Frightful Slaughter Among The Jewish People in Russia

UPRISINGS AMONG PEOPLE

Investigation Shows Almost Entire Jewish Quarters of the City Devastated and Their Inhabitants Either Killed, Wounded or Fled—Methods Employed in Butchery of Men, Women and Children Too Revolting For Description.

According to the latest dispatches that have come out of Russia Count Witte is making his force felt. His hand is on the helm and disorders are beginning to cease.

Emperor Nicholas has signed the manifesto granting practical authority to the Finns and it has been dispatched to Helsinki, where a grave revolution was threatened, and battleships had already reached that port with 10,000 troops to quell the insurrection.

Count Witte has practically settled the railroad strike by giving in completely to the strikers, with whom he had a conference. Dispatches are brief from the riot centers. An Odessa dispatch says:

"It is believed that the worst is now over. In several towns the entire Jewish quarter has been devastated and the inhabitants killed or wounded."

Wholesale Massacres.

A London newspaper's St. Petersburg correspondent estimates that in the leading provincial towns of Russia 1,000 persons have been killed and 10,000 seriously wounded in the last 24 hours. The revolutionary movement in Finland is unchecked, the Finnish national guard opposing the advance of Russian troops and compelling them to retire.

Odessa, By Cable.—A dispatch from Kisineff says:

"A horrible massacre has occurred here. Hundreds have been killed. All the hospitals, pharmacies and hotels are full of wounded and mutilated persons."

A telegram from Nicolaeff says: "The whole town is in the hands of bandits who are devastating the Jewish houses and shops and beating Jews to death without the slightest hindrance."

The authorities here have similar news from other southern cities.

Odessa, By Cable.—The troops wreaked terrible vengeance on the residents of three houses from balconies of which shots were fired by unknown persons upon the soldiers. The latter immediately stormed the houses, and with unheard of barbarity, massacred all the inhabitants.

It is persistently asserted that the unknown persons who fired on the troops were disguised policemen who purposely provoked the troops.

The city is a dismal sight. The streets are filled with Cossacks patrols and flying detachments of the Red Cross, which follow the bands of murderous rioters. The firing has been

66 Casualties at Sevastopol.

Sevastopol, Russia, By Cable.—Six persons were killed and sixty were wounded during the rioting Friday. All the banks, schools and stores are closed and the houses throughout the city are boarded up. The Black Sea Squadron, with Vice Admiral Birleff's pennant flying, arrived here from the Turkish coast.

Per Capita Wealth \$31.69.

Washington, Special.—The constant increase of wealth in the United States, outstripping even the growth of population, is shown in the statement of the amount of money in circulation, issued by the treasury department. The circulation per capita on November 1st was \$31.60, which is the highest point yet reached. A year ago the per capita was \$31.38; on November 1, 1903, it was \$29.99; in 1902 it was \$29.36; in 1901 \$28.73; and November 1, 1900, but \$27.82.

uninterrupted the whole day and still continues as this dispatch is filed. Many hundreds have been killed or wounded.

The Cossacks eagerly attack the student militia, which is courageously trying to stem the bands who are massacring and pillaging, principally in the Jewish quarter. The looters openly divide the goods, the Cossacks in many cases participating in the proceeds of the robberies.

The rector of the University has sent a telegram to Count Witte imploring him to immediately dismiss Governor Reinhardt, who is held responsible for the outbreak, as otherwise catastrophe is unavoidable. Count Witte's answer has not been received.

The city is in a dreadful state of panic. Even the telegraph offices were closed most of the day for the first time since they opened.

ARREST JUDGE AND CONSTABLE.

Charged With Killing Colored Woman Near New Orleans.

New Orleans, Special.—Judge J. W. Adams, city judge of the town of Kenner, in Jefferson parish, about ten miles above New Orleans, and John Ledoux, constable of his court, have been arrested by Sheriff Marrero, charged with the murder of a negro woman, Stella Stallwood, and are now locked up in the parish prison. On Sunday a week ago a shooting affray occurred in a negro bar-room in Kenner, in which Stella Stallwood, a negro woman standing just outside of the saloon, was instantly killed and four negroes severely, two of them fatally, wounded, one being the husband of the dead woman, Glasgow Stallwood. A coroner's jury was summoned to investigate the affair, but although the shooting was witnessed by a number of persons the jury contented itself with a verdict declaring that Stella Stallwood had come to her death from gunshot wounds, and making no suggestion as to who had inflicted these wounds. Sheriff Marrero then visited Kenner and reported the case with the result that the judge and constable of the town, charged with preserving the peace, are now in jail under the accusation of murder.

