BORN TAILORS GUILD

How to Select a Suit

AN UNWRITTEN law still holds in England that a man, having once made his choice of a tailor, never changes. He often inherits this choice from his father and grandfather, and it is not unusual for the same tailoring firm to serve a family for several generations.

This hard and fast rule would not suit Americans, but in principle it has its advantages. The wise man selects a tailor he knows to be reputable and competent and always goes to him. In this way, the tailor comes to know his likes, dislikes, and individual requirements for fitting. He decides in advance what general type of suit he wishes and about how much he can pay, and then spends plenty of time in choosing the style and material.

A man must understand his own strong points and shortcomings and never allow himself to be carried away by a style that is not meant for his particular type. The man who would look slimmer must avoid tight-fitting clothes. The bottom of his coat fronts must be square cut and not rounded, to give an effect of height. The thin man will appear less lean looking if the lines of his suits are not too severely cut.

Quality can be fairly well gauged by the price and the word of the tailor. In novelty cloths, it is that feature for which one pays and not necessarily for quality, but in plain materials, price is a reliable guide. No reputable tailor nowadays hesitates to admit that a cloth is only part wool. However, "all wool" does not necessarily mean "pure wool." Woolen goods known as shoddy is made from used cloth re woven and does not have the wearing qualities of unused or virgin wool.

The pattern and color of the cloth should be selected on the same general principles as the style. Extremes are to be avoided for long wearing.

IF YOU GET UP NIGHTS YOU'RE OLD BEFORE YOUR TIME

Prostate and Bladder Trouble Makes Many Men Feel Twenty Years Older Than They Are.

It is said that fifty per cent of men past forty and many younger ones are victims of prostate trouble.

One of the commonest symptoms of this dangerous disease which ages vitality and makes you old before your time is the necessity of getting up several times a night.

Other symptoms are dull, dragging, aching at the base of the spine, pain in groin, burning sensation of organs, lack of vigor and frequent attacks of the blues.

But there is hope for you, no matter how old your case, from a wonderful new formula. It seemingly brings new health, vigor and freedom from those troubles to both old and young.

This wonderful treatment is known as Walker's Prostate Specific, and is prepared in convenient, pleasant tablet form. All you need do is take one tablet after each meal and the symptoms seem to vanish like magic.

To prove these statements the Walker Institute, 1895 Gateway Station, Kansas City, Mo., generously offers to send a 21 treatment under plain wrapper, postpaid and free of charge to any sufferer who will write for it. If it cures you tell your friends and pay whatever you think is fair, otherwise loss is ours.

Better Service Than Ever

THE scope and efficiency of long distance telephone service has made our nation one big friendly neighborhood. To talk across the continent is almost as easy as calling across the hedge to your next-door neighbor.

The long distance lines in North Carolina are a part of this nation-wide system, and also serve a vital need in the business life of the State and the South.

To care for this growing demand will require an expenditure of \$376,000 this year for reconstruction and additions to the long distance system in North Carolina alone.

The long distance service is better than ever before. The transmission is clear and the operators are handling a larger volume of calls with speed and accuracy.

Merchants, manufacturers and business men are utilizing this service to increase business and reduce expenses. Why not try it?
