FRENCH UNDERGROUND IS BATTLING SAVAGELY
Large Nazi Armored Forces And Other United Divided From Front.

Large German armored artillery and air forces have been directed from the invasion front and are fighting the French underground in battles raging over a large part of the countryside.

Systematic disorganization of enemy transport has "contributed directly to the success of Allied operations in Normandy," said the second special war bulletin of Supreme Headquarters.

It pictured resistance reaching full battle pitch as Partisans harassed and impeded the Nazis.

In some sectors where the Germans attacked with heavy artillery, air and armored forces, the Nazis have been forced to give ground, but not without inflicting losses on the enemy, the

bulletin said. In other areas, despite considerable Nazi forces sent against them, the Partisans have held stubbornly to their positions.

"In addition," the communiqué said, "numerous engagements are reported from the Pyrenees, the Vosges, Ardennes, Aisne and Crusse. Elements of several German divisions and a large number of local defense troops are estimated to have been contained inside France by the action of the resistance forces.

"Many cuts on the railways, and numerous obstacles on roads have effectively hindered the passage of German reinforcements to the beachhead. In this way two armored divisions have been seriously delayed in north-west France. In the Bordeaux region, the Bordeaux, La Rochelle, La Beule-Perquise and Bayonne-Angoulême railway lines have been sabotaged.

"Railway cuts also were reported throughout the Rhone valley and in Brittany, the Loiret, Aisne and the area north of Paris."

Mount Joy, Pa.—In order to protect from damage by mice its precious livestock feed supplies, the local Chamber of Commerce has offered three cents for the tail of every rat caught here and turned in by June 15.

THIS is Invasion! Now in the hearts, brains and muscles of our American Youth lies the future of our country.

Bow your heads. Pray with millions of mothers the country over, as their hearts reach out over the seas, each one seeking out her boy, to protect him with the shield of her love.

Believe that in this world there is definite strength in decency and honor. Believe that in our devotion there is moral force. Believe that our will to victory will aid that victory.

Seek and ye shall find!

Let us seek added strength and fortitude for our men in our own sacrifice and devotion.

Let us focus every thought, every action, and every prayer on the boys fighting for us.

And, while each one bends to his task with ever-growing fervor and energy, let us adopt a common symbol as our faith in Victory.

Let that Symbol be War Bonds. Let us pour our money in a gigantic flood of goodwill toward our sons and brothers, as a spiritual shield for them.

This is the Invasion. The lives of our boys are at stake. Let them see that the Soul of America is with them.
