**North Brook I Home Club Gives Aid To School**

(By Mrs. Paul Beam)  
The North Brook No. 1 Home Demonstration Club is an active organization serving its community and school in a number of ways. Among its most recent projects is furnishing financial assistance to the school cafeteria. Much interest has been shown in the project, and the ladies have done a commendable job.  
From a bazaar, a supper prepared for the Lincoln County "School Marm's" Club, and a fish supper, the club realized a total of \$178.70. This was used to provide free lunches for needy children. We club members feel well-paid for our time and effort when we realize that this amount has provided approximately 895 lunches.  
The club was responsible for securing blood donors in the March blood bank program and has participated in the health and welfare work of the county. Plans are also underway for organizing a P. A. at the North Brook High School.  
So many and so varied are the activities of the club that it is difficult to think of community progress without including the Home Demonstration Club.

**LEAKING WATER PIPES**

Ordinary yellow soap and a little whitening mixed with just enough water to make a thick paste, bound over the leak in a water pipe, will prove satisfactory until the plumber arrives.

**Miracle Bedroom—All Washable**

"I'd love to have a glamorous bedroom," sighed a modern young housewife, wistfully, "but with three children—and all my own housework to do, I don't have time for extra laundering."  
There's good news for homemakers today, thanks to modern science. Many glamorous spreads and draperies you admire in decorating magazines are truly washable. Typical is "Westchester" shown here, a bedspread and drapes that go in your washing machine—and come back smiling, fresh—and the same size! According to The Cannon Homemaking Institute, they'll fit beautifully after washing—and they don't need ironing! Smooth them out—and all wrinkles disappear. Lint-proof, too, they save your time in sweeping and dusting.  
It's additional good news that many of these low-budget miracle spreads have high-style decorator features—rounded corners, welted edges and a custom-made distinction usually in more expensive spreads.

**Hospitality Shines on Easter Morning**

Begin the Easter brunch with Hot Cross Buns, fresh fruit and coffee while the Springtime Casserole bakes and sausages cook.  
Easter Sunday is meant to be observed in the morning. The very name is thought to have come, in part, from the word meaning "dawn" in Sanskrit, an ancient language.  
This year, your Easter brunch can be served leisurely. Hearty appetites brought home from sunrise services can be satisfied immediately with Hot Cross Buns, oven warmed while the coffee perks. The spice of the buns traditionally typifies the spices brought by the faithful women to the tomb on that first Easter morning.  
With the buns, serve a refreshing surprise—fresh pineapple and strawberries—designed for eating at ease. While your family and guests are enjoying the first course you will have time to combine and bake the entrée—Springtime Casserole—a cloud-light fondus which features cheese and bread cubes folded into beaten egg whites. Most of the kitchen time can be taken care of the day before by grating the cheese, cubing the bread and preparing the fruit.  
Springtime Casserole  
3 tablespoons shortening or margarine  
4 1/2 tablespoons flour  
1 teaspoon salt  
Dash cayenne pepper  
1 1/2 cups milk  
3/4 cup (3/4 pound) grated processed cheese  
3 egg yolks, beaten  
1 1/2 cups soft bread cubes  
3 egg whites  
Melt shortening in a small saucepan. Blend in flour, salt and cayenne pepper. Add milk and cook until thick. Add cheese and stir until cheese melts. Gradually add cheese sauce to beaten egg yolks. Add soft bread cubes and mix well. Beat egg whites until stiff and dry. Fold into cheese mixture. Pour into a greased 1 1/2 quart casserole. Set casserole in a pan of hot water and bake in a slow oven (325° F.) for one hour. Serve immediately. YIELD: 6 servings.

**EASTER TRIBUTE**

THE GLEE CLUB from Fred Waring's famed Pennsylvanians lifts its voices in the "Song of Easter" while rehearsing for General Electric's annual Easter program on CBS-TV. For millions of Americans Waring's traditional Easter Sunday television show has become a regular part of their observance of this sacred season. The half-hour (9 to 9:30 p.m. EST) will be devoted entirely to orchestral and choral arrangements of Easter music with sponsor G.E. relinquishing the time customarily devoted to the commercial message. (ANS Features)

**EASTER CAKE IS SPECIAL**

WHO SAID EASTER WAS JUST FOR CHILDREN? Serve an Easter Egg Cake at dinner, and see. The children may not be able to say more than "gee . . ." but it will serve as a conversation piece for the grown-ups, and bring to mind all sorts of similar fun occasions in their own childhood.

Cover your favorite cake with fluffy white frosting, says Winifred S. Carter, who directs the Household Information Service for Procter & Gamble. Then sprinkle it with shredded cocoanut (which has been tinted green with vegetable coloring). Right in the center of the frosting, place a colored candy egg for each member of the family. Melted chocolate squeezed through a wax paper cone can be used to write names on the eggs. And here's one of Mrs. Carter's favorite recipes, just for good measure. It's for a graham cracker cake.

**GRAHAM CRACKER CAKE**

Makes two 9-inch layers  
Measure into mixing bowl: 1 1/2 cups sifted cake flour, 1 cup finely crushed graham cracker crumbs, 1 1/4 cup sugar, 1 teaspoon salt, 3/4 cup Crisco, 3/4 cup milk.  
Blend thoroughly by hand or mixer (medium speed) for two minutes.  
Stir in: 3 1/2 teaspoons double acting baking powder\*  
Add: 1 egg, 2 egg yolks, 1/2 cup milk, 1 teaspoon vanilla.  
Blend by hand or mixer (medium speed) for two minutes. Pour into two deep 9-inch layer pans (1 1/2 inches deep) which have been rubbed with Crisco and lined with heavy waxed paper. (If smaller pans are used, fill half full and bake remaining batter in cup cake pans.) Bake in a moderate oven (375° F.) 30-35 minutes. When layers are cool, ice between layers, on top and sides of cake.  
\*With tartate type use 5 teaspoons.

Use Easter Seals.
