

### Lincoln High Restored As Accredited School

With the start of construction on its new gymnasium - auditorium, Lincoln High School has been returned to the accredited list of the Southern Association of Colleges and Secondary Schools.

The Association warned local school officials that accreditation would be taken away from the school in 1956 after the gymnasium was left off the original construction. Two years ago it was actually dropped from the accredited list pending the building of this facility, which is to be completed next summer.

### To Come Or Not To Come; Tatum's The Question!!

Amid a tide of very definite rumors that he IS and at the same time IS NOT coming to Carolina as its head football coach next year, Maryland's Jim Tatum appeared in the press box as a spectator at the Carolina-Duke game on Saturday.

He reiterated again there that he had no plans to leave his present job, and University Athletic

Director Chuck Erickson said that he hadn't been considered as coach here. Tatum said he came to the game as an alumnus of UNC and also to visit relatives in this section.

George Barclay's expiring contract as coach here is expected to be taken up by the Athletic Council when it meets here tomorrow and it's known there are strong forces at work within the University athletic family both for and against his retention. Pro-Tatum folks are also known to be vocal at UNC.

In a recent story in the Baltimore Sun, however, Mr. Tatum was quoted as saying that the opposition of two members of the UNC Athletic Council to his coming to UNC were good reasons why he wouldn't come here. He didn't directly name these two persons. In addition he noted that he wouldn't be athletic director here, as he is at Maryland, and also that he probably couldn't match his \$18,500 salary at Maryland.

### HONOR JOHN COUCH

John N. Couch, Kenan professor and chairman of the Department of Botany at the University, has been honored with designation as Honorary Fellow in the National Academy of Sciences of India. The naming of honorary fellows comes on the occasion of the Academy's Silver Jubilee to be celebrated at Lucknow University, Lucknow, India, on December 26-29.
