Get the Most Money Out of Your Lands

by making them yield the biggest possible crops. Grain must get the nourishment that makes it grow out of the soil—and the more plant food there is in the soil, the quicker and bigger and more plentifully the grain will grow. But you must first put the food into the soil by liberally using

Virginia-Carolina Fertilizers

Then a big bumper crop is assured, because these fertilizers contain the necessary elements required by the soil to properly and fully mature the grain. Farmers invariably find that the more Virginia-Carolina Fertilizer they use, the bigger is the crop, and the greater their profit. Have you gotten the latest Virginia-Carolina Year Book of Almanac, the most useful and valuable book any farmer or grower can read? Get a copy from your fertilizer dealer, or write to our nearest sales office and one will be sent you free.
