BOND ELECTION CARRIED IN TRYON TOWNSHIP.

Voters To Be Congratulated Upon The Stand They Took—Good Work Done At The Polls.

Written for The News.

Tryon, May 15.—Yesterday was a great day for Tryon. In the morning everybody, regardless of political creed or station in life came out and voted for the Good Roads Bond Issue and in the afternoon every body took in the circus at Landrum, or were "taken in," as it reported that the show didn't show.

The bond election for Tryon township, which provides for an issue of \$12,000 in bonds for macadamizing the roads in Tryon township, was carried by a majority of 33 votes. A special registration is necessary for a bond election and the number of registered voters was 151. The vote stood: For 92; against 43; not voting, 16; total 59; majority 33. This was certainly an agreeable surprise as considerable opposition had manifested itself and it looked last week as though it might not carry.

and the greatest quantities of every growing thing can readily be produced with the liberal use of Virginia-Carolina Fertilizers, together with careful cultivation. The materials of which they are made, cause them to enrich the land, and the plants to come up rapidly and more prolific. Use Virginia-Carolina Fertilizers on your fruit and fruit-trees of all kinds, corn, wheat and all trucks. For, at harvest time, you will have the largest (for these will "increase your yield per acre") and the crops you ever raised in all your farm life. Don't buy the inferior substitute that any fertilizer agent may try to persuade you to put on your land.

He meet her in the meadow,
As the sun was sinking low;
They walked along together
In the twilight's after glow;
She waited, while gallantly
He lowered all the bars,
Her soft eyes bent upon him,
As radiant as the stars.
She neither smiled nor thanked him,
For indeed she knew not how,
He was just a farmer's lad,
And she was a Jersey cow. — Exchange.
