

Skin-Milk Paint.

The following formula for making skin-milk paint will be of interest to all who desire a cheap paint that will wear well. Stir into a gallon of skin-milk three pounds of Portland cement, adding, at the same time, any paint, in dry form, that will give the color you desire. The milk will hold the paint in suspension, but the cement, being heavy, will sink, therefore, it will be necessary to keep the mixture stirred with a paddle. Mix only enough at a time for one day's use. If the mixture is not thoroughly stirred, as you use it, it will get thicker and thicker, and it will be necessary to thin it by adding more milk. Six hours after applying this paint it will be dry. It is not affected by weather. Carbolic acid or any other disinfectant can be added, thus making it very effective for use in poultry houses and the stable. It makes an excellent paint for fences when colored drab, by the addition of a little lampblack, or a dull green, by adding ochre and a small quantity of Prussian blue—E. B. Rexford in The Outing Magazine for September.

Disappointed.

At a dinner of a legal association held in Washington not long ago one of the speakers told of a farmer's son in Illinois who conceived a desire to shine as a legal light. Accordingly he went up to Springfield, where he accepted employment at a small sum from a fairly well known attorney. At the end of three days' study he returned to the farm. "Well, Bill, how'd ye like the law?" asked his father. "It ain't what it's cracked up to be," responded Bill gloomily. "I'm sorry I learned it."—September Lippincott's.

ANTIDOTE FOR SKIN DISEASES

That's what tetteritis is; and it is more. It is an absolute cure for eczema, tetter, magworm, erysipelas and all other itching cutaneous diseases. In aggravated cases of these afflictions its cure have been phenomenal. It gives instant relief and effects permanent cures. 50c. at druggists or by mail from J. T. SUFFRINS, Dept. A, Savannah, Ga.

It is base to speak vain words.—Homer.

Opudine Cures Indigestion Pains, Sour stomach and heartburn, no matter from what cause. Gives immediate relief. Prescribed by physicians because it is sure and effective. Trial bottle 10c. Regular sizes 25c. and 50c., at all druggists.

Defer not till tomorrow to be wise.—Congreve. So. 36-'08

To Drive Out Malaria and Build Up the System

Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simply Quinine and Iron in a tasteless form, and the most effective form. For grown people and children, 50c.

Labor overcomes all difficulties.—Virgil.

HER GOOD FORTUNE

After Years Spent in Vain Effort.

Mrs. Mary E. H. Rouse, of Cambridge, N. Y., says: "Five years ago I had a bad fall and it affected my kidneys. Severe pains in my back and hips became constant, and sharp twinges followed any exertion. The kidney secretions were badly disordered. I lost flesh and grew too weak to work. Though constantly using medicine I despaired of being cured until I began taking Doan's Kidney Pills. Then relief came quickly, and in a short time I was completely cured. I am now in excellent health." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Sweetest songs are those that tell of saddest thoughts.—Shelley.

One of the Essentials

of the happy homes of to-day is a vast fund of information as to the best methods of promoting health and happiness and right living and knowledge of the world's best products.

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best the world affords.

One of the products of that class, of known component parts, an Ethical remedy, approved by physicians and commended by the Well-Informed of the World is the well-known Syrup of Figs and Elixir of Senna. To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co., and for sale by all leading druggists.

BIG FIRE AT NEW ORLEANS

A Big Conflagration Disturbs Sunday's Quiet.

SWEEPS OVER THREE BLOCKS

Firemen Enjoying Their Annual Picnic at Suburban Park and the Blaze Gets a Good Headway Before They Get to Work on it.

New Orleans, Special.—Fire which broke out in the centre of the commercial district here Sunday afternoon swept over portions of three blocks, destroying a large number of wholesale houses, manufacturing plants and small stores. Originating at Bienville and Chartres streets, the flames worked their way north as far as Conti street and west toward Royal, bringing about a property loss of between one and two million dollars before they were finally subdued.

Several circumstances combined to give the fire a headway which proved hard to overcome. At the time the alarm was turned in, shortly before 3 o'clock, the New Orleans firemen were in the midst of their annual picnic at suburban park and the engines and patrols responded with a mere handful of men. It was fully an hour before the department was in a position to make anything like a successful fight against the fire, and even then the handicap against it was added to by an inadequate supply of water.

The fire was one of the most spectacular that has occurred in New Orleans during recent years. The section devastated was made up largely of old buildings, some over a half century in use. They proved like so much tinder to the flames, and fanned by a high wind, the fire made rapid progress.

Two warehouses, filled with wines and liquors, were among the buildings destroyed by the fire. As they burned the barrels of whiskey and brandy exploded with thunderous roars which could be heard for blocks and which shook the walls of adjoining buildings and endangered the lives of firemen engaged in fighting the flames.

Gen. A. P. Stewart Dead.

