BAPTIST STATE CONVENTION.

Baptisms and Conversions Far Exceeded Those of Last Year—Report on the Orphanage Read by Mr. Hobgood, and Appeals Made by Rev. Burton Craig and Rev. M. L. Kesler.

Wilmington, Special.—The convention met at 9 o'clock, Prof. J. B. Carlyle in the chair.

After devotional exercises and the reading of the minutes, the committees of the convention were named by the president. H. H. Hulsten is on the Sunday school committee. E. E. Bomar, on foreign mission committee; S. F. Conrad, on home mission committee; L. R. Pruett is one of the vice presidents of the convention; Livingstone Johnson submitted the report of the board of missions and Sunday schools.

During the past year 3,229 conversions were reported; 2,372 baptisms, and 1,345 additions to church by letter. The total amount reported raised by missionaries is \$55,088.01. During this year 155 more baptisms are reported than last year; 330 more conversions; and \$2,164.26 more money has been raised by missionaries.

The report of the treasurer showed that during the year just closed, \$39,315.54 has been received for State missions; \$35,094.91 for foreign missions, and \$17,429.85 for home missions.

The report of the orphanage was read by F. P. Hobgood and Rev. Burton Craig addressed the convention on the interests of the institution, as did Rev. M. L. Kesler, manager of the orphanage. The orphanage at Thomasville is the largest in the State and one of the largest in the South. Reports showed the health of the children to be good and every interest of the orphanage to be prosperous. The work of the superintendent and of Rev. Archibald Johnson, editor of Charity and Children, were highly commended. This excellent paper has made a fine showing and has a balance of \$2,000 on hand. Mr. Kesler pleaded strongly for funds with which to equip the orphanage with every needed improvement. The infirmary is now in course of erection, the Baptist women having contributed \$3,000 for the purpose. There are 365 children now in the orphanage. The report on education was read and will be fully discussed at a special hour Thursday. The report showed there are now 73 ministerial students at Wake Forest College, 53 of these getting aid from the convention.

The report on education will receive full discussion at a future hour during the convention. Rev. J. R. Sampey addressed the convention in the interest of Louisville Theological Seminary. There are now about three hundred students in the seminary, 28 of these being North Carolinians. A collection was taken for the benefit of the 20 students who receive aid from this convention while pursuing their seminary course.

The collection amounted to \$1,900. Important interests of the denomination will claim the attention at the afternoon and night sessions.

North Carolina Day; Teachers Get Programmes.

Raleigh, Special.—Copies of the programme for North Carolina Day in the public schools has been forwarded to the country school teachers by the county superintendents of education.

The subject for the day's exercises this year will be "The Scotch-Irish Settlements," and the book, with the programme included, contains some very interesting matter to Charlotte and Mecklenburg people.

In his preface to the book sent out, Superintendent Joyner says: "Following the chronological order of the State's history, the subject of the North Carolina Day programmes have been as follows: In 1901, the First Anglo-Saxon Settlement in America; in 1902, The Albemarle Section; in 1903, The Lower Cape Fear Section; in 1904, The Pamlico Section; in 1905, The Upper Cape Fear Section. In 1906 it was deemed advisable to turn aside from the adopted plan of chronological study to devote the day to the study of the life, character and splendid service of Dr. Charles D. McIver. We return this year to the plan adopted, selecting 'The Scotch-Irish Settlements in North Carolina' as the subject. In succeeding years the history of other sections of the State will be studied somewhat in the order of their settlement and development, until the entire period of the State's history shall have been covered.

The book this year treats of the following subjects, all of great interest to people living in Charlotte and Mecklenburg: "Origin of the Scotch-Irish," by C. H. Mebane. "Counties Settled in Part by the Scotch-Irish," by C. H. Mebane. "The Scotch-Irish in Orange," by Frank Nash. "The Regulators," by E. C. Brooks. "Capture of Charlotte by Cornwallace," by M. S. C. Noble. "Battle of King's Mountain," by W. C. Allen. The above chapters are followed by a number of papers on various men of the period who played an important part in the making of history of those times.

