\$1.50 PER YEAR

LINCOLN, N. C. MONDAY, NOV. 25, 1935

PRICE: FIVE CENTS

## Chief of AAA Cotton Section Is Expecting Prices to Hit 13 Cents

### NEWS BRIEFS

#### State Allotted \$207,000

Raleigh, Nov. 21.—Mrs. Thomas O'Berry, state relief administrator, today received an allotment of \$207,000 from federal officials to carry on relief work in North Carolina during the remainder of November and there was no word it was a "final" grant.

#### Bullet Breaks Arm

Thomasville, Nov. 23.—Allegedly wounded by an intruder in his yard early this morning, Snow Loftin, of Thomasville, was taken to a local hospital with a fractured forearm. Loftin said he heard a noise in the yard about 5 o'clock this morning and when he went out to investigate a man fired at him, hitting him in the arm. His wound was said not to be serious.

#### 4,500 Families Ill

Murcia, Spain, Nov. 23.—More than 4,500 families in Murcia Province were reported today to be suffering from colic caused by eating poisonous bread. The Government is sending medical aid from Madrid. Jose Merones, proprietor of the bakery from which the bread came, has been jailed.

#### Roosevelt In Georgia

Warm Springs, Ga., Nov. 23.—President Roosevelt sat beside the fireplace of his small cottage on Pine mountain tonight and with a broad smile upon his arrival here late Thursday indicated his pleasure at getting back again for Thanksgiving.

#### Snows Hit Mid-West

St. Paul, Nov. 23.—Snow in a half dozen states accompanied by biting temperatures brought wintry conditions a month ahead of its formal advent, to a wide mid-west area. North Dakota had the lowest temperature, 12 below zero at Minot, and the most snow—enough in some areas to make roads impassable. The mercury rose slowly through the day.

#### 4 KILLED WHEN CAR HITS TRUCK

Spartanburg, S. C., Nov. 23.—Four men were killed and three injured, one critically, early today when a Royston, Ga., truck collided with an automobile on the outskirts of Spartanburg.

T. C. Jones, of Royston, Ga., and Homer Woods and G. B. Bonham, both of Chesnee, S. C., were killed almost instantly, while Clevis Martin, also of Chesnee, died two hours later in a hospital.

Physicians gave E. M. Spearman, of Chesnee, little chance to recover. He suffered a skull injury and a broken leg.

The other injured were Grady Price, of Chesnee, crushed chest and spinal injury, and Talmadge Mitchell, of Royston, numerous fractures and lacerations.

The Georgia men were riding in a truck which police said belonged to a Royston, Ga., trucking line. The Chesnee men were in the automobile.

The cause of the crash was not immediately determined by officers.

#### Three Mayodan Sisters Have 4 Sets Of Twins

Mayodan, Nov. 23.—Speaking of twins—  
A pair have just been born to Mr. and Mrs. Jake Tucker here.  
Mrs. Tucker is a sister of Mrs. Alonzo Atwood, who gave birth to two sets of twins in ten months.  
They have another sister, Mrs. George Purdue, she gave birth to twins four months ago.  
They all reside in Mayodan.

#### 1936 Cotton Adjustment Program May Be Announced This Week

Washington, Nov. 23.—Forecasting 15-cent cotton, Culley A. Cobb, chief of the AAA cotton section, today expressed a belief that a "considerable part" of the 4,450,000 bales controlled by the government under 12-cent loans would be moved to market this season.

"The demand for cotton is strong," Cobb said, "and the European stocks of American cotton have been exhausted. The price has seemed fairly steady recently above 12 cents."

Cobb indicated that an announcement of the 1936 cotton adjustment program might be made Tuesday or Wednesday.

#### Optimistic Over Prospects

AAA records showed that on November 1, a total of 4,450,678 bales were held under loans of 12 cents a pound. Title to this cotton is still held by the farmers, who obtained the loans, and before the cotton may be sold, officials said the price would have to equal the amount of the loan, plus interest and carrying charges.

It was estimated unofficially that before the loan cotton could be marketed, the price would have to be 13.50 cents a pound.

Cobb said he was "very optimistic" about the outlet for cotton. Most of the current cotton crop is moving cut to market rapidly, he added, and records disclosed that on November 1, only 32,628 bales of 1935 cotton had been placed under the 10-cent loans being made this year.

