

American Legion Elects Lester Foley

Lester Foley has been elected Commander of Chapel Hill Post No. Six of the American Legion, succeeding Charles W. Johnston.

The new Post officers, along with officers of the local Legion Auxiliary, will be installed at a social to be held next month. The Legion elections were held following a banquet for Post members on Tuesday evening.

Mr. Foley, a salesman for the Crowell Little Motor Co., has been First Vice-Commander of the Post this past year, and as such has been in charge of membership drives. In this field the post was first in the district. He is also the past Chancellor Commander of the local Knights of Pythias, an officer in the Exchange Club, and a past Jaycee. During World War II he was in the Army Corps of

Bush and Winifred Braxton; Historian and Graves Registration Officer, L. J. Phipps; Chaplains, George Spransy and Garland Kirkland; Child Welfare and Service Officer, Paul Robertson; and Athletic Officer, Howard Pendergraft. The Post Adjutant is to be appointed by the new Commander.

Three Features Of Tennis Week Are Announced

First three daily features of the Jaycees Tennis Week profit-making project next week will involve running a radio station, pumping gasoline, and the passing out of breakfast cereal samples.

The week-long series of fund-raising ventures is being staged beginning next Monday to earn money toward a \$7,500 budget the Club has set up to sponsor the nationwide Jaycee Junior and Boys Tennis Championships here Aug. 5-9.

On Monday 26 Jaycees will act for one-half hour each as announcers over Station WCHL. They'll announce commercials which they have sold to local merchants, and the Club will share the profits from these sales.

Bill Kohn and C. W. Etheridge, co-chairmen of the Tuesday project, said that 75 Club members would give out samples of Wheaties on a door-to-door basis Tuesday night, along with physical fitness literature. They will also accept donations toward the tournament expenses, the project chairman said.

Three local gasoline stations—Barclay's University Station, Gardner's Sunoco, and Parker's Glen Lennox Service Station—will be manned by Jaycees all day Wednesday. In this case again the Club will share the profits from gasoline sales and routine service work.

Merger Vote

(Continued From Page 1) of increased taxes seemed to be a more important issue. The regular White Cross precinct voted against the County-wide school bond issue in 1956, though the proposal carried substantially in the entire County. And—incidentally, it carried by a whopping 11-to-one proportion in Carrboro precinct.

Further, the issues of the campaign would testify that the dislike of higher taxes did not figure largely in the Carrboro voting, since merger opposition leaders have proclaimed their support of a supplementary tax for the Carrboro School attendance area alone.

Undoubtedly there are a number of other reasons that dictated in which square each voter placed his "X" after the voting booth curtain was drawn. Among these seem to have been the feeling that Chapel Hill would have benefitted more than Carrboro-White Cross

"WHO'S SELLING OUT?"—The Ralph Cheeks, vocal proponents of the passage of the school area merger issue which was defeated in Tuesday's election, woke up yesterday morning to see a 'for sale' sign planted in their front yard at 801 Hillsboro St. — the obvious work of opposition pranksters. Above, the Cheeks, who say they aren't planning on moving anywhere, are seen in front of their home with the crudely-lettered sign board. News Leader Photo

criteria for tuition charges be the average special school tax paid in the Chapel Hill Unit per resident pupil."

Mr. Culbreth appointed to this committee Richard Jamerson as Chairman, and Mrs. Marvin Allen and Charles Milner. According to the official minutes of the meeting last night's special session was called "to decide on appropriate action due to the failure of the election to merge..."

Cites State Law
Mr. Culbreth cited the state's school law which, he said, required an agreement in writing between the two boards before any out-of-district pupils could be allowed to attend local schools.

Upon the passage of this state law in 1955 the Chapel Hill and County Boards adopted such an agreement—which continued the previous status quo. But in the two succeeding years there has not been any such agreement, despite this law.

The local Board hopes to settle the out-of-district pupil matter, as well as the mass pupil assignment for the coming year, within the next few days—hopefully before the end of the present school year, according to Mr. Culbreth. He pointed out that the hiring of teachers for next year would be greatly affected by this matter.

As to the general pupil assignment policy for next year, he said that he anticipated that the Board would re-adopt the existing regulations, whereby racial segregation has been maintained.

As to the general pupil assignment policy for next year, he said that he anticipated that the Board would re-adopt the existing regulations, whereby racial segregation has been maintained.

Student Town's First Serious Traffic Victim

A University student riding a motor scooter on S. Columbia St. has become Chapel Hill's first traffic casualty of 1958.

Seriously injured, but recovering satisfactorily at Memorial Hospital is Thomas B. Cornell, 23, sophomore from Key West, Fla. According to information given Policeman James Farrell he was struck by an auto at 5:15 Tuesday afternoon as he passed the entrance to Wilson Hall at the Columbia St. - South Road triangle intersection.

He was under special care at

the Hospital for treatment of a concussion and serious lacerations. The patrolman said that the driver of the auto, Archie C. Allen of 8-B Clark Court, 28, had been charged with failure to yield the right-of-way and personal injury. Mr. Allen reportedly told the policeman that he was headed south on Columbia St., preparing to turn left into the Wilson Hall driveway.

An oncoming truck stopped in front of him, the policeman stated. As Mr. Allen turned across in front of the truck he struck the

student on the motor scooter. The far lane of traffic had been partially shielded by a view.

Damage to both vehicles is reported to be minor.

discussion and/or adoption of pupil assignment regulations. Not only was the door of the school administration building closed, but it was locked with a key.

WORKMEN CLEANING OUT THE rubble in the burned Presbyterian Church this week lifted out the century-old church bell. It had almost broken through the balcony floor, so a hole was bashed in at this point and the bell lowered by an electric crane. Cracked almost entirely around its circumference, it also showed spots on the rim where it had melted slightly.—Such a fate for the bell which the Church session once voted to donate to the Confederacy to be melted for bullets.

schools and for a better understanding of education needs.

"The Citizens Committee takes this opportunity to thank those persons who so willingly gave of their time and energy in carrying out a campaign which would have resulted in many benefits to the children, the community and the schools, had it been successful.

"Inasmuch as the majority of the Carrboro-White Cross voters signified their preference to remain with the County school system, it is hoped that those persons will earnestly endeavor to support all the schools of Orange County."