Work of Board of Agriculture.

Raleigh, Special.—The State board of agriculture continued its sessions Thursday. State Horticulturalist Hutt is acting as secretary in the absence of T. K. Bruner. Mr. Hutt made his report as horticulturalist and it was a very satisfactory one indeed. All the reports so far made are very complete, though of course voluminous. The illness of Secretary Bruner has somewhat hampered the immigration work. The board has adopted a resolution of thanks to him for his 21 years of faithful service and expressing regret at his illness. It is said he will probably be out at the end of this month. The report by State Chemist Kilgor referred to work at the test farm and also to the pure food department work done, particularly that by Ceburn D. Harris in exposing the frauds in starch sold to cotton mills. The board of agriculture is asked by J. F. Murphy of Asheville, to establish a test farm in Buncombe county. It is the purpose of the board eventually to have test farms in each of the ten congressional districts. There are now farms in five of these.

Work of Game Warden.

Nutbush, Special.—Game Warden W. C. Ellington was up in this township looking after the violators of the game law, and arrested C. D. Emerson, of New Egypt, N. J., for hunting on Sunday, and also warranted him for hunting without license. Costs and fines amounted to thirty-four dollars.

Gets Some Certificates.

High Point, Special.—The Commercial National Bank of this city has been allotted \$67,000 of the 3 per cent certificates issued under the recent order of the Secretary of the Treasury and approved by the President. The commercial was thereupon made a United States depository and received \$50,000 deposit of government funds. Mr. J. Elwood Cox, president of this bank, has just returned from a trip to New York and Washington on this errand.

News of the Day.

Secretary Taft had a long interview with the Czar.

Great Britain will soon begin work on a naval base at Rosyth, Scotland, to cost \$12,500,000.

The Brazilian Government is disposed to deal severely with the filibusters of the Magati party, some of whom are Americans.

FATRIARCHAL KING IS DEAD

Venerable Monarch of the Swedes Passed Away Sunday Morning Surrounded by His Family and Household.

Stockholm, By Cable.—Oscar II, King of Sweden, died at 9:10 o'clock Sunday morning. The death of venerable monarch occurred in the royal apartment of the palace, where, surrounded by the members of his family, including the aged Queen Sophia and the Crown Prince, Oscar Gustava, and high ministers of State, the inevitable end had been awaited, while outside the palace great crowds stood with bowed heads and tearful eyes long after the announcement came of the death of their loved sovereign.

When the flag on the palace was dipped to half-mast there was a moan of anguish from the assembled multitude and many of them cried: "Our dear old King is dead."

The following official bulletin was posted after the King's death: "The strength of the King continued to decrease throughout the night and the state of unconsciousness became more marked. His Majesty passed quietly away at 9:10 a. m."

The succession to the throne of Sweden now passes to Oscar Gustava Adolphe, Duke of Vremland, the oldest son of the late King. At a meeting of the council of State Sunday afternoon, the new King took the oath of allegiance under the title of Gustave V and adopted the motto: "With the people for the fatherland." The Princess then took the oath of allegiance and the new monarch accepted the homage of the State officials.

The last hours of the expiring monarch were passed in unconsciousness and up to the end he gave no sign of recognizing those about him. The Queen was grief stricken because he could not bid her farewell.

Believing that death would not occur until morning, the members of the royal family and the cabinet ministers withdrew and the physicians left their patient in the hands of the nurse soon after midnight. Within an hour or two the doctors were called again to the sick room and administered further stimulants, but at 5:15 the gentlemen of the King's court were aroused and ordered to appear at once in the bed chamber. The Premier and Foreign Minister and the highest court officials, together with all members of the King's family, assembled there and remained at Lis side until the end came.

Death List About 400.

