

Brief
PAUL CHEEK, the possibility of having service employees in Chapel Hill totalling over \$1 million will probably be sought by the State Board of Higher Education.
 The pay hikes will be the major item in budget increases to be sought by the Board which will present its requests to the Advisory Budget Commission next Monday. For the current fiscal year it is estimated that the University's payroll here will total \$10,788,029. A 10 percent increase in this amount, or over \$1 million, is to be asked, in keeping with pay hikes requested by other state agencies last week.
 Consolidated University officials here noted that the salary increases, if funds are approved, would probably not be on a flat 10 per cent basis, but might be on a formula of a flat five per cent plus additional amounts on a discretionary basis.
 For all of the state's 12 institutions of higher learning in general, State Director of Higher Education J. Harris Purks said, the increases would be used "primarily to correct inequities between institutions," to hold present faculty members, and to fill vacancies in the faculties with qualified teachers.
 While details of the new budget requests were not yet available, the following totals for the four divisions of the University at Chapel Hill were released yesterday: Present appropriations for University 1956-57—\$3,733,387, increase sought for 1957-58—\$1,309,396, increase sought for 1958-59—\$1,260,316; Division of Health Affairs, present year's appropriation—\$1,672,000, increase sought for 1957-58 and for 1958-59—\$445,613 for each year; Memorial Hospital, present year's appropriation—\$888,305, increase sought for each year during coming biennium—\$444,157; and Department of Psychiatry, present year's appropriation—\$341,937, increase sought for each year of coming biennium—\$95,404.

Alex Shepard Named To Consolidated Post

Acting President William Friday today announced the appointment of Alexander H. Shepard to be Acting Business Officer and Treasurer of the Consolidated University. The position, approved by the 1955 General Assembly, was filled by action of the executive committee of the UNC Board of Trustees and Mr. Shepard's appointment is effective immediately. It is one of the major positions in the consolidated office. Mr. Shepard has been assistant to the Business Manager of the University at Chapel Hill.

Mr. Friday stated, "Mr. Shepard's superior capabilities and his intimate knowledge of the functions and details of finances and business management of the University are the reasons why he was the natural choice in making the selection. His years of devotion to duty in the University, his knowledge of University affairs and his fundamental ability were prime considerations."
 Mr. Shepard is a native of Wilmington and a graduate of Davidson College. He has been with the University at Chapel Hill since 1932, and has been assistant to the business manager since 1943. He is married to the former Miss Sallie Cowell who was from Washington, N. C., and they have a son and a daughter.

Chapel Hill Annexes Again; Big Bond Issue Vote Is Set

Would Retain Low Debt Ratio

A capital improvements program totalling \$433,000 has been proposed for the Town of Chapel Hill by Town Manager Thomas D. Rose.

In outlining the projects to the Board of Aldermen, Mr. Rose showed that to finance this program in a voter-approved municipal bond issue as earlier proposed would increase the Town's bonded indebtedness for the coming fiscal year from \$366,000 (as of Dec. 31, 1956) to \$922,000. This latter figure would include \$85,000 in bond anticipation notes and \$38,000 in bond already authorized but not sold.

Debt Would Be 3.8 Pct.
 The present debt ratio, on the basis of the \$17,000,000 valuation of property in the Town, is 2.9 per cent. On the basis of a probable valuation of \$24,000,000 for the municipality in 1957-58, the debt ratio for the \$922,000 indebtedness would be 3.8 per cent, where (See BONDS, Page 8)

65-Acre Tract Joins The Town

The third annexation this year of castside territory to the Town of Chapel Hill this week brought the size of the municipality to about 2,265 acres.

By mutual consent a 65-acre tract on the bypass highway including the Glenwood School has become a part of the incorporate town. Chapel Hill is now almost double the size that it was before the series of annexations last spring.

Following a public hearing before the aldermen on Monday evening, the Board annexed the new territory as requested by the Chapel Hill Housing Group, a mutual organization of the approximately two-dozen owners of residential lots in a 30-acre wooded hillside tract.

Also included in the newly-annexed territory is a strip of University land and the Glenwood Elementary School. The new section of the Town runs about a half-mile along the east side of the bypass extending southward from the former limits at the Raleigh Road in Glen Lennox.

