Regular meeting of Directors of Chamber of Commerce tonight at 8 o'clock.

Messrs. Jackson & Barnes will build a saw-mill on South Elm Street beyond the water tower. The mill, the engine and the boiler all to be made here.

Great improvements are being made on our streets, and on Greene street near Price, quite an important change is being made for the escape of the water which has heretofore come down to that point

Mr. B. Volz, who lives out on Asheville street, and who has given his attention to the cultivation of vegetables and small fruits, is now in the midst of the grape season, and is furnishing his customers with fine specimens of luscious grapes.

The WORKMAN was glad to see here Capt. Jas. M. McMurray, who went up to the western part of the State a number of years ago, and has since been closely confined to that section. He is now in charge of the convict force which is to dig the canal and basin for the N. C. Steel and Iron Co.

Messrs Raymond & Powell, in order to make room for new goods, are going to run off a large quantity of desirable articles at very low rates; at cost, and many articles below cost. It will be a sweeping sale, as every body knows who has "watched the professor." Of course the people will take notice and act accordingly. See what they say.

To Members of the Choral Association.

Meeting tonight at Music School rooms at 8 o'clock. Please attend.

Resolutions of Respect.

Resolved, 2d, That the heartfelt sympathy of every member of this Lodge be tendered the stricken wife and family in their sad and untimely bereavement.

Resolved, 3d, That a Knight jewel be draped in mourning for thirty days.

The Second Presbyterian Church.

Yesterday was regular Communion day with this church. The pastor announced that four persons had been before the Session as applicants for membership, one by letter and three by examination, and they were received in the usual form, one of the number receiving baptism. Dr. Smith stated that 23 members had been received during the year, up to the present time, and that several others were expected to join in the near future. The Sermon, which was specially adapted to the occasion, was founded on Luke XXIII; 32, 33, and was an instructive and edifying discourse. The congregation was large.

A Female Delegate.

The Indiana Annual Conference of the Methodist Protestant Church, at its recent session, elected Mrs. M. J. Morgan a delegate to the General Conference.

The Methodist Recorder, in commenting on the incident, says: "The election of a female delegate by this Conference will bring before our next General Conference the question which has given so much perplexity to the Methodist Episcopal Church for the past few years."

The Anniversary.

Today, August 31st, is the anniversary of the great earthquake, the first that ever gave much alarm to the people of this section. But time flies, and people forget, and unless the next earthquake shall be more severe than the last, the impression will not be very permanent.

Although the sky is not as it was at the time of last earthquake, the temperature is about the same as it was then.

Official estimate of the damage by the recent cyclone at Martinique, places the amount at \$1,000,000, and says that 278 people lost their lives.

Sales To-day.

There were two sales of property here to day at public auction:

One was the knitting mill, which was knocked off to Mr. J. A. Odell for \$5,550; the other was 9 acres of land, lying on the South side of the R. & D. railroad, and a short distance east of the coal shute—sold by Mr. Wm. H. Worth, commissioner, and bought by Mr. Daniel Worth, at \$1,500.

An Apt Scholar.

Senator Vance was at Vienna, Austria, on the 3rd of August, at which time he reports that he is rapidly acquiring the Dutch accent in talking and the Dutch palate for beer. The beer part is all a joke, but that about the accent is true.
