

THE KHEDIVE OF EGYPT REVOLTS AGAINST THE CONTROL OF JOHN BULL

Plans to Evade the Egyptian Territory With A Turkish Army. Germans Are Endeavoring to Stir Up Strife. Teutons Claim That Yesterday Was A Most Successful Day for Them. Airship Seen Heading Toward London, Citizens There Are In Great Terror.

Paris, Nov. 20.—News from German sources that the Khedive of Egypt had revolted against British control and plans to invade Egypt with a Turkish army, is confirmed tonight by Le Temps whose correspondent cables that "It is common knowledge that following England's refusal to allow him to return to Egypt the Khedive became enamoured of the idea of returning with the victorious Ottoman army he had organized with caravans, horses, tents and provisions for a campaign. It is estimated that two hundred thousand Turks are concentrated at Damascus and the Germans are endeavoring to stir up the Arabs to join them.

THE GERMAN AIRSHIPS HEADING TOWARDS BRITAIN.

London, Nov. 20.—A Central News dispatch from Dover says that an airship was seen this evening over Dungeness, a headland on the Kentish coast. Another dispatch states that an airship was seen heading toward London.

FIGHTING CONTINUES TO ADVANTAGE OF TURKS.

Berlin. (Via London) Nov. 20.—A Turkish official dispatch says: "In all the theatres of war, fighting continues to our advantage. Our troops have crossed the Egyptian frontier and occupied Kalat Upland, one hundred and thirty miles in the interior. We have also entered Russia through Lavastin and defeated the enemy in a fierce battle." It is officially reported from Vienna that the fighting in Russian Poland progresses favorably and that seven thousand prisoners and several cannon have been taken.

FOUR TAUBE AEROPLANES CAUSE BIG EXPLOSION.

Paris, Nov. 20.—Four Taube aeroplanes, three with fifteen bombs, exploded at Amiens this afternoon and killed two men and fifteen horses. A number of residences were badly damaged.

GERMANS ATTEMPT TO BREAK RUSSIAN CENTRE.

Petrograd, Nov. 20.—The new German offensive stretches from Vistula to Wartha. New Russian forces have been hurried to check the enemy and other two Russian armies in Galicia and east Prussia continued their advances, not noticing the new campaign of the enemy. There is no apprehension here that this foolhardy attempt of the Germans to break through the centre will succeed.

NO NOTABLE INCIDENTS RELATED FROM PARIS.

Paris, Nov. 20.—An official dispatch received at midnight says: "There is no notable incidents to announce" and along our lines there is no unusual activity.

AMBASSADOR MORGANTHAU HAS NOT ANSWERED

NO ANSWER TO QUERY WHY U. S. BOAT WAS FIRED ON BY TURKS

Washington, D. C., Nov. 20.—The State Department is somewhat nettled over the failure of Ambassador Morgenthau in replying to the request of this government for an explanation of the firing on the launch from the cruiser Tennessee three days ago. Captain Decker of the cruiser cabled today that he had received the department's instruction to do nothing to get this country mixed up in any difficulty.

Admiral Dewey, Who Is Now Writing His Memoirs

Washington, Nov. 20.— Admiral George Dewey, chairman of the General Naval Board, in a secret report to Secretary of the Navy Daniels, had come out—as predicted in the newspapers—for four battleships as the basis of immediate naval needs.

Although Admiral Dewey's recommendations were not made public. It is understood he also asks for fifteen submarines and from fourteen to sixteen gunboats.

Admiral Dewey points out as urgent a provision by which the new ships and those which are in good condition, but have not sufficient men, shall be provided with crews on a war basis.

Two plans have been suggested to Secretary Daniels. One is, enlistment of 18,000 men, which is the deficiency in the opinion of the Bureau of Navigation, of which Rear Admiral Victor Blue is the chief. The other is to meet the deficiency by taking crews from useless ships, substituting civilians on colliers and taking men from every other place other than actual sea duty.

Conferences on the rebuilding of the navy are being held at the Navy Department by Captain John G. Winterhalter, chief of the Bureau of Material; Rear Admiral Blue and Assistant Secretary Roosevelt, who recently admitted the inefficiency of the navy.