The 12-cent loans made last year (Continued on back page)

## F. D. R. SCORED FOR SUPPORTING SENATOR NORRIS

Nebraska Democratic Committeeman Says President Hurts State Ticket

North Platte, Neb., Nov. 23.—Keith Neville, of North Platte, democratic national committeeman, charged today that President Roosevelt had "jeopardized the chances of the entire democratic state and national ticket" by his recent unqualified support of Senator George W. Norris (republican, Nebraska).

"It would have been more appropriate," Neville said, "for the President to have suggested to Norris that he file as a democrat."

Neville contended that Norris was not entitled to the support of democrats if he ran for reelection as a republican or an independent.

Sees "Bolt"  
President Roosevelt's statement that Norris should be kept in the senate, "as long as he lives" gave Nebraska's senior senator virtual assurance the President would "bolt" the democratic candidate for senator," Neville said.

"If Norris should run as an independent or as the nominee of the republican party as in the past," Neville said, "the President will be placed in the unusual position of bolting a part of the ticket of which he is head. The situation is unprecedented but perhaps there will be a new deal formula for conducting a political campaign in an unpolitical and unorthodox manner."

Neville's statement stirred rumors of a possible split in the ranks of Nebraska democrats over Norris, if he decides to seek reelection as a republican or independent.

Governor R. L. Cochrane, a democrat, said he would be "glad to join in any movement to keep Norris in the senate."

#### Hits High Taxes

J. P. MORGAN  
Mr. Morgan, America's leading private financier, predicted upon his arrival from a visit to Europe last week that all private fortunes in this country would be wiped out in 30 years unless taxes and governmental expenditures were cut.

## GASTON MAN WILL BE FIRST TO DIE IN GAS CHAMBER

Ed Jenkins, Convicted of Murder, Scheduled to Die On December 6

Raleigh, Nov. 23.—Unless he receives executive clemency, Ed Jenkins, Gaston county slayer, will be the first man to die in North Carolina's new lethal gas chamber, now under construction at Central prison here.

The state supreme court yesterday affirmed Jenkins' conviction of the murder of Paul Collins, and his execution was automatically set for December 6, Jenkins pleaded self-defense and insanity.

Jenkins shot Collins to death in Bessemer City a few days after the law changing the method of legal death in North Carolina from electrocution to inhaling lethal gas became effective last July 1.

Construction of the gas chamber, which is also being used for electrocutions until those now under sentence to die by that method have been disposed of, is now under way.

Prison officials have not announced when they expect the gas chamber to be completed.

In denying Jenkins' plea for a new trial on the contention evidence was excluded, the court held that the only testimony withheld was that of the defendant was of low mentality, and that there was no error in its exclusion, since "low mentality is not the test of insanity."

#### Yeggs Take \$3,000 From Harrelsville Bank; Crack Vault

Harrelsville, Nov. 23.—Yeggs some time during last night burned a hole in the safe of the Bank of Harrelsville and took a sum estimated by E. D. Callis, cashier, at around \$3,000.

Callis said the exact amount of the loss could not be determined until an audit had been made. There were no clues to the robbers, he said.

## U. S. BETRAYED BY ROOSEVELT, STATES PATTON

Democrats Have Violated Every Pre-Election Guarantee, He Says

Morganton, Nov. 21.—The policies of the New Deal were vigorously condemned here tonight at a republican rally attended by 350 persons from Burke and nearby counties, intent upon plans for the 1936 election.

Frank C. Patton, member of the Morganton bar and former United States district attorney, delivered the keynote address at an enthusiastic session which also heard Calvin R. Edney of Marshall, party candidate for the Tenth district congressional race in 1934, and R. Don Laws, editor of the celebrated Yellow Jacket of Moravian Falls.

"The party in power today, elected as Democrats but masquerading under the catchy phase of the New Deal, bears no more resemblance to the party of Jefferson, Jackson, Tilden and Cleveland than the Soviet constitution resembles the American Constitution," Mr. Patton said.

Continuing, he asserted that his hunger-producing tax policy pays millions to farmers for laying out our broad acres which could and would produce an abundance for the nation's hunger.

