TROUBLE IN THE MINING REGION.

The Military at Lynchburg Order to be Ready for Service.

LYNCHBURG, Va., Jan. 15.—Considerable excitement was created in this city last night when orders came from Governor Lee stating that trouble was brewing in Pocahontas, and to hold the military in readiness to proceed at once if necessary.

A special this morning from Pocahontas to the Advance says: "The trouble is not here but on the Elkhorn, in West Virginia. The miners complain that instead of loading cars with a capacity of two tons as formerly, the company has increased the capacity to three tons and the miners' wages are not increased. They are paid by the car. The Pocahontas miners are in sympathy with them and have promised assistance if they go on a strike. The Pocahontas company says it will have to increase the capacity of its cars or decrease the present rates of mining. There is great excitement throughout the mining regions, but no outbreak has occurred."

Did you ever have a blinking sick headache and feel as if you would just like to be "anywhere, anywhere, out of the world?" Well, if you will only take Laxador you will be happy again.

The True Method Of curing habitual constipation, and liver and kidney ills is to avoid the use of the bitter drastic liver medicines and cathartics, and to take only the pleasant liquid fruit remedy, Syrup of Figs. It cleanses as well as strengthens the system, and does not leave the bowels constive, so that regular habits may be formed, and the invalid permanently restored to health. It acts promptly and effectively; it is easily taken, and perfectly harmless.

NEW YORK, Jan. 15.—The cigar box factory No. 715 East 51st St. is burning. Three girls are known to have been burned to death. A man has been arrested on suspicion of having set the place on fire.

LEADVILLE, Col., January 15.—On Saturday night last a young girl named Mary Spitzer was locked up in a room for a misconduct by her mother. A window happened to be open and the child climbed out and wandered into the mountains, where her dead body was found. She had been frozen.

The Deadlock in the West Virginia Legislatura.

CHARLESTON, W. Va., Jan. 15.—The deadlock in the Senate continues, and it is not likely that the body will organize for some time.

Sanford Express: We were pleased to meet Mr. Zolie W. Whitehead, formerly editor of the Greensboro Patriot, who informed us that he had purchased of Mr. George Haigh the old and well known Fayetteville Observer.

Favoring Immigration. RICHMOND, Va., Jan. 15.—The State Agricultural Board and Farmer's Assembly in convention here today adopted resolutions strongly urging that inducements be offered with a view to increasing immigration to the State.

The Governor of Missouri has become jealous of the attention given to outlaws; but he still continues to recommend the famous Dr. Bull's Cough Syrup for coughs and colds.

The proprietors of Salvation Oil, the greatest cure on earth for pain, will pay a large reward if any certificate published by them is found not genuine. It costs only 25 cents a bottle.

The Wonderful Healing Preparation Darby's Prophylactic Fluid. Wherever a preventing, healing, cleansing, and deodorizing infection or wash is required use Darby's Prophylactic Fluid. Any inflamed surface, external or internal, treated with the fluid will be quickly relieved. It has effected cures that had resisted the best medical skill.

"My wife was a confirmed dyspeptic Some three years ago by the advice of Dr. Steiner, of Augusta, she was induced to try Simmons' Liver Regulator. I feel grateful for the relief it has given her, and may all who read this, and are afflicted in any way, whether chronic or otherwise, use Simmons' Liver Regulator, and I feel confident health will be restored to all who will be advised."—Wm. Our little girl when but three weeks old broke out with eczema. We tried the prescription from several good doctors, but without any special benefit. We tried S. S. S., and by the time one bottle was gone, her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and healthy head of hair—a just healthy child. I feel it but my duty to make the statement. S. S. S. RICH HILL, Mo.