HOLD UP.

Negro Attacks and Attempts To Rob Him.

Greenville, Nov. 20.—Charles Mozinger, a farmer of Farmville Township was held up at about 12:30 today while on his way home from the tobacco market and an attempt made to rob him. The hold-up occurred near Dr. Moye's farm about 1 1/2 miles from Greenville.

Mr. Mozinger was alone when he was accosted by the negro who demanded him to hold up his hands. Upon a refusal he began to shoot one ball striking his victim in the back about the waist line. The negro then struck Mr. Mozinger over the head with his gun while he was down in his wagon and dragging him out of the wagon to the ground. The robber made a search for the money he supposed his victim had received for his tobacco but did not find any as it had all, except about \$8, been deposited in the bank of Greenville. He failed to find the \$8 so he did not secure any money at all.

Mr. W. A. Vanderford was the first one to find about the robbery and brought Mr. Mozinger to Greenville for treatment. The wound while not dangerous is rather serious and at the time of writing a full report of the condition of Mr. Mozinger could not be ascertained.

Blood hounds have been sent for and will be put on the trail as soon as possible. There has been quite a number of robberies lately and in each case negroes have done the work. Thirteenth, was brought to New Bern on the following Friday, was released from the Pamlico and placed in jail on Friday and was released from jail last Friday. Swain avers that he will get out of New Bern before next Friday and will hereafter spend that day beneath the covers of his downy (or otherwise) couch.

and most of them have escaped. It is hoped this negro will be captured Mr. Mozinger believes he can identify the robber if he is captured although he was a strange negro. This is one of the boldest robberies attempted here and the fact that it was made in daylight makes it all the more bold, the negro must have been desperate.

70,000 Pounds Tobacco Disposed of Yesterday

LARGEST SALE IN HISTORY OF THE DILL TOBACCO WAREHOUSE

There was more tobacco sold at the Dill warehouse yesterday than has been sold any one day since the opening day in September. About seventy thousand pounds of the weed was sold with prices ranging as high as forty cents, and the record average price was broken. But for the inclemency of the weather several thousand pounds more would have been on the market.

In addition to the regular buyers, there were several visiting buyers, who bought a considerable amount of the weed.

The following is a list of the prize-winners:

- For the best pile of wrappers—J. D. Williams.
For the second best pile of wrappers—W. P. Stallings.
For the best pile of cutters—C. J. Heath.
For the second best pile of cutters—J. A. Chase.
For the highest average on five hundred pounds or more—S. R. French.
For the second highest average on five hundred pounds or more—J. D. Williams.

PROBABLE THAT NO BELGIANS ARE TO COME HERE

Baltimore Concern Wants to Place Them But Requirements Are Too Many

WANT FINANCING FOR TWELVE MONTHS OR MORE

Also Want to Purchase Farms Fully Equipped On Long Time Terms

George Green, secretary of the New Bern Chamber of Commerce, has received from the Southern Settlement & Development Organization of Baltimore, Md., a letter in which they state that they will be glad to bring Belgians to this country and locate them providing the Chamber of Commerce will guarantee certain things. Among these are the following: (1) Guarantee lands to be sold to them on long terms at low rates of interest and considerable time before first payment. (2) See that a comfortable house with necessary outbuildings are furnished. (3) Finance the settlers until they are in a position to take care of themselves. (4) Buy their fertilizer and other necessities until they can secure crops and pay for them. There are a number of other requirements which are similar to the above. The letter was turned over to President Charles L. Ives for his attention and was to have been brought before the Belgian Relief Committee at a meeting held Thursday night, but for various reasons this was not done. The requirements are so many that it is not probable that any of the Belgians will be brought to this section. The land owners would not mind allowing them time in which to pay for their land, but the Chamber of Commerce or business men cannot see their way clear to finance them for several months and for this reason the Baltimore concern probably will be informed that none of the immigrants can be handled right in this section.

THE WEATHER.

The weather forecast for New Bern and vicinity today is fair with continued cold wave. Fresh west to north-west winds.

