Republicans Eschew Threats of Split and Get Together On Candidates

Gilliam Grissom, former United States collector of internal revenue, was given the Republican nomination for Governor at the biennial convention held in Raleigh Tuesday. Frank Patton, of Morganton, was nominated as candidate for the United States Senate by unanimous vote and State Chairman W. C. Meekins, and National Committeeman Chas. A. Jonas were re-elected without opposition. The following report of the convention meeting was sent out from Raleigh:

Gilliam Grissom, former United States collector of internal revenue, was given the Republican nomination for Governor at the biennial convention here Tuesday.

Mr. Grissom was nominated by a vote of 694 1-2 to 393 1-2 over Irvin B. Tucker of Whiteville, nominee of a group that had him slated to head a slate which included James J. Britt of Asheville, for the United States Senate. Mr. Britt told friends that he was not available for nomination.

Frank Patton of Morganton, was nominated as candidate for the United States Senate by unanimous vote after his nomination had been seconded by Charles A. Jonas of Lincolnton, national committeeman.

Mr. Grissom, who Monday night declared his intention of staying in the race or withdrawing in favor of John L. Morehead of Charlotte, was given strong support by eastern counties and unexpectedly strong support from the western section of the State.

After his nomination, he pledged himself to carry the fight into every part of the State and make every effort to win the election of himself and other candidates named by the convention.

State Chairman W. C. Meekins was re-elected without opposition, as was Charles A. Jonas of Lincolnton, for the post of national committeeman.

Both Mr. Meekins and Mr. Jonas were given enthusiastic and spontaneous approval.

C. H. HARRILL, 66, LOCAL CONTRACTOR CLAIMED BY DEATH

Funeral Will Be Held Friday Afternoon From the First Baptist Church

Charles Henry Harrill, 66, died at his home on South Aspen street early this morning following a short illness. He contracted a cold during the heavy snow storm here Tuesday a week ago, which quickly developed into pneumonia. His condition had been alarming for the past several days.

Mr. Harrill is survived by his widow, Mrs. Mary Huffstetler Harrill, two sons, Ben E. and Robert H. Harrill, of Lincolnton, and two daughters, Mrs. M. H. Lineberger, of Catawba, S. C., and Miss Ethel Harrill, of Lincolnton. He leaves also three brothers, A. M. Harrill, of Newton, R. E. Harrill, of Little Rock, Ark., and F. A. Harrill, of Salisbury. Ten grandchildren also survive.

Charles Henry Harrill was born in Lincoln county, January 15, 1868, the son of Esq. Abe Harrill and Adeline Caudle Harrill. He was one of a family of eleven brothers and one sister. Early in young manhood Mr. Harrill became engaged in the contracting business, thus launching himself on a career which led him to be recognized as one of the outstanding contractors of this section. His first work was the building of depots and tanks for the G. C. and N. Railway, now the Seaboard, between Monroe and Atlanta. He later made a specialty of building mills and among (Continued on back page)

Meeting Will Be Held in Lincoln County Courthouse On April 8th

A meeting of all farm agents of the State of North Carolina was held in Raleigh Monday and Tuesday, at which time the 1936 farm program was outlined and explained. Meeting with the Raleigh officials and county agents were representatives from the Washington office, who assisted in clarifying the program.

J. G. Morrison, farm agent for Lincoln county, attended the conference and for the benefit of the farmers of this county has prepared a digest of the conference, which is given below:

"I was in Raleigh all day Tuesday getting information on the new farm program. There are many details that cannot be put into a news letter at this time. So much of it has not been decided upon by the State Committee. I will try to explain the principal points of the program as affecting the farmers in this section. First: What must I do to comply with the new farm program?

Answer: One must plant 20% as soil building crops to 80% in crops that run down the soil. For instance, if you have 40 acres planted in such crops as cotton, corn, wheat and oats, you must have as much as 8 acres planted to soil building crops to turn under. These crops are such as peas, soybeans, vetch, clovers, etc. Lespedeza will be counted a soil building crop when planted alone or that which has been reseeded, but it is not a soil building crop when planted on wheat, the wheat being harvested.

Second: How much of my cotton will I have to reduce? Answer: You do not have to reduce any, but you are allowed to reduce as much as 35% of your old base. For reducing the cotton acreage you will be paid 5c per pound for your old yield per acre on the number of acres reduced. For instance, if your old base acres were 20 acres you could take out 7 acres and if your yield per acre were 300 pounds per acre you would get \$15.00 per acre for the 7 acres which would be \$105.00, however, you could plant 19 acres and take out 1 acre for which you would be paid \$15.00 for the 1 acre. You are paid on just what you take out from 1 acre up to the number equal to 35% of your base. You are not allowed to be paid on reducing such crops as corn, oats, truck, etc., unless you have been raising more than you need for home use. If you have a base that you have established and have been selling these crops, then (Continued on back page)

Full Text Of Republican Platform

Raleigh, March 24. — The 1936 platform for the North Carolina Republican party, as presented to the convention by the platform committee for consideration, follows:

The Republican party of North Carolina in convention duly assembled at Raleigh, March 24, 1936, declares the following principles and purposes as those upon which it proposes to go before the people of the State in the next general election with the unqualified pledge that if entrusted with power it will enact the necessary laws and administer the affairs of the State in such manner to effectuate these ends.

Stand On Taxes We demand that all useless offices and agencies existing in the State be abolished. That a rigid and effective policy of economy be inaugurated, that the amount of expensive salaries be reduced to a minimum, that local self government be re-established in the several counties of the

State and local business of the communities be transacted without bothersome State department interferences. We demand that savings thus effected and otherwise possible be used in the first instance to abolish the general sales and other nuisance taxes, that the tax on automobile license plates be reduced to a maximum amount of \$4.00 per year on the highest cars and that the burden of taxation generally shall be removed from the long suffering taxpayers to the greatest extent possible without destroying the efficiency and effectiveness of our State, educational, charitables and other institutions.

On Agriculture The time is now here for this country to extend the same measure of protection to agriculture as is extended to industry, under the great American system of protection. Agriculture does not need temporary relief. It needs a permanent constructive policy that will do justice and

enable the farmer to make a fair profit, and sell his products to the consumer at a price that will reduce the cost of living and at the same time will enable America to recover its lost foreign markets for our great staple agriculture products. Civil Service

If elected to power we pledge the Republican party to place all employees of the State, including public school teachers, except laborers and those holding executive positions, in the classified civil service, but it will free State employees from the baleful influence of professional politicians.

Education Objectives We demand that the educational system of North Carolina, both in the higher and lower branches, be removed absolutely from the field of politics. That the professors, teachers and instructors in the local schools, colleges and university of the State shall be selected solely (Continued on back page)

Went to Kill Cow And Shot Self

Stockton, Cal., March 25.—P. H. Delaney, thirty-eight, who went out to kill a sick cow and shot his own left index finger, has returned to his job at the tallow works. "The cow got well before he did," said the tallow works telephone operator.
