Poultry At The World's Fair.

An item of interest to the farmers and poultry raisers of the country, in connection with the World's Fair at St. Louis, is learned from the Eastern Press Bureau, of Washington, D. C. The regular cash prizes offered for exhibits of poultry, pigeons and pet stock aggregate more than \$16,000 and this will be greatly increased by appropriations from state commissions for state exhibits. The Missouri Commission has set apart \$7,000 for special prizes and expenses connected with that state's poultry exhibits. The special poultry clubs of this and other countries are making a very successful canvas for funds for special prizes for exhibits. One club promises to provide a prize fund of at least \$300 for its favorite variety. Mr. T. H. Orr, secretary and treasurer of the American Poultry Association, has been made the superintendent of the poultry show and the matter of receiving, cooping, feeding, exhibiting and returning the poultry, pigeons and pet stock at the World's Fair has been placed in the hands of a committee recommended by the association, consisting of Henry Steinmesh, of St. Louis; T. F. McGrew, of New York; and U. R. Fishel, of Hope, Ind. One is a successful and experienced superintendent of a large poultry show; one a former secretary of the American Poultry Association and popular poultry author; and the third, one of the largest and most successful breeders and exhibitors of poultry.

Opinion Of A Trust Lawyer.

An opinion from one of the greatest trust lawyers in the city of New York is worth something, inasmuch as some of the trusts pay him a liberal fortune to render them. His name is Untermeyer, and he says that there never will be any effective anti-trust work done in this country until the criminal clause of the Sherman anti-trust law is put in force and some of the criminals are sent to the penitentiary and made to wear stripes. And there is the whole gist of the matter in a nut shell. What in the name of common sense do the trusts of the country care for a fine of \$5,000 a day so long as they can put up prices and compel the people of the country to pay the fine in less than two days. It is the plainest idiocy to try to curb or kill trusts in any such manner.

Are You A Candidate?

If you are a candidate for nomination on either the Republican or Democratic ticket you cannot bring your name before the people through a better medium than The Polk County News. This paper goes to every postoffice in the county and by making your candidacy known through these columns you will get your name before the majority of the citizens of Polk county.

A candidate's announcement will be inserted in each issue from now until the conventions meet at a reasonable rate.

Make your announcement now. "The early bird catches the worm," you know.

Make The Court Yard Green.

Every resident of this county is or ought to be interested in the appearance and well-being of Columbus because it is the county seat. There are many ways in which the county could aid in its appearance at least, and one of these is by urging the County Commissioners

to make the court yard presentable and give it the appearance to visitors of being the property of a progressive county and not cause them to go away with the impression that there hasn't been a term of court held in it since the Civil war.

The appearance of the court house grounds and the town could be aided materially by making cement or stone walks from each street entrance to the building and sowing the other part of the yard in grass, repairing the fence, and putting a little paint on the front part of the court house.

The court house and grounds are the property of the county, used by the county and in our opinion ought to be kept up by the county. Nevertheless, we are sure that the Town Commissioners of Columbus would gladly aid in this work.

Just for the sake of the young manhood of this country, upon which depends the future of our land, we say again: Buy land! No citizen can be as good a citizen as he should be that does not bear some of the burden of ownership. No man is so thoroughly saturated with the desire to see his country go onward and upward as he should be until he becomes a property holder. So buy land, young man, buy land!—Gaffney Ledger.

Did you ever notice that it is the broadgauge fellow that rises to the top? The little, narrow minded, mercenary fellow may succeed in becoming wealthy by grinding the weak and taking advantage of every loop-hole that the law allows, but he'll never become great in mind or body and his soul will be unfit for heaven. Be broad, be generous. Do not make a fool of yourself by trying to overdo matters, but educate yourself to be liberal in matters material and matters mental.—Gaffney Ledger.

FEMALE WEAKNESS

521-2 Congress St. Portland, Maine, Oct. 17, 1892. I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with irregular menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel as weak I could not stand up. I was finally discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today.
