Scholarship Fund Includes This County

Orange is one of 11 counties which will benefit from a million dollar scholarship trust fund established by Aubrey Lee Brooks of Greensboro, distinguished North Carolina retired attorney, to enable needy students to attend one of the three branches of the Greater University.

Eleven scholarships a year, each valued at \$500, will assist students from 11 N. C. counties to choose and attend any one of the three institutions. Other counties are: Surry, Stokes, Rockingham, Caswell, Person, Granville, Alamance, Durham, Guilford and Forsyth.

Other counties stand to benefit later from the Aubrey Lee Brooks Foundation, either from additions to the present endowment or from anticipated increased income. The present grant consists of 8,000 shares of common stock in Jefferson Standard Life Insurance Company.

Financial need, character and academic standing are among requisites indicated for students from counties comprising the old "Imperial Fifth Congressional District." Students are to be nominated by principals of schools deemed eligible.

Ceremonies setting up the foundation were held yesterday at the Morehead Building. Those attending were Gov. Luther H. Hodges, Mr. Brooks and members of his family, and the foundation trustees.

An expansion in feeding operation, and a plentiful supply of fed beef, is forecast for the first six months of 1956.
