## THE MILLS.

The Greensboro Knitting Mill, which manufactures underwear exclusively, is doing a very nice business, running on orders some distance ahead.

The Hosiery Mill of Mr. L. F. Ross is also moving up into shape handsomely. All the goods made have been taken. This is one of the best signs in all the "Zodiac."

The WORKMAN has always urged the establishment of various industries, and sees now, and every one else must, that these are the things to build up a city.

## A WELL DUG.

The city fathers have had a well dug for Mr. Duffy, as he requested, on the keepers lot at the Cemetery. Good water was readily found. The well is 29 feet deep. It is a good thing, and the well was a necessity.

Headache, indigestion, and all disorders of the Liver, Simmons Liver Regulator surely cures.

**BROWN'S IRON BITTERS**  
Cures Dyspepsia, Indigestion & Debility.

## FOLKS YOU OUGHT TO KNOW.

Who They Are—Where They Are, and What They Are Doing.

Mr. John Benbow, of Oak Ridge, is here today.

Mr. Robertson, former Prin. Liberty Academy is here today with his family.

Mrs. E. L. Stamey passed down the road to her old home, at Joncaboro, this morning.

Mr. J. W. Foust, Proprietor Mt. Vernon Springs Hotel, spent last night in the city, accompanied by his little son Eugene.

Rev. G. W. Callahan will start tomorrow to his Annual Conference at Concord.

Prof. Fentress has decided to leave Pleasant Garden Academy and take a School at Clio, S. C.

My store will be closed all day on Thursday, 27th Thanksgiving day. W. S. MOORE.

The First Presbyterian church will hold Thanksgiving services on Thursday, at 11 a. m. in the Court House. Public invited.

Messrs. J. A. and R. P. Gray and Miss Eugene Gray went down to Wilmington this morning.

Senator Vance, who has been taking a rest since the campaign closed, at his home in Buncombe county, passed through here last night on his way to Washington City.

The Supreme court of the U. S. on yesterday affirmed the decision of the Court of Appeals of New York in the case of the Japanese Sailor, Jugico, under sentence of death by electricity. This is a final disposition of the case and puts the question, as to the legality of execution by electricity, to rest.

The venerable Kindred Craven, who lived near the Factory Junction and who had been afflicted for some time, died on Sunday last, and was buried yesterday at Bethlehem Church.

August Belmont, a distinguished banker and politician, of New York, died yesterday from the effects of a severe cold.

A delicate thought is a flower of the mind.—Rollin.

Life, however short, is still made shorter by waste of time.—Johnson.

A man's country is not a certain area of land and mountains, rivers and woods, but it is a principle; and patriotism is loyalty to that principle.—G. W. Curtis.

Who can tell, when he sets forth to wander, whether he may be driven by the uncertain currents of existence; or when he may return; or whether it may ever be his lot to revisit the scenes of his childhood.—Irving.

## DAVIE STREET

Capt. Dick Smith and his force are making quite an improvement in the side walk on the east side of Davie from the market up to the corner of East Market. Three sycamores on Dr. Benbow's property have been dug up and taken out of the way. The printing office, however, is over the building line and needs setting back some six to ten inches more or less, and it would be a good idea to set it back while the other improvements are going on.

## Judgement

should be displayed in buying medicine above all things. In selecting a remedy for any disease, you should be positive that it contains nothing injurious to the health. Many remedies on the market leave the patient in a much worse condition, than before taking them.

## S. S. S.

is purely vegetable, and perfectly harmless; the most delicate child can take it with absolute safety. It contains no mercury or minerals of any kind, and yet it never fails to cure the diseases it is recommended for.

Book on Blood and Skin Diseases free. Swift Specific Co., Atlanta, Ga.

## MRS. W. L. WALL

Speaking of the character of Mrs. W. L. Wall, whose tragic death occurred at Durham on Friday last from leaping from a moving vehicle, the Daily Sun says:

She was a great favorite in social circles on account of her aimable disposition and bright and vivacious manner. Whenever a stranger moved here she was one of the first to go to see her and give a cordial welcome to our city. She will be missed by all that knew her and every one drops a tear of sympathy for the dear children and the kind and tender husband who miss her most.

## BOTH RED.

The moon, just before it went down this morning was of a beautiful crimson color, and when the sun arose, it too was of the same color. We are having a late Indian Summer. People have made any number of predictions this year which have not been fulfilled. The weather-wise would have given us snow before now had they been able. We ought to be glad that none of "the vanities of the Gentiles" are able to give either rain or snow, heat or cold, or even to predict beforehand when these things shall be

## THE SULPHUR SPRING.

Rev. R. R. Moore has made decided improvement in and around his Mineral Spring. The spring has been walled in nicely and stone steps have been added, making the appearance of things greatly better. But beyond the improvements in the spring property itself, a number of dwellings have gone up round about, the first of which was built by Mr. A. A. Kirkman, so that "the wilderness and the solitary place has been made glad for them," and from now on what was once a desert will blossom as the rose and other words to the same effect.
