THE SOUTHERN SERVES THE SOUTH

Faith in the South and courage to back it

It took courage to turn more than a hundred million dollars of the earnings of this railroad back into the property without paying a dividend for thirty years. It required foresight to insure the wisdom of such courage.

Faith in the South stood back of this program. Now, after thirty years, this faith has borne its fruit.

The South is prosperous. The Southern Railway has come into its own, and Southern Railway securities are taking their rightful place in the investment markets.

PROPER FOOD FOR SCHOOL CHILDREN

The age during which children are attending school may aptly be called "The Dangerous Age." It is the period of rapid growth and every care should be taken to insure the child of a normal and healthy body. The idea of eating only fit and wholesome foods should be early impressed on the younger members of every family in order to protect them against later ill health and its accompanying unhappiness. If the utmost care is not taken in the diet that is used by children, cases of food poisoning, indigestion and kindred ailments may result.

And milk, being the chief item in the diets of most children, should be carefully guarded. It is, because of its nature, prone to infection if exposed to germs and may soon become unfit for use. Wherever there is the slightest reason for doubt as to its purity and food value, steps should be taken to insure the sterility and the fitness of milk intended for consumption by children. Many mothers have adopted the excellent practice of using milk that is absolutely pure and sterile and free from any germs or bacteria. The most satisfactory, as well as the safest milk used in preparing food for the growing child is evaporated milk. It is sterile, and therefore safe. It is more digestible than market milk. Its uniformity, convenience and cost are qualities that recommend it.

The following dishes are well suited to the needs of the growing child; they are easily digested and very nourishing:

- Caramel Custard.**
- | | |
|--|-----------------------------|
| 1 cup evaporated milk diluted with 1 cup water | 1/4 cup sugar (caramelized) |
| 1 egg | 2 tsp. sugar |
| | 1/4 tsp. salt |
| | 1/4 tsp. vanilla |
- Soak the diluted milk. Caramelize the sugar and add to milk to dissolve. Beat eggs slightly, add sugar, salt, and flavoring and combine with soaked milk. Pour into custard cups and set in a pan of hot water and cook in a moderate oven. When done, a knife blade run in the center will come out clean.
- Fish Chowder.**
- | | |
|------------------------------------|--|
| 1 pint raw fish cut in 1-inch dice | 3 cups boiling water |
| 8 small potatoes, sliced | 1 cup evaporated milk diluted with 1 cup water |
| 8 onions chopped fine | 1 cup water |
| 1/4 pound fat salt pork, sliced | 6 crackers |
- Fry out the salt pork. When brown, remove pieces of pork and put fish, potatoes, and onions in Kettle. Cover with boiling water. Simmer until potatoes are tender. Add the milk and cook 8 minutes longer. Season with salt and pepper. Just before serving add the crackers.

ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Ballentine, S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theodor's Black-Draught.

"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time."

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found."

Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating, nervousness, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days.
