\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR

Regular Price \$8.50 per pair. To introduce we will sell you a Sample Pair for Only (CASH WITH ORDER \$4.85) NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Twenty-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined with a special quality of rubber, which never becomes porous and which closes up small puncture without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all air loss. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send FULL CASH WITH ORDER, and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sumpson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well satisfied that when you find a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDAY catalogue.

DO NOT WAIT to write us. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you have seen our wonderful offers we are making. It only costs a postal to learn everything. Write us now.

UNIQUE PLEASURE TRIP.
Charlotte Observer and Chronicle to Operate Pullman Excursion Over New Railroad.

A unique excursion to be operated by the Observer Company of Charlotte, over the new Carolina, Clinchfield and Ohio railroad through the mountains of North Carolina and Tennessee and into the heart of the Clinchfield coal fields in Virginia. The train, made up of solid Pullman sleepers and dining cars, will leave Charlotte on the morning of July 15 for Danville, going by way of Johnson City, Tenn., and will be gone for 3 days, covering a total distance of 374 miles.

The trip will carry the excursionists through some of the most beautiful natural scenery in America and over a new railroad that has been built at a greater cost per mile than any other road in the country. The fare for the round trip including pullman, sleeper and meals for the entire trip is only \$16, which is less than the straight passenger fare alone on regular trains over the route.

To give those who desire to earn a free trip, the Observer offers a trip free for securing new subscribers to either of their publications: Yearly for The Daily Observer, July 15 for The Daily Chronicle, and 64 yearly for The Semi-Weekly Observer.

This is The Observer Co.'s enterprise and the first of the kind ever handled from this part of the country. The trip will be high class in every way and will be personally conducted by The Observer's representative. Stops will be made along the route, thus giving those on the train an opportunity to see this interesting country, which they could not see on a regular train.

HANDS RAW AND SCALY.
