A NUMBER OF BEAUTIFUL LOTS ALL OVER THE CITY.  
**WORTH W. HARTON Real Estate and Improvement Co**

## CREAM OF THE WIRES.

LATE TELEGRAPHIC NEWS FROM ALL PARTS.

The Row Continues in Colorado—Destroyed by Fire in Richmond—Wants to Confer with the President—The Sioux War is Over, &c.

DENVER, Jan. 15.—The row in the lower house of the Legislature begun Friday was renewed yesterday. A motion to adopt the journal of Friday, which contained the appointment of a House Company, was defeated by a combine after two hours filibustering. The Speaker's party then moved an adjournment, which was declared carried, though the utmost commotion and calls of roll call and yeas and nays were made. Before the members could leave the House, Mr. Croin, leader of the Combine, moved that the position of Speaker of the House be declared vacant. He announced the motion carried by a vote of 28 to 21. Mr. White, of Custer county, was chosen Speaker, and, amid the greatest commotion the House adjourned.

The Governor has been called on to take action in the matter, and serious trouble is feared today.

RICHMOND, Va., Jan. 15.—The damage to the boilers, plates and other machinery for the battle ship Texas, injured in the Richmond Locomotive and Machine Works, will not be very heavy, nor will the ship's completion be delayed to any great extent by this fire. The machinery in the building burned was very valuable. A portion of it was put in expressly to do government work, at a cost of \$50,000. The principal damage to the Texas' machinery will be in polished rod work, bars and plates, the latter being constructed from a peculiar kind of metal. That which has already passed inspection is insured for \$283,000 in the Philadelphia Manufacturers' Mutual Insurance Co. The building destroyed will be rebuilt at once.

WASHINGTON, D. C., Jan. 15.—A telegram was received at the War Department today from Gen. Miles, asking permission for a number of Sioux Chiefs to visit Washington for the purpose of conferring with the President in regard to their condition. After consulting with Secretary Noble, Secretary Proctor telegraphed Gen. Miles, giving the desired permission. Gen. Miles says sending chiefs East will answer double purpose, namely, to satisfy them and to bridge war and peace, dispel distrust and hostility and restore confidence. It will also be a guarantee of peace while they are absent.

WASHINGTON, Jan. 15.—An Evening Star's staff correspondent telegraphs today from Pine Ridge Agency that the Sioux outbreak of 1890-91 is over. There may be and probably will be trouble with a few small detached bands of hostiles, but the great majority of those who revolted against the authority of the United States government have removed their war paint and are camped near the friendly Indians to the southwest of the agency just across White Clay creek.

JACKSONVILLE, Fla., 15.—A Key West special says that the safe in the postoffice there was blown open and robbed early yesterday morning. The thieves secured \$2,300 in money, besides the contents of twenty-four registered letters. The amount of money in the letters is supposed to be large. H. E. Hifer, of Barnwell, S. C., has been arrested on suspicion. His chum, John Cline is missing.

## A BUDGET OF LOCAL SQUIBS.

What our Exporters See and Hear About the City.

"Muddy and disagreeable," is the topic today.

The coming event—the Firemen's Fair and Festival.

Miss Josephine Forrest a clever young lady, is conducting an Academy at Mebane.

Beef bones make splendid napkin rings when bound around the edges with silver.

The body of G. W. Wright, who died at Salisbury, passed through this morning to Franklinsville for interment.

Don't fail to read what Sample S. Brown & Co. have to say to you in their new advertisement in today's WORKMAN.

Greensboro is to have another big tobacco prize house. Capt. Fisher will, as soon as possible, erect a large building for that purpose on the corner of Depot and Davie streets.

Good Poplar Lumber.

Mr. Frasier, of the Greensboro Furniture Factory, on making a trip up the line of the C. E. & Y. V. railroad, was enabled to purchase a large quantity of superior poplar lumber for the use of the factory, and it is probable that the demand for that kind of lumber will develop a larger supply than has been supposed to exist, especially in the northwestern part of the State, where there has been but a small demand for poplar lumber.

## ANOTHER BIG ENTERPRISE.

The W. C. Bain Building Company—Capital Stock \$25,000.

