THE LATEST WAR NEWS IN BRIEF

LONDON—Spurred on by Gen. Eisenhower's order of the day calling for the most determined effort of the cracking enemy, Allied air men hammered at the retreating German legions in France today as the Nazis reported heavy bombers over the Reich itself.

Another day of excellent weather sent the Tactical Air Force lashing anew at Von Kluge's scattered divisions, and the Berlin radio declared Allied bomber and fighter formations had swept over Southern Germany to Bavaria and then returned to the northwestward.

MOSCOW—The war hour for an all-out Soviet assault on East Prussia appeared to be approaching rapidly today as Russian armies massed in a great thrusting are before the borders of that German province. Russian units to the south were fifteen to seventeen miles from the East Prussian frontier, while to the east other Soviet forces were seven to ten miles away and to the north from 30 to 35 miles.

U. S. PACIFIC FLEET HEADQUARTERS—The fourth bombing of the Philippines in five days and now air moves north and south of Japan were portents today of a war moving west so fast that Admiral Chester W. Nimitz may have to advance his headquarters to catch up with it.

SUPREME HEADQUARTERS ALLIED EXPEDITIONARY FORCE—Allied troops, striving to capitalize on what Gen. Dwight D. Eisenhower described as a "definite opportunity for a major Allied victory," fought today through an unbroken mountain range corridor in the Patagonian area and trap a strong German force of 10,000 men retreating toward Park.

RED CROSS NEWS

(Mrs. Geo. S. Lee, Publicity Chairman) The latest class to be taught in Nurses' Aides which will be conducted at night, is still open for registration, according to Mrs. Sara Napier, Chairman Nurses' Aides Committee. However, no applications will be taken for this particular class after August 15th. Anyone interested must get additional information from Red Cross office or by calling 430.

First Aid Class in Waxhaw Mrs. W. H. Rooker, Chairman First Aid Committee, wishes to call attention to a class being organized at Waxhaw for instruction in First Aid. Miss Ruth McCain of Waxhaw will be the instructor and applications may be made or any information obtained by calling Miss McCain at T. Richard Nibbet in Waxhaw.

Next-of-Kin Parcels Changes have been made in the War Department's procedure for sending out labels for next-of-kin and tobacco parcels for American prisoners in Europe. These labels are now being mailed to next of kin throughout the 60-day period and not, as heretofore, in one batch on the 10th of every other month.

Moreover, the labels no longer become invalid at the end of a 60-day period. They may be used at any time, but it is recommended that they be used as promptly as possible. After the first label has been received under the new plan, subsequent labels should arrive every 60 days.

Transportation conditions in Europe are steadily deteriorating, and will undoubtedly grow worse. For this reason the suggestion is made that Christmas parcels for European camps be mailed by the end of July. The War Department is not issuing special labels for next-of-kin Christmas parcels, and the ordinary 60-day label should be used.

It may be helpful in this connection for the next of kin of prisoners in Europe to know what the special Red Cross Christmas package now being made up in Red Cross Packaging Center No. 3 at New York, will contain. It includes turkey, plum pudding, sausages, butter, deviled ham, Cheddar cheese, bouillon cubes, tea, honey, strawberry jam, candy, mixed salted nuts, fruit bars, dates, sliced pineapple, chewing gum, playing cards, cigarettes, smoking tobacco, a pipe, a game, and a washcloth. Shipment will be made in good time, and in sufficient quantity, so that every American prisoner of war and civilian internee in Europe should receive one at Christmas.

Volunteer Home Service J. Hampton Price, Chairman of Home Service for Union County Chapter, lists below some of the services your Chapter is prepared to offer to servicemen, ex-servicemen and their dependents:

Information: Supplying information concerning Government regulations and legislation affecting servicemen, ex-servicemen and their dependents. Communications: Assisting with communications between servicemen and their families when normal means of communication are not available, or when an emergency situation justifies the use of special Red Cross facilities.

Benefits and Claims: Assisting servicemen, ex-servicemen and their dependents in applying for family allowances and in presenting claims for pensions and other Government benefits.

If you are interested in helping with this type of service, join the Volunteer Home Service Corps. For further information see your Red Cross Chapter or call 430.

HAS 15,000 "BOYS" IN FIGHTING FORCES Godfather to 15,000 men in service, Ed Wallnau, of New York City, takes great pleasure in his friendship with West Point cadets and Annapolis midshipmen he has "cultivated" since 1931. He also has "adopted" many coast guardmen.

When his boys go to war Wallnau remains their agent, proxy, trustee, servant—whatever is required of him. He receives from 75 to 100 letters a day from service men requesting favors, and fulfilling their orders gives Ed a great deal of pleasure.

Ed has begun to meet many midshipmen when they came to New York on one of their summer cruises. He helped show them where to go and what to see. A regular fan at all early sports events he can get to, he acts in the West Point mess hall and is one of the few civilians admitted to the academy without a pass. Now in his late forties, Wallnau has made his way in life. His parents died when he was young, and he peddled newspapers. Today he is vice-president of a large hotel.

RUSSIAN SCIENTIST PLANS ICE MUSEUM

Savant's Super "Time Capsule" Would Preserve Human Bodies For Future. Moscow reports a unique plan the Russians now have of elaborate on the American "time capsule" buried at the New York world fair grounds some years ago and which will also attempt to preserve objects of our everyday life for future generations.

When M. Sungenin, the soviet scientist who is now working out plans for the gift to the future, was experimenting in eternally frozen Northern Siberia and found bodies of prehistoric animals and humans buried for centuries lacking in decomposition, he conceived the idea of a huge underground museum which would preserve in the frozen earth a perfect sampling of our current existence.

PROGRAM FOR PEACE AIM OF CONFERENCE

U. S., Britain, Russia and China To Begin Discussions Soon. The question of proper organization and use of military forces to suppress aggressor nations and to preserve world peace will be the major concern of representatives of the United States, Great Britain, and Russia at the world security conference opening in Washington August 21. Later discussions are planned among the United States, Britain and China.

Later it is presumed other members of the United Nations will be drawn into the planning, and whatever agreements may be made will be submitted to the legislative bodies of allied nations for action. Edward R. Stettinius, acting secretary of state, will be head of the American delegation and the conference host. He will be assisted by a staff of military and diplomatic experts. Leader of the British delegation will be Sir Alexander Cadogan, under-secretary for foreign affairs in the London cabinet, and chief of the soviet group will be Maxim M. Litvinov, vice commissar for foreign affairs in Moscow.

The conference will be held at Dumbarton Oaks estate, in the Georgetown section of Washington, and representatives of the press will be permitted to attend only the opening ceremonies. After that all news of the progress of discussions will be made in official communiques. Some time later, it is reported, these same leaders of the United Nations will take part in a conference on the important questions of trade barriers, tariffs, and debts.

Mrs. E. D. Steels left Friday for Brownwood, Texas, to be with her husband for some time.
