## WHEN VICTORY COMES IN EUROPE

As this is written, victory in Europe is the hope and prayer of all, and it could anti-date this mailing, praise be to God.

When it comes, we (At Plyler's) will close for the day. Quickly, Quietly, not in Careless Celebration, but in Sober, Solemn Gratitude, in earnest realization of the bloody task still ahead in the South Pacific.

For there can be no lessening in civilian support of our Armed Forces. Rather, must our efforts be intensified, that the further, final victory bring speedy end to death and sorrow.

We, of Union county, went over the top (as usual) in the war relief drive.

The Sixth War Loan Campaign will soon open. We must not let our boys down now. Let's buy another bond, and keep the ones we have. Our boys are giving until it hurts. We cannot let up now.

### An Armistice Day Message

New fields of poppies have sprung out of old battle-grounds. Fresh rows of white crosses mingle with the weathered gray ones of World War I. Sons of the men of 1918 are scarring and reddening the same fields where their fathers fought.

What are our thoughts as we observe Armistice Day again in the midst of war?

We are thinking of our obligation to the dead, to the living, and to the unborn. Nazi tyranny and barbarism must be ended forever. We must win a peace that will last.

We pray that our strength and our judgment will be equal to the task.

Monroe, North Carolina

## LOOK FORWARD . . . to a World of Peace

WE HONOR THE FIGHTING MEN OF BOTH WARS!

The heroes of World War I have not been forgotten in our hearts. They are just as much honored and respected today as 26 years ago, along with their sons who have proven themselves in the present day conflict. On this Armistice Day, November 11, 1944, we pay tribute to the men of Chateau Thierry and of the Philippines, of Argonne and Tarawa. They represent the spirit that is America!