Monongah, W. Va., Special.—But 53 bodies had been recovered from mines Nos. 6 and 8, of the Fairmont Coal Company, when darkness closed over the little town of Monongah Sunday night. Fifty-six hours had elapsed since the awful explosion and a majority of the bodies brought to the surface were in a terrible condition, necessitating almost immediate burial. It is now believed that the number of dead will not be over 400. A thorough investigation was made by the company and it was discovered that many miners believed to have been entombed had escaped because they had not gone to work Friday, after Thursday's holiday.

Failure of Big Missouri Bank.

Kansas City, Special.—The National Bank of Commerce, the largest financial institution in Missouri, failed to open its doors Friday morning. The bank statement published in answer to Comptroller Ridgely's call, shows that the deposits last August, when the previous call was made were twenty-five millions and now are sixteen millions.

Chicago Gets Convention.

Washington, Special.—Chicago was selected as the place and June 16th, 1908, the time for the meeting of the next Republican national convention. This decision by the Republican national committee followed a long and hard-fought contest between the advocates of Chicago and those of Kansas City, Denver, Colo., coming in at the end with a formal but not important effort to secure the convention. To ballot showed 31 vote for Chicago, 18 for Kansas City and four for Denver, the vote being made unanimous after the result was announced.

Governors Respond.

Washington, Special.—President Roosevelt has received replies from most of the Governors whom he recently invited to confer with him next May, from the 13th to the 15th, on the conservation of the natural resources of the country and all of them are joining in with interest in the programme. The conference will be a success.

Under Shadow of Guillotine.

Monte Carlo, Special.—Mrs. Vere Gould, who was sentenced to guillotine for participating with her husband, who escaped with life imprisonment, in the murder of Mrs. Emma Levin in order to rob the latter of her jewels, is so ill from the shock of her trial that the physicians say she will probably not recover. There is no doubt that if she lives her sentence will commuted by the Prince of Monaco to the same penalty imposed on her husband.

OUTLAWRY IN KENTUCKY

Horrible Outrages Committed By Kentucky Night Riders

A VERITABLE REIGN OF TERROR

Band of Five Hundred "Night Riders," Masked and Heavily Armed, Shoot Up and Fire Kentucky Town.

Hopkinsville, Ky., Special.—Five hundred "night riders," masked and heavily armed, marched into Hopkinsville early Saturday and destroyed property valued at over \$200,000, while citizens, in terror of their lives, feared even to open their windows. The police, fire department, telephone and telegraph offices, and even the railroad stations, were in possession of a wild mob, shooting right and left, flames from burning buildings meanwhile lighting up the city and the surrounding country until it seemed that the whole town was ablaze.

Windows in the front of business houses and banks on the main street of the city were shot out and the entire front of one newspaper, which had been especially severe in its condemnations of the raids of the "night riders," and which was owned by the mayor of the city, was demolished.

Brakeman Shot.

Only two men were injured, one of them being Lindsay Mitchell, a tobacco buyer, who was severely beaten with switches and clubs, and the other a brakeman, who was shot in the back while trying to move his train from the path of the flames.

The raid of the "night riders" caught the country unawares, as for some time the depredations resulting from the tobacco war had been of a minor nature and it was generally thought that in the "dark district" at least the worst was over.

The property destroyed was as follows:

W. H. Tandy, independent tobacco warehouse building, owned by J. H. Latham.

B. M. Woodridge, association warehouse.

Tandy and Farleigh, buyers' warehouse.

In addition, the entire glass front of The Hopkinsville Kentuckian, Mayor Meacham's paper, was destroyed, while windows in the front of the Commercial Banking and Savings Company, the First National, the Planters' Trust Company and the Bank of Hopkinsville, were punctured with bullet holes.

A number of other business houses and residences bear the marks of bullets and it is considered remarkable that no one was killed. The insurance is believed to be about \$60,000.

Militia Chase Raiders.

As soon as the "night raiders" left town a posse of about 15, headed by Major Bassett, of the local militia, and Deputy Sheriff Cravens, entered buggies and followed the trail. As soon as the posse could get near enough they opened fire on the fleeing mob and the pursued returned the shots. It is believed none of the "Night raiders" was hit.