Secretary Taft at Panama.

Panama, By Cable.—Secretary of War Taft, accompanied by General Storey, ex-chief of artillery, retired; Colonel Black, Engineer Corps; Colonel Edwards, Chief of the Bureau of Insular Affairs and W. W. Michler, arrived here. Mr. Taft says that he comes to discuss a number of affairs with the Panamanians. He wishes to see what has been accomplished this year, so that he can compare it with last year's work, so that he can tell Congress where the money has gone. He will remain at Panama until the 9th.

Bank Examiner Discharged.

Washington, Special.—Comptroller the Currency removed from office Bank Examiner R. H. Mattern, of the Western Pennsylvania District, for failure to discover the conditions existing in the recently wrecked Enterprise National Bank, at Allegheny.

Mexican Ambassador Returns.

Mexico City, Special.—Ambassador Cassius, wife and seven children, with his physician, Dr. Albert, left here Saturday night for the United States via Laredo. Several stops along the route will be made and the ambassador will attend a banquet to be given in his honor at St. Louis. He is now fully recovered from his recent attack of illness.

Skull Fractured From Fall.

Wilmington, Special.—P. McCarsion 25 years old, an itinerant plumber, said to be from Nashville, Tenn., fell from the northbound train out of Wilmington near Burgaw, Saturday night and suffered a fracture of the skull and a number of contusions about the head. He was brought to the hospital here and is in a dangerous condition though his condition showed improvement. Two brothers in Asheville have been notified of the accident, and are on their way to Wilmington to be with the injured man.

OUR SILK INDUSTRY

Distribution of Seeds by Agricultural Department.

Not a State in the South has made greater research into the industry and art of silk production as North Carolina, and for more than five years State Biologist Gerald McCarthy has been experimenting on a large scale with every variety, many of these having been imported from France, England, and China.

The work of Mr. McCarthy has been eminently successful, and he has made several valuable discoveries in his method of breeding and production, as well as of growing of suitable trees.

The State Department of Agriculture has made many distributions of mulberry trees, and last week Biologist McCarthy announced the last distribution in the following circular letter:

"The North Carolina Department of Agriculture will, beginning November 15th, distribute among the farmers of the State 20,000 seedling mulberry trees. This distribution is intended to encourage the growing of silk in North Carolina, but the trees will at the same time furnish shade and food for poultry and hogs. Every man in the State should have a mulberry grove. The trees should be planted 12x12 feet on dry soil and cared for like peach or plum trees.

"These trees will be sent by mail, post paid, in packages of 50 and 100. Not less than 50 nor more than 100 trees will be sent to one address. To cover cost of packing and mailing applicants must enclose 1 cent for each tree. Postage stamps accepted. "This is probably the last distribution of mulberry trees that will be made by the department. Those who want them should apply at once. "Those who have not tried silk growing should send for a copy of Bulletin 181.

Kaolin in Cleveland.

Shelby, Special.—In mining for monazite in the neighborhood of Double Shoals, 12 miles above Shelby, fine quality of kaolin has been found in sufficient quantities to justify the establishment of a plant for getting out the same. Eight thousand dollars worth of machinery will be put in at an early day. As only natural gas can be used for burning the finest china, the clay has to be shipped to East Liverpool, Ohio, that being the only place in this country where gas is found in sufficient quantities for the purpose. As oil has been found in small quantities on both sides of the Blue Ridge Mountains as far south as Rutherfordton, it is not improbable that we may have an "East Liverpool" within our own borders at no distant day. Mr. McMaster, of Virginia, who owns the mine, is exhibiting some pieces of very fine china which was made from this Cleveland county dirt.

High Point Fire.

High Point, Special.—The Lindsay Chair Company's plan suffered a loss by fire of \$1,000 or more. A few minutes past 7 o'clock the alarm was sounded and when ten minutes later the fire was thought to have been put out and people were returning home, a second alarm was given and the flames were seen to leap upwards in great volumes. The fire originated in the engine room, where several boiler-makers were at work, the factory having been closed down on that account. The damage by water is the heaviest, the whole building, machinery, cabinet and engine rooms being flooded. The loss may probably exceed the figures given. The fire will not necessitate a shut down but a day or so of the plant, as the wheels will commence to revolve again next week.

State News in Brief.

W. J. Wilson, assistant ticket agent at Durham, was accidentally shot on Friday by his friend, Robert Christman. The two were on a trade for a pistol, neither knowing that it was loaded. Wilson was taken to the hospital and died immediately. Before dying he made a sworn statement completely exonerating Christman from all blame.

