One Of The Results

of liberally using our fertilizers, is to pay off a mortgage on the old farm. Road the following from Messrs. W. Henry & Son, owners of the Magnolia Fruit Farm, Durant, Miss. "We made \$800 from one acre strawberries, on which your fertilizers were used. Eight years ago we bought this place at \$20 per acre. It was then considered to have been worn out twenty years before, but by liberally using

Virginia-Carolina Fertilizers under peas and velvet beans, we can now grow almost anything, and have been offered \$250 per acre for the place. We experimented with a great many brands of fertilizers, but had the highest per-cent cheaper." Now don't you think Virginia-Carolina fertilizers would enable you to pay off a mortgage if you had one? Well, don't use any other. Virginia-Carolina Chemical Co.
