## EVENTS OF A DAY.

### LOCAL AND GENERAL NEWS OF INTEREST.

The Record of a Day's Happenings in and Around Greensboro—What Our Reporters See and Hear—Personal Notes, Local Brevities, &c. &c.

The train from the south was over two hours late today.

Mr. L. W. Andrews is contending heroically with a massive carbuncle.

Several students from Guilford College have been here today visiting our merchants.

The warmth of the atmosphere today has had a positively demoralizing effect on lazy people.

Weather indications for North Carolina: Warmer; variable winds; rain; clearing by Saturday night.

Winston will soon have a telephone. What has become of Greensboro's much talked of telephone exchange?

There was a slight fisticuff in the reception room of the R. & D. R. R. last night which was interfered with by Officer Whittington.

The Winston Sentinel is urging the connection by telephone of Winston and Greensboro. This would no doubt be a paying investment.

The weather today has been very changable—first cloudy, and then sunshine. But the weather indications say it will clear up by Saturday night. So let us wait and hope for the best.

You can spend a profitable hour by attending the services at the Young Men's Christian Association tomorrow afternoon at 4:30 o'clock. Rev. S. W. Coe will deliver an address. Good singing by the male quartet. All are invited.

### Sick Dogs.

Greensboro has several dogs that are supposed to have the grip and are being attended by regular physicians. The theory is to treat the canines as if they were of the genus homo. So far the treatment seems to be promising success, as the patients are improving.

### Gone Off Again.

It was only a slight provocation that caused Bro. Cook of the Concord Standard to go off in such style as this (he can hardly survive the spring months) "The Standard desires to return thanks for a collection of flowers, beautiful and sweetly odoriferous. Kind hearts and lovely flowers are woman's weapons—they are mighty."

### An Old Eye Sore.

Capt. Dick Smith has "got mad" with that old haunt known as the old factory, corner of Greene street and Belle Meade Avenue, and this morning began to tear up brick bats. Everybody is hoping that the ugly chasms will be filled up, the place levelled up and the nuisance abated. Then hurrah for Greene street from one end to the other.

### At G. F. College Last Night.

The entertainment given last night at G. F. College, was an occasion of much interest, and while the crowd was greatly reduced by the inclement weather, still a very fair and appreciative audience was present, and all seemed to heartily enjoy the exercises.

An interesting programme had been prepared, consisting of songs, dialogues, etc., which was carried out in a manner creditable to all concerned.

## PERSONAL POINTERS.

Greensboro's People and Others Coming and Going and Passing Through.

Mr. J. W. Mangum is in the city today.

Prof. O. W. Carr came in this morning from Trinity College.

Mr. Ham B. Tatum returned yesterday from Hot Springs, Ark.

Rev. Dr. Alexander Martin, of Danville, Va., came up to this city this morning.

Messrs Henry Pegrum, Sam Gilmer and J. W. Merritt, commercial tourists, are here today.

Mr. and Mrs. W. E. Hescham returned this morning from a visit to Reidsville.

Mr. Coonie Sapp went to Kernersville this morning to spend Sunday with parents at that place.

Rev. C. M. Pepper, editor of the Living Issue, whose home is at High Point, is here today on a visit.

We had a pleasant call today from Mr. P. S. Williams, of Rockingham county, just over the Guilford border.

Mr. Francis Beard, of Brooklyn, N. Y., has arrived in the city on a visit of some time to his niece, Mrs. W. C. Swan, 202 Fayetteville street.

Dr. A. R. Wilson, formerly of this city, but subsequently and for several years past, of Pelham, N. C., has removed to the city with his wife and two children and will here practice his profession. We welcome the Dr. on his return to the home nest, and trust that he may find it both pleasant and profitable.

### Fun.

Everybody has heard of the fun there is in running a newspaper from the time it begins to run in the regular way until it runs into the ground. If it be a quarterly, the fun is quarterly; if it be a monthly, the fun is once a month; if weekly, the fun will come weekly, but if daily, the fun will be daily. Anybody that knows "rethmetic" can see that there is six times as much fun in a paper that is daily except Sundays, as there is in a weekly; twenty six times as much as there is in a monthly, and seventy eight times more than in a quarterly. And twice a day would just double it, if anybody could stand that much fun.
