KURFEES GRANITOID FLOOR ENAMEL and STAIN

Ready to use---dries overnight

After supper tonight you can make the old home ten years younger—can so alter its tired, worn appearance that you'll actually want to ask all your friends to drop in. As one young matron expressed it, "Dollin'-up' the furniture gave me that same happy feeling I have when wearing a brand new coat and hat to the Wednesday afternoon Bridge Club."
And the best part is that Granitoid flows on smoothly without that sticky "pull." It's made easy to use for delicate hands. We have all the new, popular colors in stock, and they dry quickly with the most charming high lights and brilliance. In all cases—just enough to finish one chair or the whole house. Let us give you a color card and tell you more about this popular "home rejuvenator."

Compare "Granitoid" costs no more—and it was developed especially for use by those not familiar with painting

Dodge Brothers GRAHAM BROS. TRUCKS

- 3-4 Ton Chassis Delivery, \$800.00
- 1 Ton Chassis Delivery, \$1,090.00
- 1 1-2 Ton Chassis Del., \$1,375.00

GRAHAM BROTHERS AGAIN LOWER PRICES.
Substantial Cut on 1-Ton Chassis. Announcement of a reduction of \$100.00 in the price of Graham Brothers one-ton truck, effective September 9th, has been received by Haywood Garage, local Dodge Brothers dealer.
"So substantial a reduction in the price of this popular one-ton truck, coming less than four months after the announcement of a previous reduction of \$80.00," says O. R. Martin, "is in line with previous assurances that the truck buyer will always benefit equally with Graham Brothers in every economy effected through increased production."
"Graham Brothers, now first in the world as exclusive manufacturers of motor trucks, are able to make this second reduction and at the same time to make even further improvements in the quality of their trucks."
"In addition to their greatly increased production—their production for the entire six months of 1925 was equal to the entire output of 1924—the enlarged and improved facilities afforded by the new factory into which Graham Brothers moved July 1 have aided greatly in making possible these reductions in manufacturing cost."