Governors Respond.

Washington, Special.—President Roosevelt has received replies from most of the Governors whom he recently invited to confer with him next May, from the 13th to the 15th, on the conservation of the natural resources of the country and all of them are joining in with interest in the programme. The conference will be a success.

Under Shadow of Guillotine.

Monte Carlo, Special.—Mrs. Vere Gould, who was sentenced to guillotine for participating with her husband, who escaped with life imprisonment, in the murder of Mrs. Emma Levin in order to rob the latter of her jewels, is so ill from the shock of her trial that the physicians say she will probably not recover. There is no doubt that if she lives her sentence will commuted by the Prince of Monaco to the same penalty imposed on her husband.

THE WORKINGS OF CONGRESS.

Proceedings in Both Houses of a Routine Nature Only.

After a 10-minute session the House of Representatives adjourned until Monday. During the brief session Representative M. R. Smith, of Missouri, called the attention of the House to the omission of his name from the list of members voting for John Sharp Williams, Democratic candidate for the speakership and the clerk was instructed to make the correction.

Representative Rhinock, of Kentucky, and Delegate John K. Kalanianoale, of Hawaii, were sworn in as members of the House.

The House adopted a resolution in response to the message received on Tuesday from the Legislature of the State of Oklahoma. The resolution was as follows:

"The House of Representatives acknowledges the greeting of the State of Oklahoma and requests the Speaker to send her good wishes for her future progress and greatness."

The resolution was received by the House with applause.

On motion of Mr. Payne (New York), the House at 12:10 adjourned until Monday at noon.

Senator Frye Honored.

The Senate elected William P. Frye, of Maine, its president pro tem, an office occupied by him continuously since February 7th, 1896, except during periods he has served as president of the Senate.

Senator Frye was nominated by Senator Allison for this honor. Before a vote was taken, Senator Cullerson offered an amendment to the resolution by substituting the name of Senator Daniel, of Virginia, for that of Mr. Frye. This action was generally considered as a delicate compliment on the part of the recently designated leader of the minority in the Senate to the only other Senator who had been spoken of prominently in connection with the minority leadership.

Senator Daniel arose with dignity and said the suggestion of this great honor was so sudden he hardly knew how to respond to it. With a glance around the Senate and with a faint smile, he said that if elected he would serve, but added that if he should not be elected he would not feel very badly about his defeat.

The amendment was voted down.

Committees This Week.

There is excellent authority for stating that it is not likely that Speaker Cannon will announce any of the more important committees of the House before the latter part of this week. There are more than one hundred new representatives in Sixtieth Congress and the Speaker finds it necessary to get acquainted with a good many of them. There are in the neighborhood of a dozen applicants for every prospective committee assignment, and the care necessary to be exercised by the Speaker requires

that he be familiar with the timber at his command before he begins building the committee structures. It is possible that the committees on rules and on mileage, and two or three others, will be appointed early in the week, though it is understood the Speaker will not rush the formation of these or of even the least important.

The exception in the case of the committee on banking and currency was made in deference to financial conditions.

Senate Does Nothing.

The Senate was in session for an hour and a half adjourning at 1:30 o'clock until Monday.

Senator William P. Frye, of Maine, was elected president pro tem of the Senate, Senator Daniel, of Virginia, being given a complimentary vote for that honor by his Democratic colleagues.

The resolutions of Senator Clay and Senator Cullerson calling on the Secretary of the Treasury for information concerning the recent bond issues by the government were allowed to go over until Monday.

Most of the session was taken up by the introductions of bills.

Federal Troops May Be Sent to Goldfield.

Washington, Special.—General Oliver, acting secretary of war, and general Bell chief of staff, are holding themselves in readiness to send Federal troops to Goldfield, but will take no decisive action until more comprehensive reports are received. Orders have been issued to General Funston at San Francisco to have troops prepared to move at short notice into the mining districts.
