SO UNDT OOTH
Chewing Tobacco.

The Sound Tooth Chewing tobacco,
(copyrighted and patented in 1889)
manufactured exclusively by the Hol-
and Burton Tobacco Co. Danville,
Va. It cleanses, beautifies and pre-
serves the teeth. The formula has the
endorsement of many prominent and
leading dentists, who pronounce it not
only harmless, but positively beneficial
to the teeth and gums. The ingredients
are of the purest, and combined with
those of the natural leaf, formed and
blended together, make the finest and
most popular chewing tobacco ever of-
fered to the trade. The use of sound
tooth chewing tobacco will prevent tar
from forming on the teeth; it will
harden and beautify the enamel and
prevent sound teeth from decaying; it
will cure ulcered gums, has a dental re-
sulting them to a healthy condition, it
purifies and sweetens the breath, it
leaves a pleasant taste in the mouth, it
is delicate in flavor, and is a most ex-
cellent chew. Try Sound Tooth Chew-
ing Tobacco and you will use no other.