Fire Sunday morning destroyed the Nazareth Orphanage, located two miles from Raleigh. One boy jumped from the upper story and was killed by the fall. Another was fatally injured. The property destroyed was valued at \$25,000 with \$6,000 insurance.

At Wilmington on Friday Judge Purnell, of the federal court issued an order debaring lawyer Musselwhite, of Cumberland county, from practicing in the federal court. The cause of this action was based upon the fact that Musselwhite had taken some legal papers from the clerk's office without permission.

Negro Killed.

Elizabeth City, Special.—George C. Spence, colored, member of a section gang on the S. & C. Railway, was killed near Nyanor. Another member of the gang was badly injured. The gang had just finished the day's work. Spence and two other boarded a hand-car and were driving it at a rapid rate when the car jumped the track, hurling the men and the car into the ditch. Spence and one other were caught under the car. The third was hurled ten feet beyond. Spence was killed instantly and the other man was badly cut up. He will probably die.

Postoffice Robber Gets Five Years.

Wilmington, Special.—In the Federal court Jack Melvin, colored, charged with robbing the postoffice at Clarkton, was sentenced to five years in the Atlanta penitentiary, and Jim McLeod, convicted of breaking into the office at Old Hundred, was sentenced to seven years. McLeod is also believed to be implicated in the robbery of the postoffice at Spring Hill, Halifax county, as a government key from that office was found in his pocket.

A Dead Body Is Found.

Asheville, Special.—The sheriff's office here has received a message from Morganton, stating that a man who fills the description of John Pate, of Madison county, the murderer who broke jail here some time ago, has been found dead near that place. The message further stated that the death was believed to be from natural causes, and that the man had been buried, and it was requested that the body be exhumed for the purpose of identification.

New Knitting Mill.

Lexington, Special.—Lexington is to have a knitting mill. Plans of the promoters are being realized, the capital has been all subscribed and a charter will be asked for at an early date. Among those interested are Mr. F. N. Petteer, of High Point, and Messrs. C. M. Thompson, W. G. Penry and J. D. Grimes, of Lexington. The company will commence business with a capital of \$10,000. The mill will be located in the northern part of town.

Tarheel Topics.

Preparation is being made at Wadesboro to lay the foundation for the Confederate monument, which will stand in front of the court house. Rev. John F. Butt, one of the oldest, best known and most useful Methodist ministers in the State, died suddenly at Charlotte on Thursday morning. He had been a minister over sixty years.

GIVE THANKS

Thursday, November 30th is the Day Set Apart

THE PROCLAMATION ISSUED

Reciting the Origin of the Custom Among the Early Settlers, the President Asks That The People Observe the Day by Thanksgiving For the Past and Prayer for the Future.

Washington, Special.—The President has issued his proclamation naming Thursday, November 30th next as a day for thanksgiving. The proclamation follows:

By the President of the United States of America, a Proclamation.

When, nearly three centuries ago, the first settlers came to the country which has now become this great republic they fronted not only hardships but terrible risk to their lives. In those grim years the custom grew of setting apart one day in each year for a special service of thanksgiving to the Almighty for preserving the people through the changing seasons. The custom has now become national and hallowed by immemorial usage. We live in easier and more plentiful times than our forefathers, the men who with rugged strength faced the rugged days; and yet the dangers to national life are quite as great now as at any previous time in our history. It is eminently fitting that once a year our people should set apart a day for praise and thanksgiving to the Giver of good, and, at the same time, that they express their thankfulness for the abundant mercies received, should manfully acknowledge their shortcomings and pledge themselves solemnly and in good faith to strive to overcome them. During the past year we have been blessed with bountiful crops. Our business prosperity has been great. No other people has ever stood on as high a level of material well-being as ours now stands. We are not threatened by foes from without. The foes from whom we should pray to be delivered are our own passions, appetites and follies; and against these there is always need that we should war.

Therefore, I now set apart Thursday, the 30th day of this November, as a Day of Thanksgiving for the past and of prayer for the future, and on that day I ask that through out the land the people gather in their homes and places of worship, and in rendering thanks unto the Most High for manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom, so that this nation may do its allotted work on the earth in a manner worthy of those who founded it and of those who preserved it.

In witness thereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the City of Washington, this second day of November, in the year of our Lord one thousand nine hundred and five, and of the independence of the United States the one hundred and thirtieth.

(Seal) THEODORE ROOSEVELT.

