

A LITTLE KNOWLEDGE

Of Painting Requirements Will Save Much Expense.

When one sees the surface of a house or other building scaling, or peeling, or spotted or blistered, or showing other symptoms of paint "disease," it is evident that a poor painter has been on the job, or that poor paint was used—or possibly that a good painter has been dominated by a property-owner who knew nothing about paint.

It is an easy matter to be informed on paint and painting. A complete painting guide, including a book of color schemes, either for exterior or interior—specifications for all kinds of painting, and an instrument for detecting adulteration in paint material, with directions for using it, may be had free by writing National Lead Company, 1902 Trinity Bldg., New York City, and asking for House-owner's Painting Outfit No. 49.

Then, every houseowner should make it a point to get only well-known reliable brands in buying his materials. Pure white lead is especially important, or the paint will not prove satisfactory. The famous "Dutch Boy Painter" trademark of National Lead Company, the largest makers of pure white lead, is an absolute guarantee of the purity and quality of the white lead sold under it. That trademark is a safeguard against paint trouble.

Be just before you are generous.

AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles, causing backache, irregularities, dizziness and nervous prostration. It was impossible for me to walk upstairs without stopping on the way. I tried three different doctors and each told me something different. I received no benefit from any of them, but seemed to suffer more. The last doctor said nothing would restore my health. I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and I am restored to my natural health."—Mrs. ERRA DONOVAN, Box 399, Willimantic, Conn.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

There is quite a difference between the door-jamb and the jam that mother used to make.

STRUCK DOWN.

Worn Out and Prostrated With a Treacherous Trouble.

Mrs. Emma Shirley, Kill Buck, N. Y., says: "Under my doctor's treatment for general debility and stomach trouble I failed to improve, and had to take to my bed. I was terribly nervous; headache and dizzy spells and awful spells of pain in the back racked me. The kidney secretions were much disordered. I consulted specialists, but without relief, and sank lower and lower until given up to die. Kidney trouble was the cause all the time, and when I began using Doan's Kidney Pills I began to improve right away. In good time it was cured, and gained every bit I had lost."

TEACHER KILLED IN STREET

Miss Anna Mangano Dies on Her Way to School.

Shot by Philip Mangano, Her Father, Who Tries to Kill Himself—Refused to Explain.

New York City.—After shooting and instantly killing his daughter, Miss Anna Mangano, a teacher in public school, in 103d street, near Third avenue, as she was walking through 103d street on her way to school, Philip Mangano attempted to blow out his own brains. A man who had witnessed the murder seized him and two shots fired by Mangano went wild.

Miss Mangano, who lived at St. Cecilia's Institute for Working Girls, 1068 Lexington avenue, left shortly after 8 o'clock to go to the school. She carried her lunch, some books and a pair of slippers to wear in the classroom.

Walking down Second avenue to 103d street, she turned west toward the school. As she got opposite 164 East 103d street Mangano, who had been following her, ran up behind, pulled a revolver and shot her through the head.

When he saw that he had killed the girl Mangano fled east through 103d street, pursued by a mob that had been attracted by the shot and the screams of the teachers. He had gone but a few yards when Adolph Schwartz, who saw the shooting, hurled himself on the fugitive just as he turned his revolver on himself. Schwartz knocked Mangano's arm up, and the bullet went through the slayer's hat. A second effort to shoot himself resulted in the bullet going wide of its mark.

As he crossed Third avenue Sgt. Englund and Patrolman Gisselbrecht grabbed him. His strength was equal to theirs, and they had to club him before he would submit to arrest.

Frank Lacatira and his wife, the latter a sister of the dead girl, arrived at the station house soon after and Lacatira asked that Mangano be brought before him. As soon as Lacatira saw his father-in-law, he cried: "Mangano, you dog, you should be tortured for this; it is lucky you are under the care of the police or I should punish you myself."

Mangano refused to explain.

Shoots Father and Himself.

