Near Ossowjetz, on September 26 the fire of the enemy's big caliber guns reached considerable intensity. The attempt of the German infantry to get close to the fortress was checked. In Siberia the enemy has been considerably strengthened and is manifesting great activity.

"The Austrian stories from Przemysl remain unsuccessful.

"In the retreating Austrian army, considerable disorganization is noticeable, units being broken and mixed up. We continue taking prisoners in large numbers as well as capturing guns and war material of every description.

CONDUCTORS EXCURSION WAS WELL PATRONIZED

The conductors excursion operated to Norfolk by the Norfolk Southern Railroad yesterday was well patronized. There was a number of New Bernians who took advantage of this opportunity to visit Norfolk and vicinity, but the greater part of the crowd came in on the morning trains from the nearby towns. This is the last conductor's excursion that will be operated to Norfolk by this company this season.

THE WEATHER

The weather forecast for New Bern and vicinity today: increasing cloudiness probably followed by showers. Fresh northeast winds.

IN HONOR OF MRS. O. H. GUION

MRS. J. C. RODMAN ENTERTAINED AT CARDS AT HER HOME MONDAY NIGHT

Washington, Sept. 29.—Last night 9 to 12 Mrs. Joh Rodman entertained at cards in honor of Mrs. Owen H. Guion of New Bern. The glow of the autumn leaves and the warmth of the open fires, added to the cheer and congeniality that exists in the gathering of friends and welcome guest.

After a most enjoyable game a two-course luncheon was served; and as Father Time, the unwelcome guest, will grant no respite, the congenial company dispersed, carrying with them the memory of an evening so delightfully spent.

The invited guests were Mrs. O. H. Guion, of New Bern; Mrs. S. G. Bragaw, Mrs. J. G. Blount, Mrs. H. W. Carter, Mrs. Justus Randolph, Mrs. Edmund Harding, Mrs. A. D. McLean, Mrs. D. T. Taylor, Mrs. Pritchard of Wilmington, Mrs. A. M. Dumay, Mr. Charles Warren, Mrs. J. B. Moore, Mrs. J. D. Grimes, Misses Janie and Penelope Myers, Lidia Rodman, Fan Satchwell, Ella Taylor, Bethany Campen of Bayboro, Nan Waddy of Norfolk, Mary Blount, Annie Cox, Mary Cowell and Mattie Griffin.

BAD ROADS Found Between New Bern and Kinston

Prof. H. B. Craven, superintendent of the New Bern public schools, has just returned from Ridgecrest, N. C. where he and his family have been spending the summer. Prof. Craven made the trip in his Ford touring car and the actual running time for the distance of 397 miles was twenty-seven hours. Good roads were encountered all along the route as far as Kinston, but after leaving Kinston enroute to New Bern, Prof. Craven states that he found the worst thoroughfare encountered along the entire route and that he was forced to travel with exceeding care in order to avoid accidents. This road is along the proposed Central Highway and is supposed to be in excellent condition, but travellers over the section report that it one of the worst roads in the State.

Mr. Charles R. Thomas of New Bern, arrived in the city yesterday afternoon for a stay of several days—News and Observer.

MARINE NEWS

The gas freight boat Fannie Brevard arrived in port yesterday from Gatins creek with a cargo of potatoes and watermelons.

The gas freight boat Wave arrived in port yesterday from Straits for a cargo of merchandise.

THE MELTING POT?
