COMPENSATION.

The universe pays every man in his own coin; if you smile, it smiles upon you in return; if you frown, you will be frowned at; if you sing, you will be invited into gay company; if you think, you will be entertained by thinkers; and if you love the world and earnestly seek for the good that is therein, you will be surrounded by treasures of the earth. Censure, criticism and hate, and you will be censured, criticised and hated by your fellow men. Every seed brings forth after its kind. Mistrust begets mistrust, and confidence begets confidence, kindness begets kindness, love begets love. Resist and you will be resisted. To meet the aggressive assault every entity rises up rigid and impenetrable—while yonder mountain of granite melts and floats away on the bosom of the river of love.—N. W. Zimmermann.

FIVE RING CIRCUS REALIZED AT LAST.

Ringlin Bros. and Barnum & Bailey Enlarger to Accommodate New Big Acts.

At last the five-ring circus! For years reporters have used this figure of speech to describe the bigness of the Greatest Show on Earth. Now, for the first time in history patrons will actually find five rings when the greater Ringling Brothers and Barnum & Bailey circus of 1925 comes to Asheville October 16.

With the addition last winter of enough performing horses to bring the Big Show's total to three hundred and fifty the problem presented to the Ringling Brothers was, "How handle five troupes of them in a single display?" The limits of the show grounds in many cities forbade lengthening the main-tent. None of the stages could be spared. All were needed for the big collective groups of human actors. Then somebody suggested that though the "big-top" paraphernalia could not be cut down nor yet "spread out," there was no reason why it should not be built higher. That suggestion was worked out and now, in addition to the three dirt-floored rings, two additional rings have been constructed to fit over the tops of the steel structured stages.

This is the greatest innovation since the Ringling Brothers started their super-circus policy by combining their own with Barnum & Bailey circus. It has opened the way not only for trained horses numbers in sets of five, but for other big, new displays.

Though there are more than eight hundred men and women arenic stars on the mammoth program of 1925 only a few of the most brilliant are presented singly. Instead they are presented in imposing ensemble. These groups extend over the entire length of the huge main-tent—seven nine, as many as eleven troupes in action at one time. In keeping with this plan of giving the spectators at the end of the tent just as much "show" as is enjoyed by those nearer the center, five herds of elephants are now presented instead of three. A hundred clowns distribute their caperings in all parts of the "big-top."

The hippodrome track is utilized more than ever before. At one time it is completely circled by one hundred and fifty trained horses, each ridden by an expert, in an amazing ballet and "Fete of the Garlands." Again it is filled with glittering pageants, with splendid high-school horses or remarkable thoroughbreds that give brilliant exhibitions of lofty juggling and hazardous high-jumps.

Mr. and Mrs. Roy McCracken of Orlando arrived Wednesday and will be the guests of Mr. McCracken's parents, Mr. and Mrs. R. Q. McCracken, for several days.