Jamestown, N. Y.—Lynn Holges shot and fatally wounded his father-in-law, A. P. Anderson, at the joint home of the two, at Youngsville, Pa. A few minutes later Holges placed the same revolver to his own head and put a bullet in his head.

The shooting took place in front of Mrs. Holges, who is a daughter of Anderson. An old dispute was renewed when Holges stepped up behind the aged man and, placing his revolver at his back, fired, the bullet penetrating the lung. Mrs. Holges alarmed the neighborhood with her screams. Twenty minutes later, as neighbors began to arrive at the house, Holges stepped outside the door and shot himself.

JERSEY SLAYER HANGED TWICE.

Frederick Long Found Alive When Lowered After First Suspension.

New Brunswick, N. J.—The last hanging of a murderer to take place in New Jersey occurred here and was attended by a sensational episode, which is regarded as fully justifying the change from the rope to the electric chair as the means of executing death sentence in this State.

The doomed man, Frederick Lang, condemned for the murder of his stepniece, was found to be still alive after he had hanged for eight minutes and had been lowered until his feet touched the ground. He was again raised and ten minutes later was pronounced dead.

Nearly three years have elapsed since the murder was committed. He is the last man to meet death by sentence in this manner in the State of New Jersey, as hereafter all men condemned to pay this penalty will be electrocuted.

The murder of Mary Gordon took place on April 20, 1906. Lang had proposed to the girl, who was then nineteen years old, several times, but had been rejected. She threatened to tell her stepfather if he did not stop bothering her. Lang drew his revolver and killed her.

PREACHER KILLS PREACHER.

Capitalistic Divine Fatally Shoots Complaining Minister.

Lebanon, Mo.—The Rev. M. D. Johnson, of the Free Will Baptist Church, shot and killed the Rev. Solomon Odell, of the Cumberland Presbyterian Church, following a quarrel at Russ. Johnson surrendered. He is also president of the Laclede County Telephone Company.

Subscribers, including Odell, complained of the telephone service. To adjust matters a conference was held. A quarrel developed and meeting Odell later Johnson renewed the trouble. Witnesses say Odell had an open knife in his hand when the other preacher met him, but closed it and began pulling off his coat. Johnson then drew a revolver and fired, and Odell fell, mortally wounded.

GOVERNOR LILLEY TO REST.

Secretary Goodwin, of Hartford, Conn., Issues a Statement. Hartford, Conn.—Charles A. Goodwin, executive secretary to Governor George L. Lilley, issued the following statement:

Governor Lilley, after spending yesterday in his office in Waterbury, returned to his home here suffering from nervous exhaustion and was ordered to remain in bed for a week by his attending physician, Dr. C. C. Beech, thereby to secure a complete rest."

STRANGE SUICIDES OF WOMEN

Mrs. Pierre Lorillard, Jr., Asphyxiated at Washington, D. C.

Mystery of the Death of the Brilliant Woman of Society Will Not Be Solved For the Public.

Washington, D. C.—Mrs. Pierre Lorillard, Jr., one of the most prominent figures in society in this city, New York, London and Paris, killed herself in the bathroom of her home by inhaling illuminating gas. She died in the frock she had worn to one of the smartest dinner parties of the season, in the home of Mrs. Richard Townsend. At the dinner Mrs. Lorillard seemed in high spirits, laughing and carrying on an animated conversation, yet she rode away from the place with her husband to prepare for death as soon as she was alone in her room. The body was found face down on the floor, with a spray of diamonds glittering in the hair. The fingers were covered with rings, and seed pearls lent lustre to the woman's gown.

A brief note was left by Mrs. Lorillard, but it was withheld from the public, it was said; however, the note gave no explanation of her act. It is a mystery.

The news of the suicide came as a shock to society. Mrs. Lorillard had sent out invitations to a luncheon. These were received by telegraph. The Townsend dinner was given in honor of Lady Paget, and among the other guests were Secretary of the Navy Meyer and his wife, Senator and Mrs. Aldrich, Senator and Mrs. Lodge, Senator Elihu Root, Mr. and Mrs. Robert Bacon, Lady Clifford, Colonel and Mrs. Colin Campbell, Rear-Admiral Cowles, Captain Archibald Butt, military aid to President Taft, and Count Moltke, the Danish Minister, and the Countess. Mrs. Lorillard was one of the most popular women in Washington. She was forty-nine years old and had spent the winters here for many years.

