A PARAMOUNT PICTURE

A Christmas party for members of the Carolina basketball team will be held this Friday evening at the Monogram Club, sponsored by the Chapel Hill Athletic Club.

All Club members were encouraged to attend the event, to be held from seven until eight o'clock, by Club President E. Carington Smith. He said that a program of entertainment is planned and Santa Claus will be present to hand out presents.

George Hogan is in charge of the program and Bill Sloan is in charge of refreshments. A barbecue for the football team will be held on January 13.

Mr. Smith also announced that a block of tickets was being purchased and busses chartered so that the Club members could attend together the Carolina-State and Carolina-Duke basketball games being played away.

CHHS HONOR COUNCIL—Students at Chapel Hill High School recently voted in the honor system as a permanent feature of their student life. Members of the Honor Council, which sits in judgment on violations of the system, are (left to right) Carol Yeager, William Riggsbee, Teddy Moore, Subir Roy, and Betty Hayes. Absent is Sarah Cole. Photo by Bill Brinkhouse

'Broadvising' Of Cage Games Being Planned

A unique radio-television cooperative experiment in presenting Carolina basketball games, with the play-by-play provided by radio stations and the picture by WUNC-TV, was announced here today following a conference attended by University officials and representatives of a number of North Carolina radio stations.

Under the plan, three Carolina home basket ball games will be heard over certain cooperating radio stations and be seen simultaneously on WUNC-TV, Channel 4. Nothing like it has ever been tried before. The games selected for "broadvising" are: Maryland-UNC, Jan. 16; State-UNC, Jan. 18; Wake Forest-UNC, Feb. 15.

W. D. Carmichael Jr., Vice President and Finance Officer of the Consolidated University, described the arrangement which "will permit a basketball fan to put his radio side by side with his TV set, and see and hear the game at the same time."

North Carolina honey production for 1955 amounted to 3 1/2 million pounds, 30 per cent below the record high of 6 4/10 million pounds produced in 1951.

Hickory Grove News

There will be a program at the Hickory Grove Baptist Church Monday night at 8 p.m. given by the Junior Choir under the direction of Mrs. Tynnie Bullock. Everyone is invited.

Miss Ellen Hopson is doing fine after having undergone an operation at McPherson Hospital.

Mr. and Mrs. Dee McCauley are glad to have their son William home for the holidays. He is in the army.

Radiologists At UNC Take Society Offices

Two University radiologists have taken office as president and secretary-treasurer of the North Carolina Radiological Society.

Dr. Ernest H. Wood, professor of radiology in the UNC Medical School, was installed as president at the Society's recent fall meeting in Greensboro. Dr. William H. Sprunt III, assistant professor of radiology, was elected secretary-treasurer.

White rocks and Rhode Island reds are the most popular chickens among North Carolina poultrymen.

Season's Greetings & Thanks

At the season of the Yuletide the News Leader, speaking for the citizens of this community, wishes to express its appreciation to these public servants—all persons who perform their jobs daily with little if any public recognition. The services they perform are essential to us all and we are delighted to take this opportunity to recognize them for their jobs faithfully performed.