Biloxi, Miss., Special.—Gen. Alexander P. Stewart, one of the last two surviving lieutenant generals of the Confederate States army, died at his home here Sunday. Although in his 87th year and suffering from the infirmities of old age, General Stewart's death was sudden and came as a distinct shock to his relatives and friends. General Stewart had been in failing health here at the home of his son, Dr. A. P. Stewart, for a year or more. Death was due to heart disease. A native of Tennessee, General Stewart lived the greater part of his life in that State, but of late had been making his home in Biloxi, where he found the salt air and pine woods of great benefit to his health.

Nearly Stabbed to Death.

Winston-Salem, N. C., Special.—Dangerously, perhaps fatally wounded, Sid Chandler, a young white man, was found early Sunday morning bleeding and unconscious, on the ground near the home of Millie Bullock, a white woman, on Crawford street. He had been cut and stabbed on the body. At the Twin City Hospital, where the young man was taken, it was said that he was doing as well as could be expected. It is believed by the police that Chandler was in a general fight among several men. Several arrests will be made, it is said.

Killed in Family Quarrel.

Tallahassee, Special.—In a shooting affray Sunday night at this place Jim Duncan was killed. Investigation has consumed all day to determine whether the man was shot by one Harvey, who was visiting at the Duncan home, or by the wife of Will Duncan, a brother of the dead man. Harvey and Will Duncan and his wife were all arrested.

Aged Man Walks a Hundred Miles to Fulfill Promise.

Huntsville, Ala., Special.—Charles Eaton, an aged one-armed man, who had been released from jail by Federal Judge Hundley to visit his sick wife, surrendered himself Saturday night after having walked over 100 miles to fulfill his promise to return. After visiting his wife at Winchester, Tenn., Eaton found himself without funds and was forced to walk back to Huntsville, where he was serving a sentence for illicit distilling.

Found Dead in His Office.

Raleigh, N. C., Special.—Cold and stiff in death the body of Mr. S. G. Ryan, a lawyer of this city, was found Sunday night at 11 o'clock in his office in the Commercial and Farmers' Bank Building. Mr. Ryan had probably been dead for twelve or fifteen hours, as he had not been seen all day. For some time he had been a sufferer from asthma but death is supposed to have been from heart trouble.

When Hypnotized Tramps Meet Death.

A. No. 1, the well-known tramp, states that riding upon the truck beams, between the wheels of a flying passenger train, or even of a slower-going freight train is extremely difficult. The flying cinders deluge the eyes and at times make breathing almost impossible. More than this, he says that unless one strictly watches himself one is in danger of becoming hypnotized. The rhythmically pounding wheels, jolting over the joints of the rails, have a way of insistently commanding attention that is extremely dangerous. This noise, sharp and repeated with devilish persistence, can hypnotize the unwary, he says. Often he has had to use every resource of will power which he had in order to ward off the effects of this endless and mind-compelling "click, click, click." He believes that many a tramp who has fallen to his death from the trucks has been first hypnotized in this way. This is perfectly sound psychology and the probability of such hypnotism will be endorsed by any good specialist in this science. —From "The Cleverest Tramp in America," in The Bohemian Magazine for September.

Trouble a Bird's Nest Causes.

A hatpin used by a pair of swallows as the foundation for their nest, built between two wires, put the entire public alarm system of the suburb of Ballard out of business Saturday. The police alarm wires from Ballard to headquarters at the city hall were tested box by box until the trouble was located. It was discovered that difficulty lay between the box at Fremont and the one next south. The electrician could find nothing more serious than a swallow's nest.

Investigation showed that the nest, which stretched from one wire to another, a distance of about eight inches, was built on a hatpin, which touched both wires and short circuited the whole system.—Seattle Post-Intelligencer.

Record Log Drive.

A drive of 3,000,000 feet of logs has arrived at the inlet of Lake Irving, where the Mississippi River flows into the lake. This drive of logs was brought from Lake Itasca in exactly thirty days, which is a record breaking feat in driving logs down the Mississippi River. All conditions were favorable, the water being high and there being nothing to impede the progress of the drive.

The logs were cut in the Itasca State Park and along the Mississippi River this side of the park, being banked last winter on Lake Itasca and the Mississippi River. The entire drive will be brought across Lake Irving, sluiced through the Mississippi between Lake Irving and Lake Bemidji and finally boomed on the south shore of Lake Bemidji to be cut in a local sawmill.—Bemidji correspondence St. Paul Pioneer Press.

Keeping Dandelions From Lawns.

There are those who say the dandelion cannot be killed. I know better—I've tried it. I have a lawn 200 feet by 150 feet without a dandelion, and I didn't rip up my lawn either. How do I keep the dandelions out? I dig them out carefully every spring and keep a close watch for their reappearance during the summer, thus avoiding the seeding. Every spring I scatter plenty of blue grass seed on my lawn and thus supply it with seed that is lost to it by reason of frequent cutting.

Not only that, but when I am digging dandelions I have a pocket full of seed handy and drop a pinch of seed in each hole I make when I extract the dandelion from the sod. New grass grows up quickly, fills the hole and chokes the dandelion.—Denver Post.