Mrs. Culbertson Committed Suicide.

Vincennes, Ind.—Mrs. Jessie Lee Overton Culbertson, the bride of three months, was not murdered. She killed herself after arranging a hysterically dramatic situation to throw the murder on another woman.

The police discovered a letter which proved beyond a doubt that Mrs. Culbertson, the victim of acid, wrote the threatening letters which she had asserted were left in the windows of her home. This letter was written to Mr. Culbertson a short time before their marriage and was dated Bridgeport.

When the writing was compared with that of the threatening letters it matched to a dot. Upon closer examination it was found that the water mark in the paper upon which all the letters were written was the same and that the envelopes were of the same make.

A search of Mrs. Culbertson's room revealed the cause of a mysterious light flash that had been seen by Mr. and Mrs. Joshua Brazelton, parents of the dead woman's husband.

The cause was a small electric flash light, and it had been hidden in the room. In the past week this light had often been seen in the house and had gone a long way toward causing Mr. and Mrs. Brazelton to believe that efforts were being made to scare the young woman to death. Mrs. Culbertson would often report to them in the evening that she would see the strange light and said she knew those persons who were trying to kill her were responsible for it.

THREE LIVES LOST IN FIRE.

Alarm Given by Dog Probably Saved Many Lives at Canadian Hotel.

Cornwall, Ontario.—The Windsor Hotel was destroyed by fire. Three persons were burned to death, and two so badly injured they were removed to the hospital. The damage to the building amounts to \$25,000.

The fire occurred at 1 o'clock at night, and most of the occupants of the building, of whom there were thirty-two, escaped in their night clothes. The alarm was first given by a small dog belonging to a boarder, whose barking aroused the sleeping guests and probably saved several lives.

FOR BRAKEMAN'S LIFE.

White Plains Jury Awards Verdict Against the New Haven Road.

White Plains, N. Y.—A jury in Part I. of the Supreme Court gave Mrs. Rhoda Fulks \$12,000 for the death of her husband, a brakeman on the New Haven Road. Mrs. Fulks sued the road for \$100,000 damages for the death of Fulks on July 7, 1908, at Mount Vernon.

It was charged that while a train was being backed on a switch the engineer applied the airbrakes, which brought the train to a sudden stop, and Fulks was thrown to the roadbed. His skull was fractured and he died in a short time.

Mining Engineer Kills Promoter.

Leon H. Brady, a mining engineer, shot and killed Joseph Flanagan, a mining promoter, at Kansas City, Mo. The shooting took place in the Brady home. Flanagan's home is in Cleveland, Ohio, where his family lives. Brady, when arrested, told the police that Flanagan attacked Mrs. Brady in the hall of their home.

BULKY FOOD FOR HENS.

The bulky meal, cut fodder, clover shatterings, and vegetables, can be profitably given at noon, and enough of this should be given to completely satisfy the hens. Never but they will be hungry for their grain supper. The coarse bulky feed is the cheapest ration one can give the hens, so it would seem they would never want for it, but it is more bother, and too many expect to receive the profit from the eggs, without the bother of adding the hens to produce the eggs.—Indiana Farmer.

\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR

Regular Price \$8.50 per pair. To Introduce We Will Sell You a Sample Pair for Only \$4.80 (CASH WITH ORDER \$4.85) NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two-Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year. DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture-resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Bulging Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for avertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Shampon metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

QUASTER-DRAKES, built-up-wheels, saddles, pedals, parts and repairs, and prices charged by dealers and repair men. Everything in the bicycle line are sold by us at half the usual prices. Write for our big SUNDAY catalogue. DO NOT WAIT to write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write: NEAL CYCLE COMPANY, Dept. "J. L." CHICAGO, ILL.
