STILL TAKING PAPER

Jaycees Paper Drive Chairman Matt Thompson Jr. said this morning that the freight car in which yesterday's paper drive collections are being stored will remain at the loading platform in Carrboro all week in the event householders have additional paper they wish to donate. The paper may be left on the platform and will be loaded later by Jaycees. Mr. Thompson said about 29 Jaycees turned out for the pick-up, gathering about 30,000 pounds—one of the best collections in the past year. He expressed his appreciation to local merchants who allowed the use of their trucks, and to Police Chief W. T. Sloan who has permitted storage of paper at his Airport Road shed.

"As erst, in Eden's blissful bowers,
Young Eve surveyed her countless flowers,
An opening rose of purest white
She marked with eye that beamed delight.
Its leaves she kissed, and straight it drew
From beauty's lips the vernal hue."

The 17, or as it turned out to be the 15 couples attending "Top Ten Dance Party" last Saturday night dined, danced and had fun. Fate lowered the number by visiting with measles, striking off four CHHSers.

Becky Boone and Gene Lloyd are runners-up in the dance contest, competing against the returning couple from Fuquay. Refreshers of ice cream and Pepsis were served at intervals to the weary dancers.

Following the show the group divided, some going to the Little Acorn Restaurant, some to the Pines and some to La Pizza — anywhere

to get rid of that famished feeling. "Our Town," the junior class play, was a smash hit last Friday night. Congratulations, juniors, on your fine performance and the hard work and strenuous effort you put into it.

Cast members will long remember the butterflies, the minor catastrophes, and especially the party at Sally Lee's afterwards. Presents were given to Mrs. Reagan, Mrs. Winecoff and Mr. Vause, who were directors, and Mrs. Basile, who was in charge of publicity.

Tommy Burns will be back home on April 10 from Lackland Air Force Base in Texas. He is going to Air Patrol School there.

Gene Smith left the Hill for Canada Sunday after his month's leave. Gene will be missed by many people, especially the Proconian staff.

'Progress In Racial Attitudes At UNC Noted By Student Panel

There is a growing tendency to regard students as students regardless of race, creed, or color at the University here, according to a student panel which evaluated five years of desegregation at the Chapel Hill campus last Thursday. The panel discussion was held at the meeting of the Chapel Hill Fellowship for School Integration and was chaired by Prof. Lee Brooks.

One panel member underlined this conclusion when he said that he has been treated like and feels like "any other student on the campus." He is Thal Elliott, a Negro pre-medical student.

While Martha Richardson, graduate student in Religion, pointed out that there still seemed some reluctance on the part of Negro women to apply for admission to the University—"or on the part of the Admissions Office to accept their applications"—Sonny Evans, president of the student body, gave several examples of acceptance of Negro students by their fellows on the campus.

The rights of Negro students to sit in the student section at ball games, to use the gym and pool facilities, and to eat in Lenoir Hall have been upheld by the student body, Mr. Evans said. Recently, he stated, there have been conferences with fraternities and sororities aimed at persuading them to remove discriminatory clauses in their membership rules.

Mr. Evans reported that the results of a student committee study on what it is like to be a Negro at UNC will be published soon and will contain a cross-section of opinion obtained by many interviews with students, faculty members and townspeople.

Prof. Brooks, in summing up, concluded from the discussion that "it is necessary not only to take a stand, but to take a step now and then" and stressed that "apathy is as much a block to progress as prejudice."
