RAILROAD ACCIDENT.-Quite an accident, and yet one resulting in slight comparative damage to life and limb. occurred on the Salem Beanch, near Whiteheart Cut, some five or six miles east of Kernersville, last night. The tram from Winston, due here at 8:15, p. m., was running at fair speed, when it encountered a land slide. which had carried with it down upon the track a quntity of large rocks. Striking this mass the engine and five or six treight cars were thrown from the track, and three of the box care bedly demolished.

The fireman had his collar bone broken, and an old gentleman in one of the coaches attached, who seems to have inclined forward with his head on the back of the seat in front of him, had the skin peeled from his forehead and the bridge of his nose The escape of the passengers was, therefore, almost complete, and the whole result was remarkable. A train went up from this place and brought the mull and passengers from the wreck at 2 o'clock this morning.
