A Prominent Minister Commits Suicide—A Child Run Over and Killed Near Shelby—Review of the Week's Trade—The Danville & New River Re-organized.

CHARLOTTE, N. C., Jan. 23.—Rev. James S. White, pastor of the Second Presbyterian church, and one of the wealthiest and most highly respected and beloved citizens of Rock Hill, South Carolina, committed suicide this morning by climbing into his wind mill tank, a distance of sixty feet from the ground, and drowning himself. For some time Mr. White had been troubled with dyspepsia, this morning at 2 o'clock he arose from his bed telling his son that he did not feel well and walked out of the room. As he did not return his son became alarmed, and went in search of him. Other members of the family and neighbors joined in the search, but all to no avail. On examination of the wind mill it was found that the top had been pulled off, and on closer examination the body of Mr. White was found floating on the top of the water which was eight feet deep.

CHARLOTTE, N. C., Jan. 23.—A little white child aged about 4 years was killed by the Carolina Central train this morning near Shelby. When approaching a deep cut the engineer saw two children playing on the track. Upon seeing the train one of the children jumped to one side, but the other turned and ran down the track. The engineer cut off the steam and put on the air-brakes so tightly that every wheel slid along the rails, but overtook the child. The pilot struck the little child in the back. As soon as the train could be stopped it was picked up. It was unconscious, but still alive. Its head was crushed in. The child was a daughter of a section hand on the road named Taylor. It was taken home, where it soon died.

NEW YORK, N. Y., Jan. 23.—R. G. Dunn & Co's, weekly review of trade will say: In the reports of this week, a moderate, but steady increase in the volume of business compared with last year is the most striking feature. We find improving business at New Orleans; at Louisville trade opens well, and the monetary situation improves; Jacksonville good trade is noted and at Baltimore manufacturers and jobbers are well ahead of last year. In consequence eastern centres show more activity. The business failures occurring throughout the country during the last seven days number for the United States 331, and for Canada 49, a total of 380 compared with a total of 411 last week, and 403 the week previous to the last. For the corresponding week of last year the figures were 336, representing 295 failures in the United States and 43 in the Dominion of Canada.

BALTIMORE, Jan. 23.—The Danville and New River Railroad, of Virginia, which was sold last August under a foreclosure, has been reorganized and next month will become a part of the Richmond and Danville system. Col. J. Wilcox Brown of this city, president of the road, is the principal owner. The reorganized company will issue stock to the amount of \$15,000 on each mile operated, which will be turned over to the Richmond and Danville, and on this basis new bonds will be issued, the principal and interest to be guaranteed by the Richmond and Danville. These bonds will be apportioned to the holders of the old road. The road will be extended westward in an almost direct line to Bristol, Tenn., and will give connection with the Richmond and Danville in that direction. The line may be used as a link for a new connecting line to Winston, N. C.

ABOUT THE CITY.

Stray Bits Picked Up by Workman Reporters—News in Brief.

The train from the South was two hours late this morning.

Let there be a full attendance at the different churches to-morrow.

Rev. P. H. Pennell, of Winston passed through this morning.

Rev. Dr. J. Henry Smith left this morning for Danville, Va., where he will preach to-morrow.

Mr. C. A. Osment, of Sumner township, has killed 243 rabbits this season; and it wasn't a good season for rabbits either.

Remember the call for a meeting of the real estate agents and real estate owners, at the Chamber of Commerce on Monday evening at 4 o'clock, p. m. An important meeting.

The House committee on public buildings and grounds has ordered a favorable report on the bill introduced by Mr. Brower; appropriating \$30,000 for the enlargement and improvement of the government building at Greensboro.

The Committee Appointed.

The committee appointed by the chairman of the meeting last night met this morning and appointed the following committee to meet the South Greensboro committee: Judge Gilmer, K. R. King, G. S. Sergeant, W. E. Beville, C. D. Benbow and S. S. Browa.

Bringing Them Nearer.

It was reported on the street this morning that the editor of THE DAILY WORKMAN had a selfish motive in wanting to take South Greensboro into the corporate limits, the idea being that this would bring the subscribers to THE WORKMAN closer to the center, so that the carriers would not have so far to go in delivering the papers. We are in favor of improvement in every shape.

At The Y. M. C. A. Last Night.

The anniversary exercises of the Y. M. C. A. last night was attended by a large crowd. The rooms, we are informed, being about filled.

A very interesting programme had been mapped out, and, as might have been expected, the occasion was a very pleasant one. Rev. J. H. Lacey, pastor of Westminster church, entertained the audience with an address, which we hear very highly spoken of. Plenty of good music had been secured, and altogether the occasion was a very pleasant and profitable one.

The Dog in Court, and a Dead Dog at That.

A dog belonging to Squire F. F. Glenn, of Sumner township was shot Thursday night before last by Eugene Toombs, who claimed that the dog was trying to bite one of his calves (of his leg) on the public highway. The case came before Squire Eckel here today in the form of a State warrant against Toombs for cruelty to animals. There were some twelve witnesses in all, and each party, it is said, had employed counsel. When the party met in the room for trial Toombs suggested a compromise, which Glenn agreed to on the basis that each man should pay his own cost. And thus the matter ended.

Everybody wants to know where the fire is when the alarm is sounded. Sample S. Brown & Co. will furnish you, free of charge, a card giving number and location of all the Fire Alarm Boxes. Call and get one.