Under the New Deal, the Democratic party has abandoned every tradition and principle of the past end violated every pre-election guarantee, he said. The phrases "New Deal," "More Abundant Life," and "Self-Serving Bureaucracy" rolled repeatedly from the speaker's tongue with oratorical emphasis.

At the conclusion of the address, the delegations discussed party organization in preparation for the 1936 battle at the polls, for which purpose the rally had been called by the Burke Republican club.

A telegram from W. C. Meekins, chairman of the State executive committee, voiced confidence that the party would carry North Carolina at the next election.

## GASTONIA YOUTH IS FATALLY SHOT

Davidson, Nov. 21.—Mack W. Little, 17, of Gastonia, freshman at Davidson College, was killed today in a college dormitory room by the accidental discharge of a pistol he and others were cleaning.

His companions, Oren Moore, Jr., of Charlotte, a sophomore, W. H. Monie, of Raleigh, H. F. Holoman, of Rich Square, and Charles M. Waters, of Burlington, told College authorities and Chief of Police Riley that the magazine had been removed from the pistol, a .38 calibre automatic belonging to Moore, and it was being cleaned when it went off.

The bullet struck Little in the left side near the heart. Dr. J. W. McConnell, college physician, was called immediately, but when he reached the room Little was dead.

Riley said there was no question but that the shooting was an accident and that he planned no further action. The police chief said his understanding was the pistol was in Moore's hands when it discharged, but that Little had been helping to clean it and when he was called to the scene had a greasy rag in his hand.

## Envelope With \$4,350 In It Is Discovered

New York, Nov. 23.—An envelope containing \$4,350 awaits a claimant at a police station, thanks to the honesty of Mrs. Anne O'Shea.

Mrs. O'Shea was on her way to church in Jackson Heights yesterday and saw the rain-soaked envelope lying in a gutter. She picked it up. Inside were 87 damp \$50 bills, a veritable fortune to Mrs. O'Shea, for only recently she incurred a debt of more than \$2,000 for an operation.

Mrs. O'Shea, however, took the money home to her husband, Patrick, a policeman, and together they went to a police station to report the find.

The money is still unclaimed.

## National Campaign to Lower Auto Accidents Will Start January 1

### His Courage Won

DETROIT.—An uncle offered aid to William Dix (above), now 27, when his parents died several years ago. But William preferred to make his own way and started selling papers. This week he was informed his uncle had died and had left him \$71,000.

### Safety Council Hopes to Reduce Number of Mishaps at Least 35 Per Cent

Chicago, Nov. 24.—A nation-wide campaign seeking to reduce automobile accidents at least 35 per cent by 1941—thus preserving 38,000 lives—was announced tonight by the National Safety council. The drive will open January 1, the council disclosed, and will continue for five years.

The council stated it had a large organization ready to proceed in cooperation with public officials, traffic safety chiefs, educational leaders, safety groups, civic organizations and federal departments.

Announcement of the program came several days after President Roosevelt called a conference at Washington within the next two weeks to consider means of insuring greater safety on the land and sea and in the air.

### Plan Educational

The council's plan is largely educational. It envisions the extension of uniform, time-proven methods to all sections of the United States. It will be localized for each state and city.

"It is planned to co-ordinate much of the existing safety effort, to centralize and standardize the work through application of methods proved by successful experience," the council set forth.

A definite state-wide school program will be recommended for each state, together with the organization of state safety councils and local safety organizations in towns and cities.

"The adoption of uniform laws, including standard drivers license legislation, will be urged, together with adequate administration of traffic laws. Standardization of accident reports will be undertaken, with provision for more complete accident statistics and their interpretation and application. The detailed engineering, enforcement and education technique of the states and cities now doing outstanding work will be made available to the country at large."

## Wayne Negro Is Buried Twice In 3-Day Period

Goldsboro, Nov. 23.—David Winn, Wayne county negro who died in a Kinston hospital Saturday, has been buried twice within the past three days.

Winn had been living in Snow Hill for several years and belonged to a burial society there. Upon his death his body was returned to Snow Hill and was buried, the society provided burial for its members only in Greene county.

Brothers of the dead man, on receiving word of his death, made preparations for funeral and burial at the family plot in Fork township, Wayne county. The grave was dug and the mourners were ready with their funeral wreaths. Preachers and mourners waited but the body did not arrive. Finally the crowd dispersed.