By the President,
ELIHU ROOT,
Secretary of State.

News Notes.

The woman whose torso was found in a dress-suit case in Boston harbor and whose arms and legs were picked up in another case was identified by means of rings on the fingers as Miss Esthel Durrell, a chorus girl from the "Shepherd King" Company.

Five minor officials of the Westmoreland Coal Company were killed by an explosion when they entered the Hazel Kirke mine, at Hazel Kirke, Pa., to ascertain whether a fire started some weeks ago was out.

Two hundred natives were killed by Portuguese troops whom they ambushed in Portuguese, West Africa.

President Loubet was welcomed to Lisbon, Portugal.

Navy Unit For Battle.

Washington, Special.—Rear Admiral Charles W. Rae, engineer-in-chief of the United States navy, in his annual report calls attention "to the critical condition of engineering in the United States navy" and points to the explosion on the gunboat Bennington in San Diego harbor, which he says, most forcibly emphasizes the necessity of serious and immediate attention. The report says: "Were the country suddenly plunged into war the navy would find itself in no condition to win battles."

A Mere Matter of Size.

She was corpulent and on her way to Chicago from New York, and was traveling with her two children, ages respectively 3 and 4 years. As far as Buffalo she had not been asked to pay for the children, but at that point the train crew changed and the new conductor, a gruff, surly-looking individual, looked askance at the children and asked for their tickets.

"Why, I have none," said the mother.

"How old are they?" snapped the man in blue.

"The girl is 3 and the boy 4, sir."

"They look pretty big for that," was the gruff rejoinder.

"Well," said she of the avoidupots, "if you're collecting fares according to size, you'd better get another ticket for me."

Needless to say, she did not pay for the children.

Young Fool and the Old.

There's no fool like a young fool
When fireworks are concerned,
Behold them all, the victims small,
With hands and faces burned,
Behold the lamed and killed and maimed,
Their needless suffering.

There's no fool like the Old Fool
Who gives a child such things.

There's no fool like a young fool
In glorious July,
To fire a bomb and lose a thumb
And tear away an eye,
To touch a light to dynamite
And chatter 'neath the stars.

There's no fool like the Old Fool
Who gives a child such toys.

There's no fool like a young fool
To make the Fourth a crime,
When every nurse and every nurse
Is working overtime,
When East and West and North and South.

The most appalling grow:
There's no fool like the Old Fool
Who thinks a child should know.

There's no fool like the young fool
Who smells the powder smoke;
But the awful play that mars the Day
Has ceased to be a joke,
Yet Satan tempts the Old Fool
To chuckle 'neath the stars,
And put among the needless young
The instruments of death.

—Life.

Clever Work of Detective.

In examining a jeweler's window in Oxford street, London, which had been broken to permit of the extraction of nine watches, a police sergeant noticed a little blood on the glass. Later on in Soho he observed a man with a cut finger, so he arrested him and found the stolen watches in his pocket.

Life is short at best—and perhaps that is the best thing that can be said about it. So 45.

OLD FASHIONED FARE: Hot Biscuits, Griddle Cakes, Pies and Puddings.

The food that made the fathers strong is sometimes unfit for the children under the new conditions that our changing civilization is constantly bringing in. One of Mr. Bryan's neighbors in the great State of Nebraska writes:

"I was raised in the South, where hot biscuits, griddle cakes, pies and puddings are eaten at almost every meal, and by the time I located in Nebraska I found myself a sufferer from indigestion and its attendant ills—distress and pains after meals, an almost constant headache, dull, heavy sleepiness by day and sleeplessness at night, loss of flesh, impaired memory, etc., etc."

"I was rapidly becoming incapacitated for business when a valued friend suggested a change in my diet, the abandonment of heavy, rich stuff and the use of Grape-Nuts food. I followed the good advice and shall always be thankful that I did so."

"Whatever may be the experience of others, the beneficial effects of the change were apparent in my case almost immediately. My stomach, which had rejected other food for so long, took to Grape-Nuts most kindly; in a day or two my headache was gone, I began to sleep healthfully and before a week was out the scales showed that my lost weight was coming back. My memory was restored with the renewed vigor that I felt in body and mind. For three years now Grape-Nuts food has kept me in prime condition, and I propose it shall for the rest of my days."

"And, by the way, my 2 1/2 year old baby is as fond of Grape-Nuts as I am, always insists on having it. It keeps her as healthy and hearty as they make them." Name given by Postum Co., Battle Creek, Mich. There's a reason. Read the little book "The Road to Wellville" in pkg.
