ENTERED AT THE POST-OFFICE IN GREENSBORO AS SECOND-CLASS MATTER.

FOUND OUT, YOU KNOW.

For the past several days it has been a mystery to us why the loose dirt was not carted off from the pavement on South Elm street and the street sprinkler applied. Yesterday while watching the clouds of dust which were wafted into the eyes of passers-by and in to the open doors of the stores there to find a resting place among the dry-goods and grocery stocks—rather hard on the dry-goods and groceries by a good storage place for the dirt—an idea struck us, it did not strike us hard, and is not contagious. It was all revealed to us in an instant, that some one had a big head and this was an economical scheme of theirs to save the labor of removing the dirt, and make nature perform the work instead. Here it was, a gentle wind would steal softly down the thoroughfare, when suddenly with a full swoop it would pick up several square yards of the accumulated filth and after depositing a due portion on the good clothes of the pedestrians, would lay the balance snugly away on the store keepers' shelves.

This system shows a great head but is scarcely fair to the merchants.

YOUNG MAN! if your best girl, or your second best, presents you with a handsome gold scarf pin in the form of an interrogative point, you should remember that this is leap year and she is conveying the questions which she is really too modest to ask in words by means of this pretty hint.

SALISBURY is jubilant over the purchase by a Northern company of the quarries of pink granite near that city. This granite deposit is pronounced by experts to be excellent and its development means much for the entire State.

A YOUNG man who went west a few years ago and has been in cyclones and boiler and powder magazine explosions, is of the opinion that Greeley in his advice to young men meant to "go west and blow up with the country."

OUR quarrel with Chile cost us in round numbers about \$1,500,000 and it was not much of one either. If it costs \$1,500,000 for a squabble the size of the one we had with Chile, how much would a real rough and tumble fight cost?

WE learn that there is a likelihood of the Rev. Sam Jones lecturing in this city during this month. The weather was so inclement the last time he was here that a great many of our citizens failed to hear him.

THE earthly estate of Cardinal Manning amounted to \$11,000 only. He kept his heavenly estate large by making his earthly one small.

Good looks.

Good looks are more than skin deep, depending upon a healthy condition of all of the vital organs. If the liver be inactive, you have a bilious look. If your stomach be disordered you have a dyspeptic look, and if your bowels be affected you have a pinched look. Secure good health and you will have good looks. Electric Balm is a great alternative and tonic, acts directly on the vital organs, cures pimples, blotches, boils, and gives a good complexion. Sold at C. E. Holton's drug store 50 cents per bottle.

The Lover's Lament

Your face is like a drooping flower,
Sweetheart!
I see you fading, hour by hour,
Sweetheart!
Your rounded outlines waste away,
In vain I weep, in vain I pray,
What power death's cruel hand can stay?
Sweetheart! Sweetheart!

Pronounced Hopeless Yet Cured.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote the following: "Was taken with a severe cold which settled on my lungs, cough set in and finally resulted in consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined that if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs, and colds. I gave it a trial and took in all eight bottles; it has cured me, and thank God I am a well and hearty woman. Trial bottle free at C. E. Holton's drug store regular size 50 cents and \$1.