Tuesday the brothers sent a Goldsboro negro undertaker to Snow Hill for the body. He found that Winn had been buried Monday. He dug up the casket, placed it in his hearse and brought it back to Fork township, where Winn was buried again with proper ritual.

Maybe the forgotten man is the King of Italy.

## 'Wolves' Win Last Game of Best Season in Four Years

### Lincolnton Beats Oakhurst, 59 to 0, Before "Appreciation Day" Crowd

(By "Smack" Proctor)

Lincolnton high's Gold and Black Wolves turned on all its crushing power for an Appreciation Day crowd estimated at 800 here Friday afternoon to swamp a bewildered Oakhurst team of Charlotte 59 to 0. This was the local teams final game of the season.

The score accurately measures the superiority of one of the best Lincolnton teams in years. It tells the story of Oakhurst impotence. Oakhurst never at any stage of the game had a chance, while the on rushing Lincolnton ball carriers scored in every period, leading 32 to 0 at the half.

Throughout the game Oakhurst was back on its heels—in the line, in the backfield, on defense and on the attack. Oakhurst had no comeback for the hard charging Wolves line. For that string of galloping backs, paced by Johnson, Cloniger, Grice, Leonard and Lockman, the Oakhursts seemingly weak in physical strength and low in spirit, had no retort.

The game was scarcely three minutes old when three Wolves linemen charged through to block a Oakhurst punt, Dave Cashion recovering—the loose sphere in the end zone for a local score. A pass, Leonard to Johnson added the extra point. Several minutes later the Wolves marched down the turf for another score. Ed Johnson knifing through the Oakhurst defense on an off tackle slant for the score. Johnson came back shortly afterwards to again grab the spotlight with two other spectacular touchdowns jaunts. Bill Grice, line busting fullback, also added a neat 25 yard touchdown run to terminate the first half scoring orgy. Score—Lincolnton, 32; Oakhurst, 0.

The second half witnessed some nifty gallops by Goon Cloniger, who literally tore his way through the Oakhurst line to pick up yardage on every attempt. Cloniger climaxed his brilliant running by scoring two touchdowns, both on wide end sweeps. C. B. Phillips, midget quarterback who has been out for varsity football four years but never able to

## REYNOLDS TO GO AROUND WORLD

Washington, Nov. 23.—Senator Robert R. Reynolds of North Carolina, means to live up to his claim that he is about the most traveled member of congress.

He cabled his office Wednesday from Manila, where he attended the inauguration of the new Philippine commonwealth, that he would stretch his trip into a round-the-world tour.

The Senator, who left for the Philippines a few days after completing a 9,000 mile tour of the United States, said he would leave Manila November 25, returning to the United States by way of India and the Suez Canal.

He is expected here late in December.

Reynolds is a veteran traveler, having worked his way around the globe. Since he became a senator in 1922, Reynolds has travelled extensively. He visited Soviet Russia last year.

## 888 Are Killed on State's Highways Since January 1

October, Most Deadly of All Months, Saw 131 Lives Lost in Accidents

Raleigh, Nov. 23.—October, 1935, deadliest of them all in automobile mishaps, furnished 131 killings, the state department of revenue announced today, bringing the ghastly total to 888 for 10 months.

The 31 days of October saw also a new high in accidents. There were 754 injured persons, a supremely high all time mark. The 10 months covered led the same period of 1934. The highest killed in North Carolina history was in 1934. It lacked four of going to an even thousand. Apparently there is no hope of holding the deaths to a mark below 1,100.

## Brazilian Hunters Kill 78-Foot Snake

Mansao, Brazil, Nov. 23.—Hunters returning here today from the Solimoes River district reported killing a number of that class of victims yet recorded. September, 1935, produced 116 killings, just one under the murderous Christmas month of last year. There were 12 deaths among children under 14 years. Drunken drivers caused 10 fatal and 69 non-fatal accidents. Speeding is credited with 33 fatal and 69 non-fatal accidents for October, last. Reckless drivers are charged with 21 fatal and 115 non-fatal mishaps. October a year ago was worse in that respect. There were 27 killings and 99 injuries.
