Dollar Days Set August 17, 18

The second annual summer Dollar Days promotion in Chapel Hill-Carrboro will be staged through Merchants Association sponsorship August 17 and 18.

Moyle Johnson has been named chairman of this observance by Carlton Byrd, Committee Chairman. Mr. Byrd urged local residents to make plans to watch for the many reductions in prices and special purchase items which will be offered for this promotion.

Bill Sloan Is Appointed To School Board Post

William L. Sloan has been named to the Chapel Hill School Board, succeeding Carl Smith, Chairman of the body for the past year, who resigned on July 1.

WILLIAM L. SLOAN
Wooten-Moulton Photo

Although membership of the six-man board is elective, Mr. Sloan was named by the remaining five members of the group, as provided by law, to fill out Mr. Smith's term until the next local election which will be next spring. At that time he will be up for election for the remaining two year's in Mr. Smith's term, which would have expired on July 1, 1959. The six-year terms of Mrs. O. David Garvin and Board Chairman Grey Culbreth will also expire next July 1 and their seats will also be subject to public election next spring.

Plans To Run
Mr. Sloan said this morning that his present intentions were to seek re-election for the remainder of Mr. Smith's term in the public balloting next spring.

Graham where he worked as a pharmacist until returning to Chapel Hill to open Sloan Drug Co. in the mid-40's. He has been on the District Board of Health, President of the Chapel Hill Jaycees, Treasurer of the Rotary Club, is a Director of the University National Bank, and is a member of the University Methodist Church. The Sloans have three young children who will be in the local public schools this year.

Earliest Books Being Sought

Approximately two-thirds of the books that belonged to the University Library from 1795 until 1830 are still on the library shelves.

This observation was made by Mrs. M. J. Bahnsen, cataloguer of the North Carolina collection, now in the process of searching for books at UNC which the institution owned during its early history. Mrs. Bahnsen estimates that some 3,800 of these are still at UNC.

In 1802, the UNC library listed approximately 385 volumes. Also available were about 5,000 volumes in the libraries of the Dialectic and Philanthropic Societies. In 1886, these two UNC literary societies turned over some 16,000 volumes to the UNC library, which was then in what is today the Playmakers' theatre. The present library building was constructed in 1929.

Lions Announce Final Plans For Banquet

Final plans for the Lions District Governor's Banquet, at which Lloyd Senter of Carrboro will be formally installed to head the newly-formed District 31-G, were announced here today.

The affair will be held next Thursday evening at 7 o'clock in Lenoir Hall on the University campus with Lions International President John L. "Jack" Stickley of Charlotte as the principal speaker. About 300 Lions and their wives, including officers from the 30 clubs in the newly-organized 11-county district, are expected to be present for the occasion.

Jack McDade, chairman of arrangements for the occasion, said that the Rev. J. Paul Edwards, minister of the Carrboro Methodist Church, would be toastmaster for the occasion. Special guest for the evening will be University of North Carolina Acting President William C. Friday.

New NROTC Unit Head Is Coming This Week

Capt. Alexander McLeod Patterson, new commander of the Naval ROTC here, is scheduled to report for duty this week.

Capt. Patterson succeeds Col. Robert Carter Burns who has been named chief of staff of the Second Marine Division at Camp Lejeune. Col. Burns was the first Marine officer to command the University Naval ROTC unit. Capt. Patterson is a naval officer.

Capt. Patterson is a native of Raeford. During World War II he served aboard the USS Colorado and the USS Oakland. He is a 1927 graduate of the Naval Academy.

Capt. Patterson is married to the former Miss Mary McBryde of Raeford. They have one daughter.

Co-Op Group Takes Whirlwind Tour Of Sights In Chapel Hill And Orange

CO-OP TOURISTS—Trouping through at a rate of nearly one a second, more than 1,100 farm and other youth co-op members toured the Hospital Saving Association plant here on Tuesday afternoon during an all-day journey to points of interest in Orange and Durham Counties. They're now at the convention of the American Institute of Cooperation in Raleigh. Seen above as they debarked from their busses, they're waiting to enter Hospital Saving.

Consolidation To Continue, Chancellor House Declares

The Greater University of North Carolina will definitely continue as a consolidated institution, according to one of its top administrative officers.

