A COMET.

Tuesday, Aug. 13—Hon. W. M. Justice, our County Supt. of Public Instruction, was in town today and as his usual aptness in fore-seeing all calamities, disasters, and blessings told us of a comet which appears in the East about 3 o'clock a. m. Mr. Justice is the first man in the U. S. to discover this comet, "so far as we know," as there has been no account of any of the Washington Astronomies noticing it.

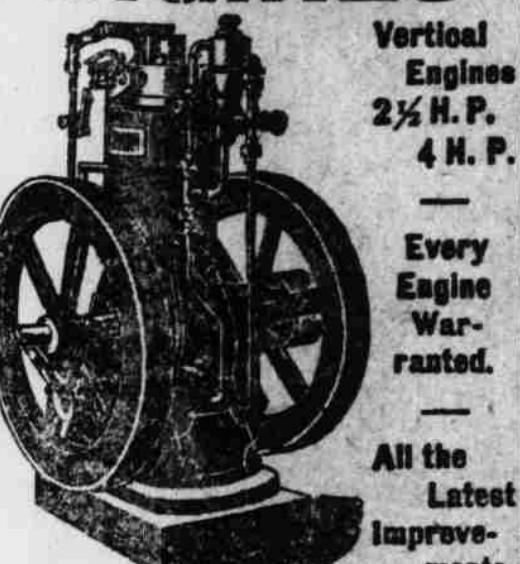

Mr. Justice wants us all to see it and says, say nothing about it unless we see it but rather than get up at 3 o'clock a. m. we are willing to take his word for it and know that readers of the NEWS are willing to trust his word and look for it, after hearing of his seeing it We know it is there alright but what is bothering us in how on earth came Mr. Justice up at this unearthly hour.

WEDNESDAY MORNING.

Sure enough it is there two of our Columbus people saw it this morning.