This Company was organized at its meeting in the Chamber of Commerce in this city on Saturday the 10th instant. The preliminaries had been under careful consideration for some time, so that there was a pretty clear understanding of what was proposed to be done.

It was resolved that the capital stock should be \$25,000 with power to increase it to \$100,000. Amount necessary to begin work, \$8,000. The amount subscribed was nearly \$11,000. It was resolved that the first payment should be 25 per cent of the amount subscribed—to be paid down; a second payment 60 days from the date of the first, also 25 per cent.

The third and fourth payments, 25 per cent each, within 30 days respectively of preceding payment.

The following are the officers so far elected:

W. C. Bain, President and Manager, R. W. Brooks, Vice President; J. W. Causey, Sec. and Treasurer; Bobt. M. Douglas, Attorney.

Directors: W. C. Bain, R. W. Brooks, J. W. Causey, Tyre Glenn, D. N. Kirkpatrick, S. L. Trogdon, W. R. Burgess—two more to be elected.

Quite an amount of the machinery has already been delivered and the complete outfit will be on hand so soon as the building can be put up, which will be soon. The location will be in Manufacturers' Square, south of the depot.

The first installment of 25 per cent is being collected to day. Further news of the progress of the company will be given as it may transpire.

## COMING AND GOING.

Movements of Some of the People You Know.

Mr. A. F. Brooks went to Ore Hill this morning.

Dr. J. J. Mott, of Statesville, was here this morning.

Dr. Mack Hayes, of Oxford, was in the city this morning.

Mr. H. B. Tatum's destination yesterday was Hot Springs, Arkansas.

Mr. W. H. Hill is just coming out of a fight with the "yaller" fellow called "Johndice."

Mr. V. M. Hanner, of this office, who went up to Winston, Wednesday, returned this morning.

Mr. J. S. Hupter returned from New York this morning, where he has been buying goods for his house.

Dr. M. L. Fox, went to Raleigh this morning, where he will receive treatment for his eye, which was hurt some time ago.

Mr. A. A. Johnson and family and Mr. Calvin Johnson went down on a visit to Mr. Johnson's mother, near Liberty this morning.

Mr. Charlie Alexander, of Meadow Station, Tenn., who is noted for his musical talent, is here for a few days as a companion of Rev. J. L. Kittrell.

THE WORKMAN does not remember the session of the Legislature of North Carolina when there were so many leaves absence on account of sickness, as there have been since the beginning of the present session. What can the matter be? That is to say, "What's the matter with Raleigh?"

## A Lamb Belled.

Married by Esquire Thomas Steele, at the residence of the bride, Mr. Bethel Bell to Mrs. Jane Lamb. Thus you see a Lamb has been belled by Steele on the banks of Deep River, on the 15th day of January 1891, near the site where Lord Cornwallis once had his headquarters.

## Officers of the Odell Mfg Company.

At a recent meeting of the officers of the Odell Manufacturing company all of the old officers were re-elected. They are as follows: President, J. M. Odell; Secretary and Treasurer, W. R. Odell; Vice President, J. A. Odell; The board of directors are: W. H. Lilly, T. M. Rogers, D. B. Coltrane, W. H. Branson, J. W. Cannon. The company is doing well, and under the management of these men of push, pluck and industry it cannot help but prosper.—Concord Standard.

## Removal of Bingham School.

The Alamance Gleaner, in speaking of the probable removal of the Bingham School from its present location, says: "For the sake of the community about Mebane, the Gleaner hopes that Maj. Bingham will conclude to remain with his school where it is." This is only showing the proper regard for a people who must suffer by the removal in proportion as its accession to some other community will prove a benefit to the latter community.

## A White Headed Affair.

The Charlotte Chronicle says that a Patriarch's ball is one of the swell events of the season, and adds, with great appositeness, "The drugstores are expecting a run on limbering up oils." One would think that St. Jacob's oil would be just the thing for a "Patriarch."

THIRD AND FOURTH CLASS MATTER.  
R. H. Cowan, Paul Flemming, Maggie B. Grass.  
Persons calling for the above will please say advertised.  
J. D. WHITE, P. M.