Blinks.

It is perhaps, an ungalant remark but it has been said that women resent a political campaign because it is a time when men run after office and rather overlook women.—Los Angeles Times.

Tennessee is sending to the world's markets the best watermelons her varied soil ever produced. Why should men ever grow dependent as long as this glorious fruit abounds? —Memphis News-Scimitar.

REMAINS THE SAME

Well Brewed Postum Always Palatable.

The flavour of Postum, when boiled according to directions, is always the same—mild, distinctive, and palatable. It contains no harmful substance like caffeine, the drug in coffee, and hence may be used with benefit at all times.

"Believing that coffee was the cause of my torpid liver, sick headache and misery in many ways," writes an Ind. lady, "I quit and bought a package of Postum about a year ago.

"My husband and I have been so well pleased that we have continued to drink Postum ever since. We like the taste of Postum better than coffee, as it has always the same pleasant flavour, while coffee changes its taste with about every new combination or blend.

"Since using Postum I have had no more attacks of gall colic, the heaviness has left my chest, and the old, common, every-day headache is a thing unknown." "There's a Reason."

Name given by Postum Co.—Battle Creek, Mich. Read "The Road to Wellville," in pgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

What is Pe-ru-na.

Are we claiming too much for Peruna when we claim it to be an effective remedy for chronic catarrh? Have we abundant proof that Peruna is in reality such a catarrh remedy? Let us see what the United States Dispensary says of the principal ingredients of Peruna. Take, for instance, the ingredient hydrastis canadensis, or golden seal. The United States Dispensary says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes lining various organs of the human body. Another ingredient of Peruna, corydalis formosa, is classed in the United States Dispensary as a tonic. Cedron seeds is another ingredient of Peruna. The United States Dispensary says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a substitute for quinine. Send to us for a free book of testimonials of what the people think of Peruna as a catarrh remedy. The best evidence is the testimony of those who have tried it. Peruna is sold by your local druggist. Buy a bottle today.

Habits are part of our life in youth and all of life in manhood.

Hicks' Capidine Cures Nervousness, Whether tired out, worried, overworked, or what not. It refreshes the brain and nerves. It's liquid and pleasant to take. 10c., 25c., and 50c., at drug stores.

He doubles his troubles who borrows tomorrow's.—German.

How's This?

Revenge a wrong by forgiving it.—German.

WHAT THE TRADE MARK MEANS TO THE BUYER.

Few people realize the importance of the words "Trade Mark" stamped on the goods they buy. If they did it would save them many a dollar spent for worthless goods and put a lot of unscrupulous manufacturers out of business.

When a manufacturer adopts a trade mark he assumes the entire responsibility for the merit of his product. He takes his business reputation in his hands—out in the limelight—"on the square" with the buyer of his goods, with the dealer, and with himself.

The other manufacturer—the one who holds out "inducements," offering to brand all goods purchased with each local dealer's brand—sideslips responsibility, and when these inferior goods "come back" it's the local dealer that must pay the penalty.

A good example of the kind of protection afforded the public by a trade mark is that offered in connection with National Lead Company's advertising of pure White Lead as the best paint material.

That the Dutch Boy Painter trade mark is an absolute guaranty of purity in White Lead is proved to the satisfaction of the offer National Lead Company, who send free to any address a blow-pipe and instructions how to test the white lead for themselves. The testing outfit is being sent out from the New York office of the company, Woodbridge Building.

\$100.00 REWARD

GOOSE GREASE LINIMENT

CURED HER THREE CHILDREN.

Girls Suffered with Itching Eruptions—Itchy Head and Tender Skin, Too—Relieved on Cuticura Remedies.

"Some years ago my three little girls had a very bad form of eczema. Itching eruptions formed on the backs of their heads which were simply covered. I tried almost everything, but failed. Then my mother recommended the Cuticura Remedies. I washed my children's heads with Cuticura Soap and then applied the wonderful ointment, Cuticura. I did this four or five times and I can say that they have been entirely cured. I have another baby who is so plump that the folds of skin on his neck were broken and even bled. I used Cuticura Soap and Cuticura Ointment and the next morning the trouble had disappeared. Mrs. Napoleon Duceppe, 41 DuLuth St., Montreal, Que., May 21, 1907."

A wholesale jail delivery was frustrated at Petersburg.

WEEKLY "A" RELIABLE CURE

Taraxacum is a sure, safe and speedy cure for eczema, tetter, skin and scalp diseases and itching piles. Endorsed by physicians; praised by thousands who have used it. Fragrant, soothing, antiseptic. 50c. at druggists or by mail from J. T. SUFFRINS, Dept. A, Savannah, Ga.

Suit the action to the word, the word to the action.—Shakespeare.

This woman says that sick women should not fail to try Lydia E. Pinkham's Vegetable Compound as she did.

Mrs. A. Gregory, of 2355 Lawrence St., Denver, Col., writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.