There were no objections to the annexation at the formal hearing. Robert Gladstone and Robert Agger, spokesmen for the Housing Group, said the property owners planned to develop this area in the very near future.

An agreement for extending sewer lines to the new area was also approved by the aldermen. By its provisions the property owners are to install the lines under Town supervision. The owners will be re-imburged, according to terms of the agreement, as houses are completed and joined to the line.

School Board Seeking Opinion On Civic Club Recreation Plan

Plans for a civic club-sponsored recreation program have been presented to the Chapel Hill School Board for their consideration. After hearing the plan the Board members decided to confer with the State Attorney General to ascertain its legality in all respects. While no formal vote was taken on acceptance of the civic group's plan, the School Board members seemed generally in favor of it, at least in theory.

To Replace 'Rec'
 Under this plan the five men's civic clubs of the community—and possibly other groups, too—would sponsor a recreation program after the present "Rec" Center in the old Methodist Church downtown is torn down to make way for the Church's building program.

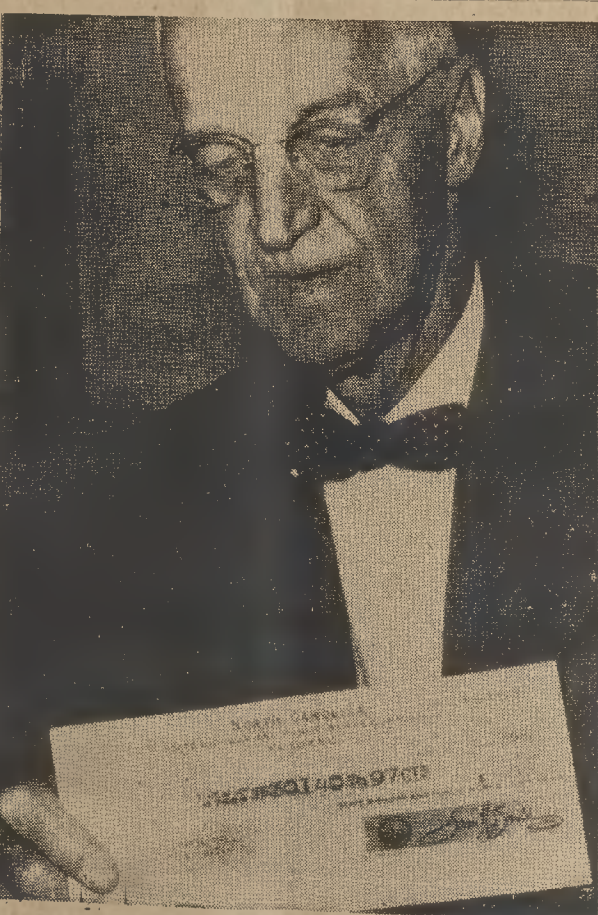

Orientation Of 1,300 Freshmen At University Is Started Today

A cross-section of first-year students from throughout the United States and some foreign countries flooded the University campus today as freshman orientation got underway. The remainder of the six-day orientation period will be filled with examinations, movies, receptions, picnics, dances and other social activities. Registration will be held September 17-19, and classes will begin the following day, Sept. 20.

Directing orientation activities this year are Bill McLean of Lumberton, for the men students, and Annette Nivens of Charlotte, for the women.

High School Music Contest Set By Music Club For October 6

The Chapel Hill Music Club will have as its first project a qualification contest for awards to be given by the Club to the four most outstanding high school students who participate in this event. This contest will be held October 6 at 8 o'clock in the Choral Room of Hill Music Hall. Solo entries in voice, piano, orchestral or band instruments are eligible. The awards to be presented are two season tickets to the Chapel Hill Concert Series and two tickets to the North Carolina Symphony. The two girls and two boys showing the highest degree of musicianship in performance will receive these awards. (See MUSIC CLUB, Page 8)

TOWN'S STREET SUM—Chapel Hill Town Manager Thomas D. Rose shows the check for \$30,140 which he received and deposited yesterday as the municipality's share of the State's Powell Bill Fund for maintenance of local streets during the current fiscal year. The check represents more than 10 per cent of the budgeted income for the year and is the biggest single revenue item the Town will take in for 1956-57.
