## PREVENTING PAINT TROUBLES

It's easy enough to recognize the symptoms of poor paint, after it has been on awhile-after its inherent tendency to crack and peel and scale and blister, etc., has developed into trouble. You know these paint "diseases" usually indicate adulteration or substitution in the paint materials. And you know the only remedy is re-

A little knowledge of paint and painting requirements, and how to make sure of the purity and quality of materials, would prevent all trouble, and save the big extra expense of re painting; just as a proper knowledge of simple health-laws, and observance of them, prevents sickness.

A complete painting guide, including a book of color schemes, specifications for all kinds of painting work. and an instrument for detecting adulteration in paint materials, with directions for using it, can be had free by writing National Lead Co., 1902 Trinity Bldg., New York, and asking for Houseowner's Painting Outfit No. 49.

A very simple guide in the purchase of white lead (the only sure and safe paint material) is the famous "Dutch Boy Painter" trademark; that trademark is an absolute guarantee of purity and quality.

## Here and There.

The Legislature of Texas has extended a most cordial invitation to President Taft to visit the State. If, during the process of enlarging the White House, the President's quarters should be at all cramped, he will find plenty of room in Texas.-Louisville Courier-Journal.

The poor food men say that benzoate of soda is not harmful if taken in small doses. All right, just to be on the safe side we'll have a physician prescribe ours.-Philadelphia North American.

## A CURE FOR FITS.

The Treatment Is to Accomplish What Science Has Been Struggling to Attain for Centuries.

The intense interest that has been mani-The intense interest that has been manifested throughout the country by the wonderful cures that are being accomplished daily by epilepticide still continues. It is really surprising the vast number of people who have already been cured of fits and nervousness. In order that everybody may have a chance to test the medicine, large trial bottles, valuable literature, History of Epilepsy and testimonials, will be sent by mail absolutely free to all who write to the Dr. May Laboratory, 548 Pearl Street, New York City.

New York City.

The epilepticide cure is creating great public interest, as well as among Doctors, Students, Hospitals and visiting Physicians.

It's almost as difficult to live down a bad reputation as it is to live down a good one.

PHASES OF "TRADE BALANCE."

The Country's Agricultural Exports

Continue to Decline.

Washington, D. C. — Compared with last year every class of agricultural export showed decline in February. January made a similar comparison, but in January last year our foodstuffs were being rushed to Europe to pay for the gold secured there the month before to allay the panic. By February of 1908 this outrush of commodities had ended; the decrease last month, as compared with a year ago, must be due to some other cause. There were three causes visible in operation-scarcity of surplus supplies, as in the case of wheat; prices higher than Europe cared to pay, as in the case of corn and probably of wheat, and decline of actual foreign requirements, which applies to the European cotton-spinning industry, but not at all to the European wheat trade. On the basis of foreign stocks of wheat on hand March 1—which were 15,000,000 bushels below even last March, after the very short crop of 1907—Europe should now be pur-chasing wheat here on an extensive scale; instead, February's shipments from this country were little more than a fourth of those of a year ago, and smallest for the month, with two exceptions, in a decade.

Apples From the Pacific.

The only States that show's good crop are those of the northern Pa-cific Coast. These Pacific Coast ap-ples have entered into Eastern markets this year as never before, owing to the scarcity of the near-by product. Boxed apples of Oregon have seld quite freely in some of the smaller towns of New England.

\*\*\*

Drop in Eggs. Eggs were rushed forward from all sections about as fast as laid. Refrigerator stock was exhausted some time ago, so that it is next to impossible to find anything on the market but the finest fresh stock. Much larger supplies and a continued drop in prices are generally expected by dealers.

\* \* \* \*

Freeze Helps Hothouse Stuff. The moderate freeze in the South showed quite marked results in reduced shipments in some special lines. This scarcity helped hothouse vegetables to some extent. Boston gardeners were in a position to appreciate even a temporary rise. It is only in seasons when there is a hard freeze at the South that prices of hothouse stuff soar to very profitable levels. Hothouse cucumbers, Brussels sprouts, lettuce and radishes are

Some of the raiding deputies of the division have been busy lately breaking up "tussac" stills in the Edisto swamps & Aiken and Orangeburg counties, S. C. "Tussac" is the name given to a fiery liquor distilled from molasses, pine tops and Irish potatoes. "Two drinks and the world is mine," but three drinks would put enough fury into a rabbit to cause him to spit in a bull dog's face.

Many people have wondered what is the meaning of "tussac" or what its derivation. The revenue officers have no etymological dictionary, but their understanding of the word is that it is a corruption of "tussock." The stills from which are produced the drops of concentrated oil of wratch, are little larger than a coffee pot. In fact, they are portable. Knowing the vigilance o fthe "revenners," the native takes his little still in a bateau and rows out into the swamp. The outfit is set upon some convenient tussock, and when the officers get wind of the operations the moonshiners travel from tussock to tussock until they can find a hiding place for the still.

More than once samples of "tussac'' captured by dispensary constables have been sent in to be analyzed, and in each instance the apparatus has turned up its nose, turned a little pale in the face and given symptoms of nansea. A billy goat is said to have broken into the contraband room one day and after partaking of one small vial of tussae. sent in his resignation to the caneaters' union. It was gruel and milk for him thereafter. But they do say that some folks dring tussac-drink it and live.

# One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product, has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

## TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoyal of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of-Symp of Rigs and has attained to world wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural claustives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs and to get its beneficial effects always note, when purchasing, the full name of the Company - California Fig Syrup Co. plainly printed on the front of every package, whether you simply call for Syrup of Figs or by the full name - Syrup of Figs and Elixir of Senna - as - Syrup of Figs and Elixir of Senna - is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States, in original packages of one size only, the regular price of which is fifty cents per bottle. ' unantil at the and the tent med to the

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