Chancellor Robert B. House, speaking before the Chapel Hill Kiwanis Club, declared flatly "The University will remain a consolidated University. We feel that this question has now been decisively settled."

The Chancellor revealed that this decision has been made by the University's Board of Trustees. Deconsolidation of the three campuses was rumored following the organization last spring of the State Board of Higher Education, which is to have authority over 12 state institutions of higher learning.

Aldermen Go On Tour Of Town; Curb And Gutter Job Okay Seen

The Chapel Hill Board of Aldermen, in a committee-of-the-whole tour of the Town, this week inspected a number of current and proposed projects.

Town Manager Thomas D. Rose said that the Board also discussed negotiating a contract for installation of curbs and gutters on eight streets in the Town with the William Muirhead Construction Co., low bidder on the job whose sealed proposals were recently opened.

At that time the aldermen felt the bids were too high and voted to wait a while before awarding the contract inasmuch as the Muirhead firm's low bid of \$57,000 exceeded the \$50,000 in bond funds available for the work. It now appears possible that this contract can be let at the Board's August 13 meeting.

Addressing the Kiwanians on "The Future of The University And Chapel Hill," Chancellor House also declared that "The University will grow enormously and will remain as one of the distinguished universities of this country."

As the years pass, he said, the University will be in a city that will continue to look like a village. "We can do this only by the help of the town and the County—and no less by town than by gown," said Mr. House. "And of course we must also have the assistance of the state and of the nation."

The Chancellor paid tribute to "the fine community spirit of Chapel Hill which has been one of the formative influences in the greatness of the University."

Ensign Traces Development Of New Hope

The growth of the New Hope Camp, Church and community, during his eight years as minister there was traced by the Rev. John E. Ensign in a talk last night before the Chapel Hill Rotarians.

In going over the development of the community — eight miles north of Chapel Hill—the Rev. Mr. Ensign suggested that the most important accomplishment has been "what has happened to the people."

At the end of this month the minister will leave for a new post in Richmond, Va.

The New Hope Camp for Orange Presbytery, organized soon after the Rev. Mr. Ensign's arrival in the community, has served over 4,000 persons each summer, he said, and was used every weekend except one last year. This \$150,000 camp, of which the Rev. Mr. Ensign has been director, will have 1,200 children during its regular camping season this summer, he said.

More than 1,100 youth delegates to a national convention in Raleigh had a whirlwind look at sights of Chapel Hill on Tuesday afternoon during a day-long tour of Orange and Durham Counties.

The visitors, riding in a 25-bus Caravan, were attending the annual meeting of the American Institute of Cooperation at State College in Raleigh. In addition to visiting Chapel Hill's major co-operative institution, Hospital Saving Association, they also stopped at the Morehead Planetarium and drove through the campus.

In their 20-minute stop at Hospital Saving Association they tramped through the building at nearly a one-per-second clip. Entering via the basement hall they climbed up the stairs, went down the top floor hall, and out the rear stairway. While there was no time for explanation of the HSA system, the visitors were given folders telling about the organization.

Acting President William C. Friday greeted the women for the Consolidated University, and then they were shown the Morehead Planetarium. Going back to the buses, the women inspected the newest addition to the Planetarium grounds, the Morehead Sun Dial.

Roy W. Armstrong, director of admissions, Russell M. Grumman, director of the UNC Extension Division, and Edgar F. Thomas, field representative of the UNC Alumni Association, acted as guides for the three bus loads of women delegates. State College furnished the children's guides from a group which had previously visited the cooperative associations.

Following a tour of the campus, the women traveled to a cooperative dairy where they were served free ice cream.

Representatives from all over the country were in the visiting party. They left Chapel Hill after an hour and forty-five minutes, carrying pamphlets, brochures and souvenirs with them.

MARTINE MASURE

Belgian Girl Coming Here On Exchange

Martine Masure, an 18-year-old high school student from Namur, Belgium, and Chapel Hill's third American Field Service foreign exchange student, will arrive here for the coming school year in about three weeks.

Her year as a student at Chapel Hill High School will be sponsored here by local civic and church groups in cooperation with the American Field Service Committee. Rogers Wade, Committee Chairman and representative of the Kiwanis Club, said that Miss Masure will stay with the Bernice Ward family on Greenwood Road. One of their two daughters, Linda, will also be a senior at Chapel Hill High this coming year.

