Record Log Drive.
A drive of 3,000,000 feet of logs has arrived at the inlet of Lake Irving, where the Mississippi River flows into the lake. This drive of logs was brought from Lake Itasca in exactly thirty days, which is a record breaking feat in driving logs down the Mississippi River. All conditions were favorable, the water being high and there being nothing to impede the progress of the drive.

The logs were cut in the Itasca State Park and along the Mississippi River this side of the park, being banked last winter on Lake Itasca and the Mississippi River. The entire drive will be brought across Lake Irving, sluiced through the Mississippi between Lake Irving and Lake Bemidji and finally boomed on the south-east shore of Lake Bemidji to be cut in a local sawmill.—Bemidji correspondence St. Paul Pioneer Press.

Trouble a Bird's Nest Cause.
A hatpin used by a pair of swallows as the foundation for their nest, built between two wires, put the entire police alarm system of the suburb of Ballard out of business Saturday. The police alarm wires from Ballard to headquarters at the city hall were tested box by box until the trouble was located. It was discovered that difficulty lay between the box at Fremont and the one next south. The electrician could find nothing more serious than a swallow's nest. Investigation showed that the nest, which stretched from one wire to another, a distance of about eight inches, was built on a hatpin, which touched both wires and short circuited the whole system.—Seattle Post-Intelligencer.

MOTHER AND CHILD
Both Fully Nourished on Grape-Nuts.

The value of this famous food is shown in many ways, in addition to what might be expected from its chemical analysis.

Grape-Nuts food is made of whole wheat and barley, is thoroughly baked for many hours and contains all the wholesome ingredients in these cereals.

It contains also the phosphate of potash grown in the grains, which Nature uses to build up brain and nerve cells.

Young children require proportionately more of this element because the brain and nervous system of the child grows so rapidly.

A Va. mother found the value of Grape-Nuts in not only building up her own strength but in nourishing her baby at the same time. She writes:

"After my baby came I did not recover health and strength, and the doctor said I could not nurse the baby as I did not have nourishment for her, besides I was too weak."

"He said I might try a change of diet and see what that would do, and recommended Grape-Nuts food. I bought a pkg. and used it regularly. A marked change came over both baby and I."

"My baby is now four months old, is in fine condition, I am nursing her and doing all my work and never felt better in my life."—There's a Reason.

Embezzler Kills Himself.

Berlin, Germany.—Gustave Herzberg, proprietor of a small private bank, committed suicide by shooting. He left a letter saying he had embezzled the bank's deposits, but the amount of his defalcation has not yet been established. The manager of a Berlin advertising company is reported to be a fugitive after having embezzled \$125,000. These cases, together with the suicides after defalcation of the cashier of the Dresdner Bank, caused other banks to overhaul their books.

Daywin Thinks Plants Have Memory.

Dublin, Ireland.—At the opening meeting of the British Association at Trinity College, Professor Sir G. H. Darwin, in his presidential address, developed the theory of consciousness in plants. The professor contended that plants have memory and can develop habits and behave differently according to what might be called their moods.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure acts internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHERRY & Co., Toledo, O. The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

A SIMPLE SAFEGUARD IN BUYING PAINT.

Everybody should know how simple and easy it is to avoid all uncertainty in buying paint materials. There are many so-called white leads on the market, which contain chalk, zinc, barytes, and other cheap adulterants. Unless the property owner takes advantage of the simple means of protection afforded him by reliable white lead manufacturers, he runs great risk of getting an inferior and adulterated white lead.

It is to protect the paint-buyer against fraud and adulteration that National Lead Company, the largest makers of genuine Pure White Lead, place their famous "Dutch Boy" Paint, or trademark on every keg of their product, an absolute guarantee of its purity and quality. Anyone who wants to make a practical test of white lead, and who wants a valuable free book about painting, should address National Lead Company, Woodbridge Bldg., New York, and ask for test equipment.

THREE CURES OF ECZEMA.

Woman Tells of Her Brother's Terrible Suffering—Her Graudchild and Another Baby also Cured—Cuticura Proved Invaluable.

"My brother had eczema three different summers. Each summer it came out between his shoulders and down his back, and he said his suffering was terrible. When it came on the third summer, he bought a box of Cuticura Ointment and gave it a faithful trial. Soon he began to feel better and he cured himself entirely of eczema with Cuticura. A lady in Indiana heard of how my daughter, Mrs. Miller, had cured her little son of terrible eczema by the Cuticura Remedies. This lady's little one had the eczema so badly that they thought they would lose it. She used Cuticura Remedies and they cured her child entirely, and the disease never came back. Mrs. Sarah E. Lusk, Coldwater, Mich., Aug. 15 and Sept. 2, 1907."

To Aid Nature

To Cure Female Troubles

After all, nature is the best doctor. When we try to get rid of disease, by methods contrary to hers, we come to grief.

The best way to cure female troubles, female pains, irregularities, falling feelings, headache, backache, etc., is to help nature to do it, by taking Cardui, the natural plant extract, made from ingredients with a natural curative action on the female organs.

Mrs. H. A. Harper, of Flanagan, Ill., writes: "I suffered miserably, for a year, with bearing-down

pains, which got so bad I could hardly walk and laid in bed most of the time. I was also irregular and had the headache. Finally I began to take Cardui, and found it to do all that you recommend it for. Now I am better, don't have the headache like I used to, and am a different person." Try Cardui. Sold everywhere.