The First Snow Visits New Bern

CAME YESTERDAY MORNING BUT DID NOT COVER THE GROUND

The first snow of the season fell in New Bern yesterday. The fleecy flakes made their initial appearance between the hours of 7 and 8 o'clock, and up until late in the afternoon they fell at intervals. At no time, however, was the downfall heavy, and the ground was not covered in any place.

Reports from other places in North Carolina tell of snow falling during the day. At Raleigh there was a fall of about three inches. At Kinston there was about an inch. At Farmville and other points in that section there was a downfall of "the beautiful."

Reports from Winston-Salem and surrounding sections were to the effect that the downfall there was very heavy.

- For the second highest average on one thousand pounds or more—A. E. Oglesby.
For the one receiving the largest check—J. D. Williams.
For the one receiving the second largest check—S. R. French.
For the largest load of tobacco on one wagon—J. D. Williams.
For the second largest load of tobacco on one wagon—A. E. Oglesby.
For the best handled load of tobacco—R. A. Adams.

THE METHODISTS HEARTILY ENDORSE INS. COMPANY

Mutual Fire Insurance Company Is a Denominational Organization of Merit.

MOREHEAD CITY MAN ONE OF DIRECTORS.

Trinity Alumni's Banquet On Of The Features Of Yesterdays Session.

Washington, N. C., Nov. 20.—The conference endorsed the Methodist Mutual Fire Insurance Company that was endorsed by the Western Conference. The warmest discussion of the conference was called forth by this endorsement.

The following were elected directors of company: C. S. Wallace, N. H. D. Wilson, Jno. C. Wooten, L. S. Covington, W. B. Cooper.

Dr. Harding addressed conference on representative church at Washington. The matter was referred to conference board on church extension. The bishop received the class into full connection.

The banquet of Trinity Alumni was held this afternoon with James H. Southgate presiding as toastmaster.

The anniversary of the Board of Education was held this afternoon with an address by Dr. Parker, of Trinity College.

A slight flurry of snow this morning cleared the clouds away and good weather is promised for the rest of the conference.

The opening session was devoted to a song and testimony meeting. A telegram of greeting was read from Bishop Kilgo. At his request J. M. Jackson was located.

C. C. Brothers, was referred to committee on conference. Eligible to elder's orders J. Ormond, L. D. Hayman, C. J. Harrell, B. T. Hurley, G. M. Daniel and K. F. Duval.

The following local preachers were elected to deacon's orders: P. E. Myatt, M. B. Andrews and H. I. Glass.

G. R. Andrews, a local preacher, was elected to elder's orders.

L. B. Pattishall, of New Bern, district was admitted on trial.

Dr. S. B. Turrentine, president of Greensboro women's College, presented the cause of the college to the conference.

The event of Thursday evening at the North Carolina Methodist Conference was the anniversary of the board of church extension. The address was made by Dr. T. N. Ivey, of Nashville, Tenn., editor of the Nashville Christian Advocate. Dr. Ivey always has something well worth saying.

There were no meetings during the afternoon, the time being taken up with the meetings of boards and committees. The bishop and his cabinet of presiding elders have been kept busy in cabinet meetings. Thursday afternoon the cabinet was relieved of meeting, but met with the Bishop Thursday evening at 7:30. Deep interest of course, is felt in what goes on behind the closed doors of the cabinet, as it is there that the marching orders for another year are made out for every member of the conference.

The work of the conference seems to be moving with dispatch under the smooth and gracious presiding hand of Bishop Waterhouse. The session has been an unusually harmonious one so far and the business at the close of the second day's session was well in hand.

Probably the most interesting feature of Thursday's session was the reelection of Rev. L. S. Massey, editor of the Raleigh Christian Advocate.

A number of minute questions were called and a promising company of young men were admitted on trial. The Reception of the class into full connection was made a special order for 11 o'clock today.

The only social feature in connection with the conference was the annual banquet of the Trinity Alumni Association. This was held this afternoon at 5 o'clock in the Elks' Hall, and was in charge of the Women's Civic League. The banquet was served by a number of Washington girls.
