WIFE AND FAMILY While my wife and family are far away I am thinking of you all every day. So please remember, don't forget, That God and son love you all yet.

Oh, yes, I am proud of you all And of my sweet home so true; On families like you we must depend My home and country I must defend

Now darling, throw your worries away For back of you are friends who pray; And back of friends, a God so true; Who, don't you doubt, will see you through

For you each morning, noon and night At sunrise and by candle light: From my loving heart there goes

praver To him who keeps you all in his care

So, do your best, darling, while we do ours, To overcome these evil powers;

And let us trust in Him alone, Whose strength is greater than our own.

And when my task in this war is done To you and sweet home through God I will come;

To be with you and family till my life is done