This past year Eddie Osawa, student from Tokyo, Japan, has attended Chapel Hill High School under this same program. Initial recipient of a scholarship to Chapel Hill was Barry Hughes, student from England, who was here during the 1954-55 school year.

Under this program, Mr. Wade explained, 654 students from 25 countries attended school and lived with families in this country during the past school year. This summer, 696 American students are spending the summer in 19 foreign countries under the exchange summer scholarship plan.

Marilyn Markell, rising senior at Chapel Hill High, is the first winner of an overseas grant from here, and is currently attending a youth meeting in Germany. She is expected to return to his country early next month.

HSA Purchases Bright's Store

Hospital Saving Association has purchased the M. J. Bright Food Store which adjoins its office building on West Franklin Street.

Mr. Bright closed the store this week, and Hospital Saving will take possession of it on September 1. An official of the insurance firm said that the new quarters would be used for needed additional office space.

Mr. Bright opened his store 16 years ago across the street where Andrews Restaurant is now located, and moved into the present building eight years ago. He said that his plans were indefinite for the time being, but that he planned "to rest a while."

Weather Report

Partly cloudy and quite warm with scattered showers in North East portion today and tonight. Tomorrow, not quite so warm. High today, 92; low tonight, near 70.

People We Know

E.W. Neville—A Real Log Cabin Boy

By NANCY WINBORNE

The work day begins at 7:30 each morning for Everett Walters Neville, whose little Cash Store at the corner of West Cameron Street and Merritt Mill Road looks as weathered as its octogenarian proprietor.

"I'm a log cabin boy, born and raised in a log cabin on McCauley Mountain—you can see the mountain right through there—and went to school in a log cabin to Mollie Amick Cheek and her brother, John Amick. Got the rest of my education between the plow handles." Mr. Neville arose from an improvised seat of orange crates and cardboard to wait on his customers.

Two-Building Town
"First time I remember coming to Chapel Hill? Well, I was about five, I reckon. Won't nothing here but two brick buildings, a few

E. W. NEVILLE

houses and some Negro shanties. One of those buildings is still standing—that Mouza Cafe. It was the McDade homeplace then. The streets was real clay beds when it rained, too."

"Lots of things change, but folks go on acting the same. Take this thing of moving the colleges, Wake Forest and Louisville, you know. When they started looking for a site for the University, they sent a committee around the state to find the best place."

"One of my old grandfathers was on that committee. He was a Nevill from Halifax where they had the government one time. My aunt put the 'e' on the name about 80 years ago to make it look better—same as some other names 'round here been changed to look or sound better."

"This committee was going round and everybody wanted the (See NEVILLE, Page Eight)

HOSPITALIZED

Today's register of patients at Memorial Hospital include:

- Y. Z. Cannon, Mrs. Mary Gemmell, Walter D. Harrell, Betty Mac Hopkins, Mrs. J. H. Hinson, Miss Ann Lacock, Green Lloyd, Mrs. C. T. McDonald, John Neville, W. D. Neville, Mrs. Tom Strowd, Mrs. Henry Wagstaff, Eddie Womble and Kathy Wilson.

Pony League Ball Team Is Planned

Plans for a Pony League baseball team here in Chapel Hill have been initiated by UNC Coach Walter Rabb and the Kiwanis Club Youth Service Committee, and the first practice session has been set for this afternoon at 4:30 on Emerson Field.

Final arrangements were made yesterday at an organizational meeting for players and coaches. Approximately 15 boys in the 13-14 year old age group attended. Bill McGinn, outstanding southpaw pitcher under Coach Rabb at Carolina a few years ago, was named as

coach of the local squad. Present plans call for the team to work out at 4:30 each week-day on Emerson Field throughout the remainder of the second summer school session. It is expected that games will be arranged with Pony League squads from Siler City and Durham, although the Durham game is still in the tentative stage.

According to Coach Rabb, the movement is strictly exploratory. "We're organizing this team with an eye toward the future. The purpose of the program will be to

give the boys who are in between ages for Little League and high school ball a chance to play baseball," he said. "If enough interest is shown, we hope to be able to organize a regulation Pony or Babe Ruth League here next year," he went on to say.

Today's practice session is the only one to be held this week. The next practice will be Monday at 4:30 at Emerson. All interested boys in the correct age group are urged by Coach Rabb to come on out to the ball park.
