KEELEY ORGANIZATION

THE COMPANY ORGANIZED IN DURHAM TO DAY.

Durham Sun.

The subscribers to the Keeley Institute of the North Carolina Company perfected their organization here to day, and filed the papers with the Clerk of the Superior Court.

The capital stock is in the \$200,000. The company has the right to establish Institutes and branches anywhere in the State it may see proper. We have heard no talk of removing the Institute from Greensboro, and it is quite likely that other branches may be opened wherever the emergencies of the case may demand.

The company is holding a meeting this afternoon, as we go to press, to more thoroughly complete the organization by the election of officers.

A Convention of Railroad Commissioners

WASHINGTON, D. C., March 26.—A call has been issued for a National Convention of Railroad Commissioners to be held at the office of the Inter-State Commerce Commission in this city the 13th of April, 1892. The Railroad Commissioners of all the States and State officers charged with any duty or supervision of railroads or railroad interests, are requested to attend. The Association of American Railway Accounting Officers is also invited to meet with the Commissioners, or to send delegates to the convention, for the discussion of such questions of special interest to their association as may arise at the meeting. It is suggested that any topic involving a question of State and inter-State commerce which the members of the convention desire to bring up for discussion, be notified to Ed. A. Mosley, secretary, at Washington, D. C., before the day of the meeting above named.

NO WAR

WASHINGTON, March 26.—A member of the cabinet said today that he saw no reason for supposing that the present complications with Great Britain in regard to the seal fisheries will not be settled amicably. He added that it would be the height of folly for the two countries having so much in common to quarrel over a matter they have agreed to settle by arbitration. He felt confident that Great Britain would either consent to a renewal of the modus vivendi of last year, or that if she does not do this, she will not interfere with or resist the efforts of this government to preserve the seals pending the arbitration of the proceedings. It is said at the State Department that nothing has been heard from Lord Salisbury in response to Mr. Wharton's note of the 22nd inst. It is very evident, however, that the officials will be disappointed if a reply is not received in a few days.

Dr Durham's family will move to their new home in Greensboro the first of April. Since it has been known that they were going away, at least a dozen people have tried to rent their residence on Church street. Houses are in great demand in Durham.—Durham Sun.

Lucy Idler

If this meets the eye of a lady whose maiden name was Lucy Idler, and who taught school at Greensboro fourteen years ago, she will hear of something to her advantage by addressing Gumpert Brothers, Philadelphia, Pa.

GENERAL NEWS ITEMS.

The Chicago water tunnel which extends several thousand feet into the lake for the purpose of providing a supply of pure water to the city, has proved a failure. Bad construction is the cause and the people are wondering who got the enormous sums of money paid out on the contracts.

The people of this country pay \$15,000 a year for a congressional flower garden, the products of which are purely congressional perquisites. A New York member made himself conspicuous last week by sending "a whole wagon load" to an actress. His name should be published.

Congress is investigating the workings of the eight hour system in the government factories. The most important item of testimony thus far was that given by Chief Folger of the Ordnance Bureau, who believed it would be a great blessing if the eight-hour system could be made universal. The labor and the work would be vastly superior. At the Washington Navy Yard he was turning out cheaper and better guns under eight hours per day than contractors were doing under a ten-hour system.

A number of Chicago aldermen are about to be indicted for bribery. Several of them have fled. Charges have been preferred against them, and so well has the evidence been gathered that there can be little doubt as to the guilt of the accused.

The discussion of the Behring Sea question has aroused Russian diplomats who declare that the right of the Russian government to act as it did in the sale of the territory of Alaska, shall not be called in question by the British government.

Funeral of Mr. M. O. McIver

On yesterday morning at 7 o'clock a special train, which was tendered to the Knights of Pythias by Capt J. W. Fry, through Mr. J. C. Merchison, Master of Trains, left here having on board a committee from the Knights of Pythias and a party of friends of the late M. O. Murchison, who went to Sanford to attend the last sad rites to the departed.

The following were the Knights from the Greensboro Lodge No. 28: C. D. Benbow, I. J. Thornton, C. E. Holton, H. H. Cartland, L. C. Howlett, H. L. Scott, J. C. Murchison, Walter Green, M. A. Whittington, S. S. Mitchell, A. A. Johnson, L. F. Ross, G. H. McKinney, M. L. Stewart, J. H. Merritt, J. S. Moore, T. M. Pickard, C. G. Johnson, J. J. Stone, G. W. Alley, Jr., C. H. Boyst, R. A. Foard, J. G. Fowler, Geo. Ledford, W. B. Beacham, Wash Wiley, Edward Bain, D. W. Newell, J. F. Brooks, J. A. Hodgins, W. S. Witherspoon, and Robert Aiken, D. S. Hover, of High Point Lodge, and Fred Fousbee, of the Cumberland Lodge, also accompanied the Lodge from this place and took part in the exercises.

The following friends, who were not Knights, also went down: D. A. Lundie, Percy Albright, Henry Clendenin, J. C. Smith, Z. V. Taylor, B. E. Sneed, A. A. Kirkman, J. A. Fountain, G. W. Jeffreys and J. C. Short, and John S. Michaux. Napoleon Short and A. Garrett, two colored employees of the road, also accompanied the party and attended the funeral. Upon the arrival of the train at Sanford the party took vehicles and went at once to Buffalo Presbyterian

Church, at which place the funeral was preached. The pastor of the Church, Rev. D. H. McLaughlin, took as his subject for his remarks upon the sad occasion, the following from the Psalms: "Be still and know that I am God."

His remarks were very appropriate, beautiful and comforting to the friends of the deceased; and they were much gratified to know and feel that these remarks so well fitted the life and character of the deceased.

After the singing of a hymn the remains were borne to the cemetery and interred according to the beautiful and impressive rites of the Knights of Pythias.

There was a very large attendance at the church from the surrounding country, which bore testimony to the Worth and popularity of the deceased.
